# Specialist university preparation

The first step to joining New Zealand's top-ranked university

Prepare for the University of Auckland with the Foundation Studies Certificate programme.

The Foundation Studies Certificate programme, owned by the University of Auckland and delivered by Taylors College in Auckland, is a comprehensive university preparation programme tailored to international students. Once enrolled in the Foundation Studies Certificate programme, you will officially become a student of the University of Auckland and enjoy full access to all University facilities and learning centres and services, as well as student clubs and societies.

## Taught at Taylors College

The Foundation Studies Certificate programme is delivered and taught by Taylors College Auckland teachers and staff. During your studies, you will receive specialist support from Taylors College Auckland to prepare you for your undergraduate degree at the University of Auckland. Alongside learning academic subjects, you will be supported to build your study skills, improve your English language and receive specialist career skills support.

## Progression to the University of Auckland

Once you successfully complete the Foundation Studies Certificate programme and meet the entry requirements of your chosen undergraduate degree, you can begin your degree studies at the University of Auckland. Your Certificate will also be recognised by all other New Zealand universities, as long as you meet the university entry requirements.

The Foundation Studies Certificate is owned by the University of Auckland and delivered by Study Group NZ Limited trading as Taylors College on behalf of the University of Auckland.

# Welcome to New Zealand

New Zealand, also known as Aotearoa in Māori, is a multicultural and peaceful country with beautiful scenery. More than just landscapes, New Zealand is also home to inquiring minds and innovative industries that are looking to the future.

An exciting place to live and learn.

#### Explore the great outdoors

New Zealand is the perfect location for people who love the outdoors. Hiking, camping, mountain biking, snowboarding, snorkelling, horse trekking, kayaking, swimming and surfing are all popular outdoor activities in our wonderful country.

#### Discover incredible scenery

In New Zealand, you can experience a wide variety of epic landscapes in one day. Breathtaking glaciers, beautiful fjords, rugged mountains, hills, forests, volcanoes, miles of coastline with gorgeous sandy beaches – you can discover it all!

#### Embracing all cultures

New Zealand values indigenous culture and is respectful of all people and their communities. The whole country embraces the welcoming essence of Māori society, 'Manaakitanga', to take care of everyone and value their identity. As a student here you will feel welcomed from the moment you arrive.

#### Forward-thinking society

A culture that looks to the future, New Zealand cares for people and planet. Education, lifestyle and innovative industries all embrace this mentality. Degrees encourage critical thinking and research skills, and after you graduate you can apply for a three-year open work visa.

# Experience Auckland

Auckland is New Zealand's largest and most cosmopolitan city. It offers the perfect balance between city life and outdoor adventures.

Feel welcome in this multicultural city with great food, shopping, parks and entertainment.

## One of the world's most liveable cities

A city set between two harbours and surrounded by beaches, it's no wonder it's been voted the world's third best city to live in (Mercer Quality of Living Survey 2019). People are friendly and welcoming and it won't take long before you feel part of this multicultural city. There are many exciting activities for you to experience when you are taking a break from your studies.

- Go shopping in one of the many shopping precincts
- Enjoy delicious food at the city's many restaurants and cafés
- Visit the Sky Tower's spectacular viewing platforms
- See Māori cultural performances in the Auckland Museum
- Go to Auckland Zoo

## Mix city life with outdoor activities

Auckland is also close to beautiful beaches, wildlife sanctuaries, hiking trails and islands, offering great opportunities for you to immerse yourself in nature.

## An economic hub

Auckland is the largest city in New Zealand, located in the North Island. Home to a growing number of multinational companies and exciting industries, the city has become an economic hub. Whether you're interested in internships, working during your studies or starting your career here after graduation, Auckland has a world of opportunities.

Adventure up the Sky Tower

28 beaches and 800 parks and reserves

# Why choose the Foundation Studies Certificate programme?

## Your pathway to a top 100 university

University of Auckland's Foundation Studies Certificate programme provides entry to undergraduate degree study at one of the world's top universities. When you successfully complete the programme, you will go on to study at the University of Auckland, provided you meet the entry requirements for your intended degree programme.

## Access the University from day one

From your first day as a Foundation Studies Certificate programme student, you will be a recognised student of the University of Auckland. You will have access to all the University's facilities, clubs and societies, as well as those at Taylors College Auckland.

## Welcoming and inclusive

Studying this programme at Taylors College, you will join a community of welcoming staff and students from all over the world. There will be plenty of activities and social events to help you settle into life in New Zealand and make new friends.

## Support to help you succeed

Taylors College Auckland provides a dynamic and interactive learning environment to inspire you to learn. Benefit from specialist support and high-quality teaching from staff that are experienced in preparing international students for university.

