VICTORIA BC 

# Territorial Acknowledgement

Camosun College campuses are located on the traditional territories of the Lkwungen and WSÁNEĆ peoples. We acknowledge their welcome and graciousness to the students who seek knowledge here.

## THE KEEPERS OF KNOWLEDGE

The logo for the Centre for Indigenous Education & Community Connections was designed by the late Ditidaht artist, Tsa Qwa Supp (Art Thompson). The two wolves represent members of a governing traditional system called Tl'uu Kwala. This system is practiced within the Nuuchah-nulth Nation. Certain members of this system are keepers of knowledge. This logo represents a male and a female keeper of knowledge.

## THE GATHERING PLACE

Resembling a huge cedar hat and perched on top of the slope overlooking Lansdowne Road, the Gathering Place – Na'tsa'maht – was built as a culturally welcoming space.

# Applied Learning

At Camosun College, we strongly believe in “learning by doing”. Through small class sizes, interactive labs, and project-based learning, we simulate the real-world work experience in the classroom and facilitate the development of hands-on skills that employers value. We develop and refine our curriculum through our connections with industry, government, community and the non-profit sector: this helps to ensure that our learning outcomes match the needs of the job market, and that our students are prepared to succeed in the workplace.

SCHOOL OF ARTS & SCIENCE

I'm from Japan and am taking the University Transfer program. I plan to complete my degree at the University of Victoria. I chose Camosun College because it has an incredibly strong connection with UVIC and offers seamless transfer opportunities. University Transfer allows me to study in smaller classes, prepare for university, have easier access to instructors in a friendly atmosphere, and study at a more affordable cost.

Camosun College has given me the opportunity to meet many people from different backgrounds: international students from Asia, Latin America, Europe, and the Middle East, and domestic students who are in their 20s, 30s and 40s. Camosun College is full of people who have a passion to learn, no matter how old they are, no matter where they are from, no matter who they are.

My experience at Camosun has changed my idea of school and learning.

# Arts & Science

Camosun's School of Arts and Science offers you the flexibility to take courses from different subject areas or concentrate on a specific field of study. Whether you want to obtain hands-on career training or transfer to university, our faculty strive to create a learning environment that is committed to student success and instructional excellence.

I'm from Mexico and am studying the Bachelor in Business Administration program at Camosun. Back in 2013, when I was just 15 years old, I made the decision to study abroad and have never regretted it since. The friends I made and the adventures we had gave me joy, made me laugh and created memories that I will keep forever. Most importantly, I fell in love with Victoria. Life here is different from what I was used to, but that helped me grow, build character, and made me the person I am today. As the school year went by, it was time to say goodbye to the people, memories, places and my life here.

Friends I met in high school started attending Camosun College and told me how practical the learning experience was there. I made the decision to apply. It wasn't a hard transition from my high school in Mexico to Camosun College, perhaps it felt like the first time I arrived in Victoria. I am currently studying business at Camosun College because I have always been interested in entrepreneurial leadership and wanted to make a living out of it. Life at Camosun is also more than studying, but having fun and meeting new people. Since I arrived, I have been part of "Peer Connections": a group of students that gets together once a week to discuss, implement, and create awareness about today's world problems, as well as volunteer in the community.

Since I've been here I have learned a lot of what I will need to achieve my future goals, thanks to the amazing instructors I have had the honour to learn from.

