Joy Kwon,  
Business Development Manager  
Seneca International

Joy works as an International Student Recruiter for the South Korean market. She joined the International Department in 1998 while still studying at Seneca. She currently develops the marketing strategy for the South Korean, Thailand and Malaysian market, attends educational fairs, helps students with their inquiries, visits South Korean universities & colleges, and corresponds with agencies and host delegations. Joy promotes Seneca's programs to students/parents in South Korea, as well as Seneca's career training and development process. Joy also enjoys helping students to adapt to their new life in Canada, and guides them towards pursuing the skills they need for their career goals.

Joy studied in the Hospitality Management and Liberal Arts diploma program at Seneca and then transferred to Brock University. She began working at Seneca as a volunteer, and she always encourages her students to get involved in on/off campus activities while building relationships with staff and faculty members. She attributes her success to Seneca's career oriented programs and the kindness of the International student staff who have always encouraged her.

## Manage your Finances

### Awards, Scholarships and Bursaries

Each year, Seneca offers millions of dollars in scholarships, bursaries and other awards based on both academic achievement and financial need. Their values range from \$50 to \$5,000.

Scholarships are awarded based on academic achievement, while bursaries are awarded for financial need. Some awards are open to all students while other awards are offered only to students in specific programs.

Seneca has a convenient online application where you can apply for our entrance awards and bursaries. It's a good idea to apply early for Seneca awards so you have the most up-to-date financial information when you confirm your program of study. Example is below:

#### **Seneca Renewable Entrance Scholarship of Merit: Award Description**

Available to [full-time international students](#) who are entering into a diploma or graduate certificate program. There are a limited number of awards and selection is made by the Seneca Awards Committee based on academic standing coming into the program. The renewable portion is based on yearly GPA and you must maintain full-time status to be eligible. If your GPA drops below 3.0 you will no longer be eligible for the award.

- 3.0 GPA+ — \$500 per year
- 3.3 GPA+ — \$750 per year
- 3.6 GPA+ — \$1,000 per year