# The University of Auckland

Globally-renowned for academic excellence

Welcome to the University of Auckland, a world top 100 university with a strong reputation for academic excellence. Established in 1883, the University is a global leader for research and ranked first in the world for its strong commitment to sustainability and making a positive social impact (THE Impact Rankings).

Situated in the heart of New Zealand's largest city, the University is an international centre of learning and prides itself on giving students an exciting and truly international experience.

## Leading international research and innovation

Degrees at the University of Auckland are globally recognised, with 13 subjects ranked in the top 50 in the world in the QS World University Rankings by Subject 2019. Graduates of the University of Auckland occupy leading positions in business, law, medicine, politics, arts, engineering and other professions within New Zealand and around the world.

The University of Auckland is the only university in New Zealand to be a member of Universitas 21, the Worldwide Universities Network (WUN) and the Association of Pacific Rim Universities, all prestigious international groups of research-led universities.

## Creating the innovators of tomorrow

Graduates of the University of Auckland are among the most employable in New Zealand. The University is ranked first in New Zealand and 59 in the world for graduate employability (QS Graduate Employability Rankings 2020). The University inspires students to excel by giving them a stimulating environment that supports and challenges them in their field.

During your studies, you can get creative at the Unleash Space, an innovation and entrepreneurship hub where you can develop ideas, invent, prototype, test, collaborate and learn in a welcoming and supportive environment. You can also join Velocity, an entrepreneurial development programme led by students, and supported by the Centre for Innovation and Entrepreneurship at the University's Business School. Velocity is the leading entrepreneurial programme in New Zealand and designed to inspire the next generation of entrepreneurs.

## A great student experience

The University of Auckland has over 44,000 students, more than 8,800 of which are international students from 120 different countries worldwide. This diversity of perspectives and cultures enriches the University community.

While studying your Foundation Studies Certificate programme at Taylors College Auckland, you're a part of the community at the University of Auckland from the day you arrive. There are over 200 clubs and societies, sports teams and tournaments, and a wide range of personal support and development programmes all available on campus.

## Five campuses, eight faculties

The University's faculties are located over five campuses in Auckland, with most students attending the central City Campus. The eight faculties are Arts, Business, Creative Arts and Industries (includes Architecture, Dance Studies, Fine Arts, Music and Urban Planning), Education and Social Work, Engineering, Law, Medical and Health Sciences, and Science.

## Quality assurance

The University of Auckland was last audited in 2014 (Cycle 5) by the Academic Quality Agency, the body with responsibility through Universities New Zealand for quality assurance of New Zealand universities. The University will undergo academic audit (Cycle 6) in 2021. Details are available on the University of Auckland website at [auckland.ac.nz/en/staff/learning-and-teaching/strategy-plans-quality-assurance/academic-audit.html](http://auckland.ac.nz/en/staff/learning-and-teaching/strategy-plans-quality-assurance/academic-audit.html)

Top 100 for 33 subjects, of which 13 are ranked in the top 50 (QS World University Rankings by Subject 2019)

A world top 100 university (QS World University Rankings 2020)

More than 200 clubs and societies on campus

Ranked 59<sup>th</sup> worldwide for employability (QS Graduate Employability Rankings 2020)

# Taylor's College Auckland

Enjoy state-of-the-art facilities on the Taylor's College campus

While you study the Foundation Studies Certificate programme, you will be taught at Taylor's College Auckland, which provides state-of-the-art learning facilities and a high quality learning experience.

## Central location

Auckland's harbour setting, magnificent beaches and green parks make it a great place to study. The Taylor's College campus is located in the heart of the city, close to the public library, cinemas, shops, restaurants and everything you need for a great life in the city.

## Transport

The campus is easily accessible by car, bus, train or on foot. It is also served by the public transport network; more information can be found at [at.govt.nz/bus-train-ferry](http://at.govt.nz/bus-train-ferry)

## State-of-the-art facilities

The excellent facilities on Taylor's College Auckland's well-equipped campus enable you to achieve your best while you are studying there:

- Art and design studio
- Computer laboratories
- Science laboratories
- Interactive whiteboards
- Library
- Common room with a piano
- Pool table
- Health Centre
- Wi-Fi Internet access, and more.

## Staffing

When you study at Taylor's College Auckland you'll be supported by experienced, welcoming staff from the moment you arrive. More information about the staff and teachers can be found at [taylorsauckland.ac.nz/about-taylor's-college-auckland/meet-the-teachers](http://taylorsauckland.ac.nz/about-taylor's-college-auckland/meet-the-teachers)

## Assessment

Students are assessed on the basis of coursework and exams (except for Art, which is 100% coursework). Teachers at Taylor's College Auckland will support you to prepare for these and give feedback on your results.