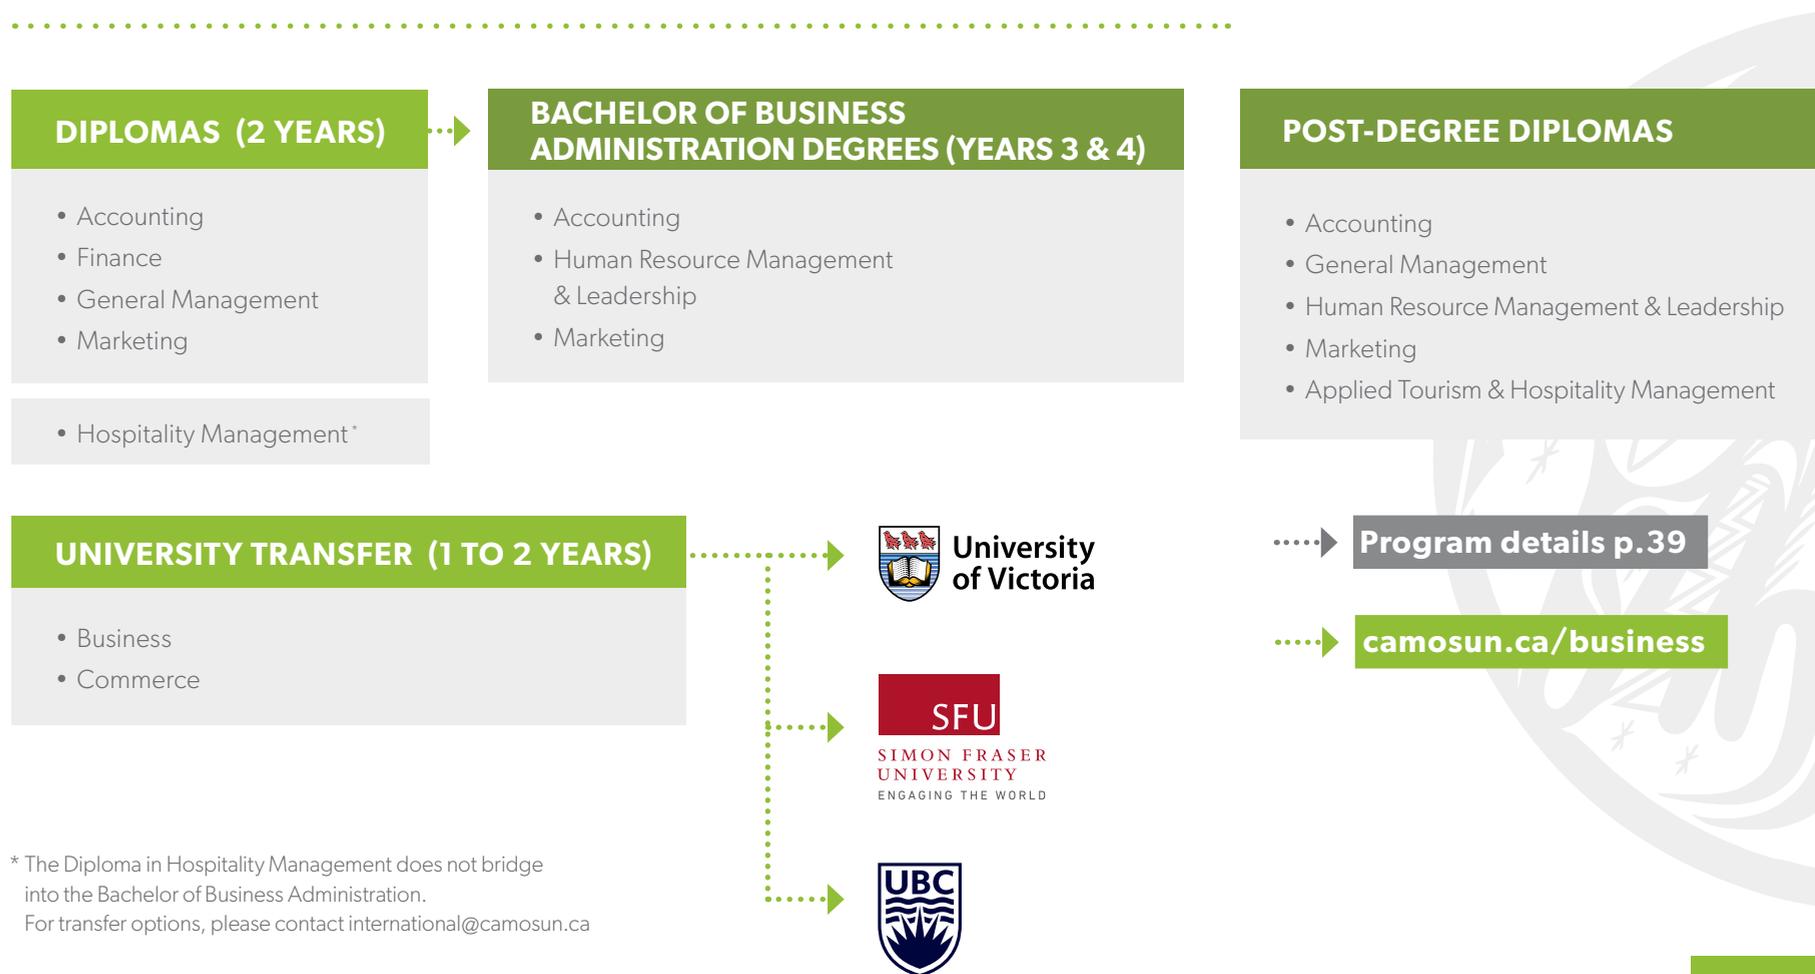

One thing is for sure: over the past two years, I have been part of the Camosun College family, I've grown a lot academically, and I've made great friends of all ages from around the world, both inside and outside the College.

# Business

The School of Business at Camosun provides you with the knowledge, skills, and values necessary to be successful in a changing business world. Our applied programs combine the practical and theoretical applications of business, which has led to over 90% of graduates finding work in fields related to their area of study.

\* The Diploma in Hospitality Management does not bridge into the Bachelor of Business Administration. For transfer options, please contact [international@camosun.ca](mailto:international@camosun.ca)

**YEON SU LIM** South Korea  
SCHOOL OF TRADES & TECHNOLOGY

I'm from South Korea and studying Information and Computer Systems. As an international student at Camosun College, I feel really supported by the international staff and my instructors. In my first semester, I was having a hard time figuring out how to study in English and how to get information about registering for classes and applying for jobs, but I always received the support and assistance I needed. And now, I'm a Student Coordinator helping new students stay safe in Victoria and enjoy their time at Camosun College.

# Engineering & Technology

With over 900 technology companies in the Victoria area, and the city undergoing a major infrastructure renewal and expansion, graduates of our computer and engineering technology programs are in high demand. Camosun offers an Engineering Bridge program, which allows our engineering diploma graduates direct entry to third year at the University of British Columbia (UBC) or the University of Victoria (UVic) to complete a bachelor's degree in Engineering or Applied Science.

**IRYNA KOCHAN** Ukraine  
SCHOOL OF HEALTH & HUMAN SERVICES

Iryna studied in the Diploma in Practical Nursing (PN) program at Camosun. The reason she chose this program was to have a challenging and rewarding career in nursing, which will help her to make a difference in people's lives. Iryna enjoyed her time at Camosun and the combination of theoretical and practical training incorporated into the program. Her outstanding academic performance earned her a Camosun International Award. Iryna is inspired to continue to expand her knowledge and skills as a nurse practitioner, helping her to enhance the quality of her care.

# Health & Human Services

The School of Health and Human Services at Camosun is dedicated to preparing you for a career in health care, outreach, and community engagement.

Each program strengthens your abilities in team building, leadership, communications, and collaboration and includes a practicum component where you develop clinical and service skills.

I'm from Japan and came here as an exchange student from Morioka University last year. I am currently taking English Language Development to prepare for my academic program: Exercise and Wellness. I am also a member of the volleyball team at Camosun, and I had the great opportunity to compete with other colleges in B.C. last year. It was not easy to play volleyball as a Japanese speaker, since English is not my first language. However, my wonderful teammates and coaches always support me. I am so excited to start another year of college, and create more memories in Canada!