## Student activity programme

Taylor's College Auckland offers a range of extra-curricular activities such as sports days, weekend trips, and partaking in local awareness / cultural weeks. You will also be able to participate in a programme called Volunteer Enterprise which enables students to take part in planning and running fundraising events and activities. Getting involved in social events and activities is a great opportunity to have fun, meet new friends and make the most of your time in New Zealand.

## Access to University facilities

Students studying the Foundation Studies Certificate programme are students of the University of Auckland and will have full access to all University facilities, amenities, learning services, clubs and societies. The main University campus is conveniently located a 15 minute walk from Taylor's College Auckland.

## Quality assurance

Taylor's College excelled in the NZQA (New Zealand Qualifications Authority) External Evaluation with Highly Confident in educational performance and Highly Confident in capability in self-assessment. This is the highest ranking that schools can gain and demonstrates the high standard of teaching, success rates and professionalism of Taylor's College Auckland.

# Programme information

University of Auckland's Foundation Studies Certificate programme develops your academic and English language skills as an international student. Upon successful completion of the programme, you will be eligible to start your degree studies at the University of Auckland.

## Foundation Studies Certificate – (standard length)

- Geography
- Information Technology
- Mathematics with Calculus
- Mathematics with Statistics
- Physics

### Facts

**Minimum age:** 16

**Intakes:** January, July and August

**Programme length:** 3-4 terms (46/47/42 weeks depending on intake date)

**English language requirement:** IELTS score of 5.0 (no band less than 4.5) or approved equivalent

## Foundation Studies Certificate – (intensive length)

Designed for students who have higher English and academic grades. You cover the same material as you would studying the standard programme length, but in a shorter timeframe.

### What will you study?

English for Academic Purposes and a choice of four elective subjects:

- Accounting
- Biology
- Chemistry
- Classical Studies
- Economics
- Geography
- Information Technology
- Mathematics with Calculus
- Mathematics with Statistics
- Physics

### Facts

**Minimum age:** 16

**Intakes:** April and October

**Programme length:** 3 terms (33/35 weeks)

**English language requirement:** IELTS score of 5.5 (no band less than 5.0) or approved equivalent.

## Qualification title: Foundation Studies Certificate (Level 3)

This course, developed by the University of Auckland, is delivered by Study Group NZ Limited trading as Taylors College.

## Qualification title: Foundation Studies Certificate (Level 3)

This course, developed by the University of Auckland, is delivered by Study Group NZ Limited trading as Taylors College.

\* Art is offered for January and July intakes only. Studio space is limited and a place in Art is not guaranteed. Priority will be given to students who intend to apply for a Bachelor of Fine Arts, Bachelor of Design, Bachelor of Architecture or another similar discipline. If you wish to enrol in this subject, please check availability when you apply for this programme and subject.

“I love the university. I love the learning environment and the lecturers are so helpful. They are willing to assist you. I have learned how to be independent; Taylors College in particular helped with that. The teachers don't just teach us subjects, they also advise us on the best courses to take at university.”

Chassya from Indonesia

Studied the Auckland Foundation Year (now replaced by the University of Auckland's Foundation Studies Certificate)

Now studying Bachelor of Commerce (Information Systems) at the University of Auckland

# What subjects will you study?

During the Foundation Studies Certificate programme you will study a range of subjects to prepare you for the challenges of degree-level study.

You will study English for Academic Purposes and a choice of four elective subjects.

## English for Academic Purposes

This subject aims to develop students' confidence and competency in understanding, speaking, reading and writing English. Attention is paid to all areas of study, including accuracy of grammatical structure, spelling, punctuation and word use.

### Topics include:

- Listening (in small groups, classroom situations and lectures, showing understanding through listening exercises)
- Speaking (one-to-one and small group discussions, formal presentations)
- Reading (note-taking, extended reading, study of a range of newspaper and magazine articles, showing understanding through formally-assessed comprehension exercises)
- Writing (practice of different styles, paragraph and note-form summaries, preparation of research reports)

## Accounting

An introduction to accounting methods and concepts.

### Topics include:

- Cash and accrual accounting
- Budgeting
- Cash flow
- Depreciation
- Assessment of performance
- Accounting systems
- Job costing
- Cost-volume-profit analysis
- Financial statements for sole traders and companies

## Art

Students gain practical knowledge of visual arts and understanding of arts in context, develop ideas through observation, and learn to analyse, interpret and evaluate images.

**Please note:** Studio space for students who wish to take Art is restricted and a place in this subject is not guaranteed. Priority will be given to students who intend to apply for a Bachelor of Fine Arts, Bachelor of Architecture, Bachelor of Design or another discipline in design. Art is not offered as part of the April, August or October intakes. Offered in January and July only.

## Biology

This subject aims to develop an understanding of Biology with the ability to communicate facts logically and effectively, design and perform a range of experiments, develop skills in critical analysis, and apply biological knowledge and understanding to the solution of problems. It also aims to foster respect for intellectual honesty in acquiring, presenting and interpreting evidence.

### Topics include:

- Structure and function of the cell
- Responses of plants and animals to biotic and abiotic factors
- Genetics
- Evolution – primates and hominids

## Chemistry

This practical course provides students with the basis to study science-related courses at university, the knowledge and confidence to test their ideas experimentally, the ability to make informed and responsible decisions, and an enjoyment of science.

### Topics include:

- Atomic theory
- Chemical bonding and the shapes of molecules
- Chemistry of metal hydroxides, halogens, selected ions
- Analysis of laboratory solutions and commercial products
- Energy involved in physical and chemical changes
- Aqueous chemistry
- Oxidation-reduction and applications
- Organic chemistry; spectroscopic identification of organic compounds

## Classical Studies

An introduction to the history, literature, art, architecture and politics of ancient Greece (600-400 BC) and Rome (753 BC-14 AD). This subject will teach skills that are vital in any degree at university level, including critical thinking, analysis and writing constructive and balanced essays in English.

### Topics include:

- Greek myths and the gods
- Athenian social life
- Athenian art and architecture
- Athenian democracy
- Rome and the rise of the Emperor Augustus
- Roman architecture
- Greek drama: Medea

## Economics

This subject provides students with an understanding of a wide spectrum of economic issues: basic economic concepts and principles, policy options available for government and the probable consequences of economic decisions.

### Topics include:

- Relative scarcity and production possibilities
- Demand, supply and the market
- Market structures including monopoly
- Externalities, public goods and government intervention
- Equity and efficiency
- The financial markets
- Aggregate demand and supply and the macroeconomic economy

## Geography

Geography is the study of the natural and cultural worlds, and is increasingly relevant in contemporary society as we grapple with the future impacts of climate change, pollution and overpopulation. Students of Geography will study the formation of natural features in the environment, as well as studying cultural processes such as the growth and development of cities. They will also study the impact of humans on the natural environment.

### Topics include:

- Physical Geography:**
  - Coastal processes
  - River processes
  - Geological processes
  - Natural hazards
- Human Geography:**
  - Urban settlements
  - Sustainability
  - Climate change

## Information Technology

This subject provides students with a wide knowledge of computer technology, common application software, programming, word processing, spreadsheets and databases.

### Topics include:

- Computer hardware
- Computer software
- Operating systems
- Application software for business
- Problem solving techniques used for programming

## Mathematics with Statistics

A prerequisite for many university courses, this subject provides students with a broad range of mathematical knowledge and skills.

### Topics include:

- Algebra and graphing of functions
- Exponentials and logarithms
- Correlation and regression
- Probability and set theory
- Random variables and their distributions
- Time series
- Linear programming
- Mathematical modelling
- Binomial, poisson and normal distributions

## Mathematics with Calculus

This subject provides students with a solid foundation for subjects at university that require a prior knowledge of Mathematics with Calculus.

### Topics include:

- Calculus
- Algebra
- Trigonometry
- Geometry

## Physics

Students will develop theoretical knowledge, problem solving skills and experimental techniques.

### Topics include:

- Light
- Waves
- Kinematics
- Mechanics
- Electricity and magnetism
- Atomic and nuclear physics

New Zealand is ranked the #1 English speaking country for teaching environment (Economics Intelligence Unit 2019)

Foundation Studies Certificate.)

# Progress to the University of Auckland

## Entry requirements and assessment

### Become a student of the University of Auckland

With successful completion of the Foundation Studies Certificate programme, and upon meeting the University entry requirements, you will go on to study your chosen undergraduate degree at the University of Auckland.

### Assistance with selecting your course

The Academic Director at Taylors College Auckland will assist you to select the course that best meets your career aims. You will also have the opportunity to visit the University campus for a day of lectures, tours and talks. This will give you an insight into your degree options, and will introduce you to university life.

### Assessment for university entry

Entry to an undergraduate degree at the University of Auckland is based on the following requirements:

- 1 Meeting the minimum overall grade point average (GPA) for the undergraduate degree
- 2 Meeting the minimum overall English mark for the specific course (minimum 70%\*)
- 3 Successful completion of the compulsory subjects as specified for the relevant undergraduate degree programme
- 4 Meeting any additional requirements prescribed by the University.

For more information visit [taylorsauckland.ac.nz](http://taylorsauckland.ac.nz)

If you don't meet the requirements for your selected course at the University of Auckland, you may use the Foundation Studies Certificate to apply for other universities in New Zealand, including AUT University and Massey University in Auckland.