# Sport & Exercise Education

Camosun's Centre for Sport and Exercise Education delivers innovative programs that combine sport, fitness, wellness and rehabilitation, with management, science, and leadership. This centre is home to Camosun's sports teams, the Chargers, an Athletic and Exercise Therapy Clinic, the Canadian Olympic and Paralympic Sport Centre, and the Pacific Institute for Sport Excellence.

# University Transfer

The province of British Columbia has established the BC Transfer Guide, which allows students to transition from one post-secondary institution to another. You can study one to two years at Camosun and transfer your credits to a university to finish your bachelor's degree. It is also possible to transfer to universities in other provinces across Canada.

University Transfer (UT) allows you to start your bachelor's degree at Camosun and transition seamlessly to internationally renowned universities and programs.

You will receive one-on-one academic advising support to choose your courses, develop your personal learning plan, and transition to the university of your choice.

Start at Camosun and complete your bachelor's degree in four years!

## WE OFFER:

- » Over 100 WIL-related events on and off campus, including career fairs, workshops on effective networking strategies, personal branding, and other important topics
- » Mandatory Workplace Education Prep (WEP) or Career Development (CDEV) course, where we support students to develop cover letters and resumes according to local job market expectations, provide interview training, strategic networking, and offer job search support (2 hours x 7 weeks)
- » A dedicated International Employment Facilitator available to support international students
- » A Career Job Board with extensive employment opportunities for our students
- » A well-developed network of local industry contacts

## WIL EXPERIENCES:

**CO-OP** — Alternate between full-time studies and full-time paid work with one or more employers. You will need to complete at least two work terms (minimum 420 hours each) to graduate with a “**Co-op Education**” designation.

**INTERNSHIP** — A full-time or part-time work term, which may be paid or unpaid. You will need to complete at least one work term (minimum 300 hours) to graduate with an “**Internship**” designation.

**PRACTICUM** — Observe working professionals on the job and practice the skills you have learned in class. You will need to complete a specific number of supervised practice hours per week (unpaid) to fulfill the practicum requirements for your program.

**STRATEGIC VOLUNTEERING** — Engage with the local community in a meaningful way, contributing your time and energies to a worthy cause, while enhancing your knowledge and skills, and expanding your network.

**EMILY ZHAO** China  
ENGLISH LANGUAGE DEVELOPMENT

I'm from China and am studying University Transfer at Camosun. I chose Camosun College because of the broad course selection and multicultural environment. Before I entered my academic program, I took four terms of English Language Development (ELD). I appreciated the ability of the ELD instructors to connect with international students and help us develop our language skills. I also enjoy participating in Peer Connections, where I've had many meaningful volunteer experiences, made great friends, and have learned so much!

# ESL & Academic Upgrading

If you do not meet the English, Biology, Chemistry, Math or Physics requirement for direct entry to the program of your choice, you can meet this requirement through our on-campus ESL & Academic Upgrading program. Depending on your level, you will be placed in the appropriate ESL or academic upgrading course, to work towards attaining the direct entry requirement. In specific cases, you may take up to three academic courses along with your ESL or Academic Upgrading courses. If you are unsure about your level, please contact us regarding on-shore and off-shore Camosun assessments.

# Housing

International students at Camosun have the option of living in a homestay or on their own. Our Housing Coordinator can help you explore each option and ensure your accommodation in Victoria is safe and comfortable.

- **Homestay with food** — You are provided with a private bedroom (including furniture and basic household necessities) in the home of a local host family. You share common spaces in the family home (bathrooms, living rooms, kitchen). The host family buys the food and cooks dinner and you prepare your own breakfast and lunch.
- **Homestay without food** — You are provided with a private bedroom (including furniture and basic household necessities) in the home of a local host family. You share common spaces in the family home (bathrooms, living rooms, kitchen). You buy and cook your own food using the shared kitchen.
- **Living on your own** — You find and rent an apartment or house, with other students or on your own. You are responsible for all living expenses and start-up costs (furniture, cookware, bedding).