\*Students who do not enter the University with an IELTS 6.5 overall with no band below 6.0 (or equivalent), or English minimum score of 75%, will be required to study and pass an academic English language course during their first year of study. This course will be included as part of the Bachelor programme of study.

English (EAP) is English for Academic Purposes

Age restriction: Students must be 17 years old to be eligible for entry.

<sup>1</sup> GPA includes all subjects taken.

<sup>2</sup> Faculties with programmes that specify "Selection" may have additional requirements such as a portfolio or interview and reserve the right to deny places to students who achieve the GPA score and English language requirements stated in this table for that programme.

<sup>3</sup> IELTS 6.0 no band less than 5.5 is still accepted if 70% English is not achieved.

<sup>4</sup> The science subjects are: Biology, Chemistry, Information Technology, Geography, Mathematics with Statistics, Mathematics with Calculus, and Physics.

<sup>5</sup> One year BSc (Biomedical Science) or BHSc, plus five additional years in the MBChB programme if admission is gained.

<sup>6</sup> One year BSc (Biomedical Science), plus four additional years in the BOptom programme if admission is gained.

<sup>7</sup> One year BSc or BHSc, plus three additional years in the BPharm programme if admission is gained.

<sup>8</sup> Duration of conjoint programmes vary.

The above information is correct as at November 2019, and is subject to change.

# Student support

Staff at Taylors College Auckland are fully committed to ensuring you receive the best possible care while you are away from home.

## Orientation programme

As a new student at Taylors College Auckland you will undergo a comprehensive orientation. You'll be given access to a digital Student Handbook which includes essential information about living and studying in New Zealand and at Taylors College Auckland. Orientation is also a great opportunity to meet teachers, make friends and find your way around the campus.

## On-campus support

Taylors College Auckland has a dedicated team of multilingual student welfare staff who are trained in the areas of student welfare, accommodation, pastoral care and counselling. For help in an emergency, there are staff who are on call 24 hours a day, 7 days a week.

## Mentor groups

You will be assigned a mentor teacher and group when you study at Taylors College Auckland. You will meet with them once a fortnight to talk about academic and personal issues and familiarise yourself with New Zealand culture. Your mentor teacher is available to give you academic and personal support throughout your study period.

## Help with visa and insurance

Taylors College Auckland offers a visa renewal service, and can also arrange comprehensive insurance cover for you.\*

## Support for students under 18

All students under the age of 18 receive additional support and guidance from a member of the welfare staff at Taylors College Auckland. They will act as your personal caregiver and will provide a range of services to you and your parents.

### Services include:

- Help with settling in
- Telephone conversations with parents
- Visits to the homestay as appropriate to check that all is well
- Wellbeing and homestay experience interview
- Academic progress and attendance monitoring
- 24-hour service in case of emergency
- Frequent communication with homestay hosts.

Taylors College also offers an additional optional service for under 18 students, Taylors Extra Care Service. Taylors Extra Care means that parents can feel comfortable that there is someone monitoring their child's general welfare after hours, and outside the school. As part of this service, Taylors College will arrange a staff member from the Student Welfare Team to take special care for your child if they are under 18 years of age when they arrive in New Zealand.

For more details about this service, visit [taylorsauckland.ac.nz](http://taylorsauckland.ac.nz)

## International Student Contract Dispute Resolution Scheme (DRS)

Both Study Group NZ Limited, trading as Taylors College, and the University of Auckland commit to fully complying with the DRS rules. For more information, please visit [istudent.org.nz](http://istudent.org.nz)

\* If you are studying the Foundation Studies Certificate, Taylors College will work with the University of Auckland to help you with visa and / or insurance matters.

# Skills for success

Develop your employability skills while studying at Taylors College Auckland.

With your future in mind, Taylors College offers a careers element as part of all programmes delivered at the Taylors College Auckland campus.

## During your programme

You will complete CareerQuest, created by the New Zealand government, to help you to identify careers and university courses to consider. The resources provided by Taylors College and online will support you with information and research opportunities as you make your degree choices.

There will be an opportunity to prepare a CV and write a personal statement. You will also be encouraged to gain additional skills by joining the Volunteer Enterprise group at Taylors College Auckland. This group plans, advertises and carries out fundraising events and activities for staff and students. You can choose which areas you want to develop if you join Volunteer Enterprise: leadership, planning, communication or event management.

You will also take part in workshops on New Zealand history and culture, discussing expectations within university and society.

## Career development

Through the career development programme, delivered by Taylors College, you will:

- identify your strengths and weaknesses
- follow a personal development plan that works towards your career goals
- complete CareerQuest to identify potential careers and university courses
- prepare a CV and write your personal statement.

Key skills you will develop from these activities include:

- problem solving
- communication and interpersonal skills
- teamwork
- business and commercial awareness.

# Accommodation

Choosing accommodation is an important part of your new adventure. Staff at Taylors College Auckland are happy to help you find the perfect place to live and make you feel right at home.

## Accommodation options

A variety of accommodation options are available to you, including homestay, student residences, halls of residence, or independent living in houses or apartments. If you are under the age of 18, you must live in a homestay, with an adult relative, or a close family friend.

## Homestay

Homestay is the perfect option for students who want to experience New Zealand culture and lifestyle, and the security of home surroundings.

You will benefit from a family environment by living with carefully selected hosts who are experienced in looking after overseas students. All hosts have completed safety checks, and their homes are inspected before students are placed there.

Homestay involves staying in a private home as the paying guest. You will be provided with meals and have your own room with a bed, wardrobe, desk, lamp and chair. Wi-Fi and laundry are also available for you.

## Student residences

Living together with other students is a great way to make friends and settle into university life. This option will suit you if you enjoy living in a shared environment.

Student residences are purpose-built for your needs and feature single, furnished rooms with a bed, desk, chair and wardrobe, as well as telephone and internet connections, and laundries for washing. You can also take advantage of the common areas to socialise, watch TV, play games, make a meal or just relax.

The student residence option available in Auckland is:

- Empire - [empireapartment.co.nz](http://empireapartment.co.nz)

## Halls of residence

If you are a Foundation Studies Certificate student, you will also have the opportunity to apply for the University of Auckland's own halls of residence.

For more information, visit [auckland.ac.nz/en/on-campus/accommodation/university-accommodation/catered-accommodation/halls-of-residence-general-information.html](http://auckland.ac.nz/en/on-campus/accommodation/university-accommodation/catered-accommodation/halls-of-residence-general-information.html)

## Independent living

If you prefer to live in an independent house or apartment, we can assist and advise you on rental or other accommodation options close to our campus.

"When I first came to Auckland, Taylors College found me a homestay family which really helped me to adapt to the lifestyle here."

Thomas from Indonesia Studied the Auckland Foundation Year (now replaced by the University of Auckland's Foundation Studies Certificate programme)

Uni Lodge

Parnell Village

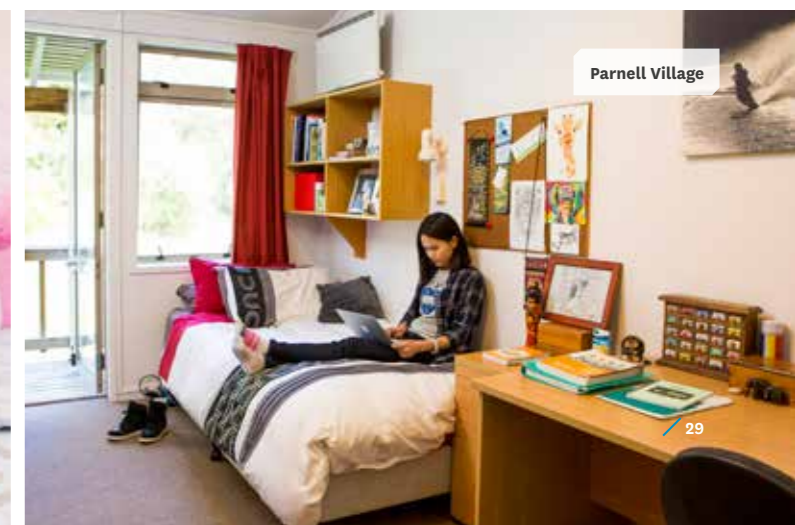

University Hall

A variety of options are available, from student residences and homestay to independent living in apartments.

Homestay

Parnell Village

# Additional preparation Pre-Foundation programme

Taylors College offers the Pre-Foundation programme for students who do not meet the entry requirements for the Foundation Studies Certificate programme.

The subjects you'll study during the Pre-Foundation programme\*, taught at Taylors College Auckland, will prepare you for academic study and improve your English language skills.

## Compulsory subjects

### English

The course aims to develop the four basic language skills of reading, writing, listening and speaking. It also introduces the skills required for academic reading and writing, with an emphasis on the importance of interpreting resource material and utilising new knowledge to answer questions and write essays. The development of independent learning skills is also a focus.

### Mathematics

This course gives students the opportunity to develop a skill base in general maths that will prepare them to specialise in Statistics and/ or Calculus in the University of Auckland's Foundation Studies Certificate programme.

### Information Technology

This course aims to give students the opportunity to develop a skill base that will enable them to successfully complete the Foundation Studies Certificate programme. They will also develop computing skills in additional areas not covered by the Foundation Studies Certificate programme, learn about internet usage for study and research and improve their presentation skills.

\* The Pre-Foundation programme is registered under the New Zealand Qualifications Authority (NZQA) and offered by Study Group NZ Limited, trading as Taylors College.

## Elective subjects

### Commerce

The course aims to give students the skills and vocabulary base in Accounting and Economics that will enable them to understand the more advanced topics taught in the Foundation Studies Certificate programme. Students will gain knowledge and understanding of the major concepts in Accounting and Economics and will be given the opportunity to apply these concepts in a variety of situations.

### Science

The Science course gives students an insight into three subjects available as individual subjects in the Foundation Studies Certificate programme: Biology, Chemistry and Physics.

- **Biology:** Students get to know basic information needed for the Foundation Studies Certificate programme. This subject includes an introduction to genetics, evolution, plus animal and plant responses to environmental factors.
- **Chemistry:** Students get to know common chemicals used in the laboratory, how to test for them, and find out what they do. Classes also involve finding out how much one substance will react with another. This is very much a practical, hands-on course to give students an enjoyment of Chemistry.
- **Physics:** Students find explanations for why and how things happen. The course involves practical components to complement the theoretical relationships covered.

### Social Studies

This course gives students an introduction to New Zealand history and Māori culture, European history and ancient history. It will include topics in the history of art, and the history of disasters. The subject introduces vocabulary that will be useful in the Foundation Studies Certificate subjects of Classical Studies, Geography and Art. Students will also begin learning the skills of analysis and critical thinking which are necessary in humanities subjects.

## Pre-Foundation programme

Designed to provide you with an introduction to the core subjects offered at foundation level and give you an opportunity to improve and develop your English language skills. One-to-one assistance is readily available from your teachers.

### What will you study?

In this course, you will study three core subjects and two out of three available elective subjects:

#### Core subjects:

- English
- Mathematics
- Information Technology

#### Elective subjects:

- Science
- Commerce
- Social Studies

### Facts

**Minimum age:** 16

**Intakes:** January and July

**Programme length:**

January - 23 weeks

July - 22 weeks

# English Language Preparation

Choose this course if you need additional English language training to gain entry to University of Auckland's Foundation Studies Certificate programme.

If you need to improve your English language skills in order to study an academic course, the English Language Preparation (ELP) course\* at Taylors College is the perfect solution.

### Crucial skills for academic learning

The course focuses on maximising your progress in each of the four core English skills - speaking, writing, reading and listening. You will gain study skills such as examination techniques, critical analysis, note-taking and text scanning to help you learn faster and with greater confidence.

### Personal study plan

The English Language Preparation course is designed to help you develop the necessary skills for success. Before you start your course, Taylors College Auckland will test your level of English and advise you on how long you need to study to reach the required level.

### Individual attention

The classes at Taylors College Auckland are small so your progress can be carefully monitored by your teacher. There's regular testing to help ensure you reach your full potential.

### Highly qualified teachers

The ELP teaching staff are highly qualified and experienced professionals in the English as a Second Language field.

### Delivered on campus

Your ELP lessons consist of 25 hours of face-to-face teaching per week. You will meet new friends and your teachers before starting the Foundation Studies Certificate programme.

\* The English Language Preparation is a training scheme approved by the New Zealand Qualifications Authority (NZQA) and delivered by Study Group NZ Limited, trading as Taylors College.

### Facts

**Minimum age:** 16

**Maximum class size:** 18

**Entry recommendation:** IELTS minimum 4.0, (no band less than 3.5)

**Face-to-face teaching:** 25 hours per week

**Term length:**  
• 12+ weeks

#### Start dates:

- 6 January 2020
- 30 March 2020
- 29 June 2020
- 21 September 2020

**Please note:** Due to recent changes in regulations, effective from 01 January 2019, students studying the English Language Preparation course at Taylors College Auckland must achieve an IELTS score or other internationally recognised English test outcome as required by NZQA to gain entry to the University of Auckland's Foundation Studies Certificate programme.

Fee payment schedule		
Programme	Intakes	Fee (NZ\$)
Taylor's English Language Preparation course	January, March, June, September	1 Term (12 weeks) \$6,240

For additional fees relating to this course, such as supplements, accommodation and insurance costs, see page 41.

# How to apply

You can apply for University of Auckland's Foundation Studies Certificate programme or the Pre-Foundation programme and English Language Preparation course directly or through your local agent.

## To apply directly (students)

Please visit [www.taylorsaukland.ac.nz/admissions/apply](http://www.taylorsaukland.ac.nz/admissions/apply)

or

Complete the application form for your chosen programme, along with the documents outlined in step two, and email it to the admissions team.

[FoundStCert@auckland.ac.nz](mailto:FoundStCert@auckland.ac.nz) (for the Foundation Studies Certificate programme) or [anziscadmissions@studygroup.com](mailto:anziscadmissions@studygroup.com) (for the Pre-Foundation programme and the English Language Preparation course).

## To apply through an agent

Complete the application form for your chosen programme and return it to your local representative along with the supporting documents outlined in step two. For a list of our authorised representatives in your country, please visit [taylorsaukland.ac.nz/admissions/find-an-agent](http://taylorsaukland.ac.nz/admissions/find-an-agent)

## Student visas

For information on student visas to New Zealand, please go to the Immigration New Zealand website [immigration.govt.nz](http://immigration.govt.nz)

Both the University of Auckland and Study Group NZ Limited have agreed to observe and be bound by the Education (Pastoral Care of International Students) Code of Practice 2016. Copies of the Code are available from the NZQA website at [nzqa.govt.nz/providers-partners/education-code-of-practice/](http://nzqa.govt.nz/providers-partners/education-code-of-practice/)

Full details of visa and permit requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available through Immigration New Zealand, and can be viewed on their website at [immigration.govt.nz](http://immigration.govt.nz)

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on their website at [moh.govt.nz](http://moh.govt.nz)

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at [acc.co.nz](http://acc.co.nz)

International students must have appropriate and current medical and travel insurance while studying in New Zealand.

## Policies and guidelines

Terms and conditions, student policies and guidelines (including refund policy) are available at [taylorsaukland.ac.nz](http://taylorsaukland.ac.nz).

### STEP 1

Complete all sections of the International Application for Admission form.

### STEP 2

Attach the following documents:

- Certified copies of your academic qualifications (translated into English);
- Evidence of English language proficiency;
- A copy of your passport and visa (if you have a current New Zealand visa)

### STEP 3

Submit your application to a local agent representative or directly to the Admissions Centre [FoundStCert@auckland.ac.nz](mailto:FoundStCert@auckland.ac.nz) (for the Foundation Studies Certificate programme) or [anziscadmissions@studygroup.com](mailto:anziscadmissions@studygroup.com) (For the Pre-Foundation programme and the English Language Preparation course).

### STEP 4

Your application will be reviewed for eligibility. You will be advised of the outcome in writing.

## International application for admission - Foundation Studies Certificate programme

Please print clearly in English and in BLOCK letters. Please tick boxes where appropriate. All applicants need to provide evidence of their legal name, date of birth, residency status or citizenship. At this stage, feel free to scan and attach copies of these – if we need anything further, we'll be in touch.

### Declaration and signature (This application must be signed; otherwise it will not be accepted)

By ticking this box I confirm the following:

- I declare that the information provided in this application is true, correct and complete, that no information that would have a bearing on my admission or enrolment has been withheld and that I am the legitimate owner of the identity being claimed.

- I understand that the University of Auckland (the University) may withdraw, amend or substitute an offer, cancel my enrolment, or apply other measures it considers appropriate if information or documents provided in connection with this application are found to be false, incorrect or incomplete.

- I understand the University may offer me an alternative programme of study if I do not meet the requirements for my chosen programme of study.

- I understand that the University may withdraw or amend an offer, if the information or documents required by the University to support this application are not provided by the requested date.

- I will provide the originals of my qualifications, if requested to do so by the University.

- I am aware that a non-refundable fee for admission ([www.calendar.auckland.ac.nz/fees](http://www.calendar.auckland.ac.nz/fees)) may be payable for this application, and I have read, understood and agree to comply with the University's rules on deletion, withdrawal, and the refund or credit of fees, as described in the Enrolment and Programme Regulations ([www.calendar.auckland.ac.nz/enrolment](http://www.calendar.auckland.ac.nz/enrolment)) and the Fees Statute ([www.auckland.ac.nz/fees-statute](http://www.auckland.ac.nz/fees-statute)).

- I understand that in addition to the academic requirements of this programme, further requirements may be necessary for my chosen career. These could include other qualifications, registration with a professional body, licensing, or other legal requirements. I understand that it is my responsibility to be aware of these additional requirements and to ensure that I can meet them.

- I acknowledge that the Application for Admission requests that I authorise certain entities that hold personal information about me to disclose that information to the University on request, and I confirm that I authorise such information be requested by the University and provided to the University by the relevant entity.

- I understand that the University may otherwise collect, use and disclose personal information about me in accordance with its Privacy Statements ([www.auckland.ac.nz/privacy](http://www.auckland.ac.nz/privacy)) and the Privacy Act 1993 ([www.auckland.ac.nz/privacypolicy](http://www.auckland.ac.nz/privacypolicy)).

- I will comply at all times with the University's statutes, regulations, rules and policies ([www.auckland.ac.nz/policyhub](http://www.auckland.ac.nz/policyhub)).

Full name <i>(Student or Parent/Legal Guardian)*</i>	Date <i>(dd/mm/yyyy)</i>
Signature <i>(Student or Parent/Legal Guardian)*</i>
