IMAGINE

GETTING YOUR DREAM JOB

Employability skills will be at the heart of your learning at Leeds Beckett University. All our undergraduate courses provide at least two weeks of work-related learning and many of our courses offer a one year work placement. You will benefit from tailored career advice and support, so that you can develop into an experienced graduate who stands out from the crowd.

SKILLS FOR YOUR FUTURE

Studying at Leeds Beckett University will develop your knowledge and abilities in key areas through:

Accredited courses

Many degrees at Leeds Beckett University have been professionally accredited and can count towards your qualifications or registration with a professional body.

Expert teaching

Work with leading academics and learn from their expertise and gain insight into your subject area.

Study support

Build the confidence and expertise you will need in your future with the Leeds Beckett Skills for Learning programme.

WORK PLACEMENTS

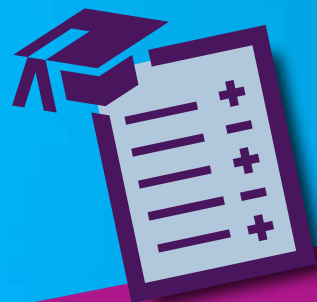

A work placement will give you a taste of your future career. You will also experience the world of work and gain new professional skills. Leeds Beckett has links with top global companies such as Walt Disney, Apple, Porsche and Nike, so you will be able to find a placement that fits your needs.

LAUNCH YOUR CAREER

Global companies including Capita, First Direct, Jet2.com and Rockstar Leeds are based in Leeds, so you are in a great place to launch your career.

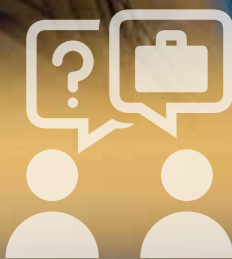

HELP AND ADVICE

The Employability Team can help you with your CV, job applications and interview preparation. They can also put you in touch with a career mentor.

IMAGINE A COURSE

THAT WILL HELP YOU SUCCEED

I HAVE...

IELTS 4.5
(4.5 in writing) and
good high school
graduation grades.

I WANT...

To study a degree in:

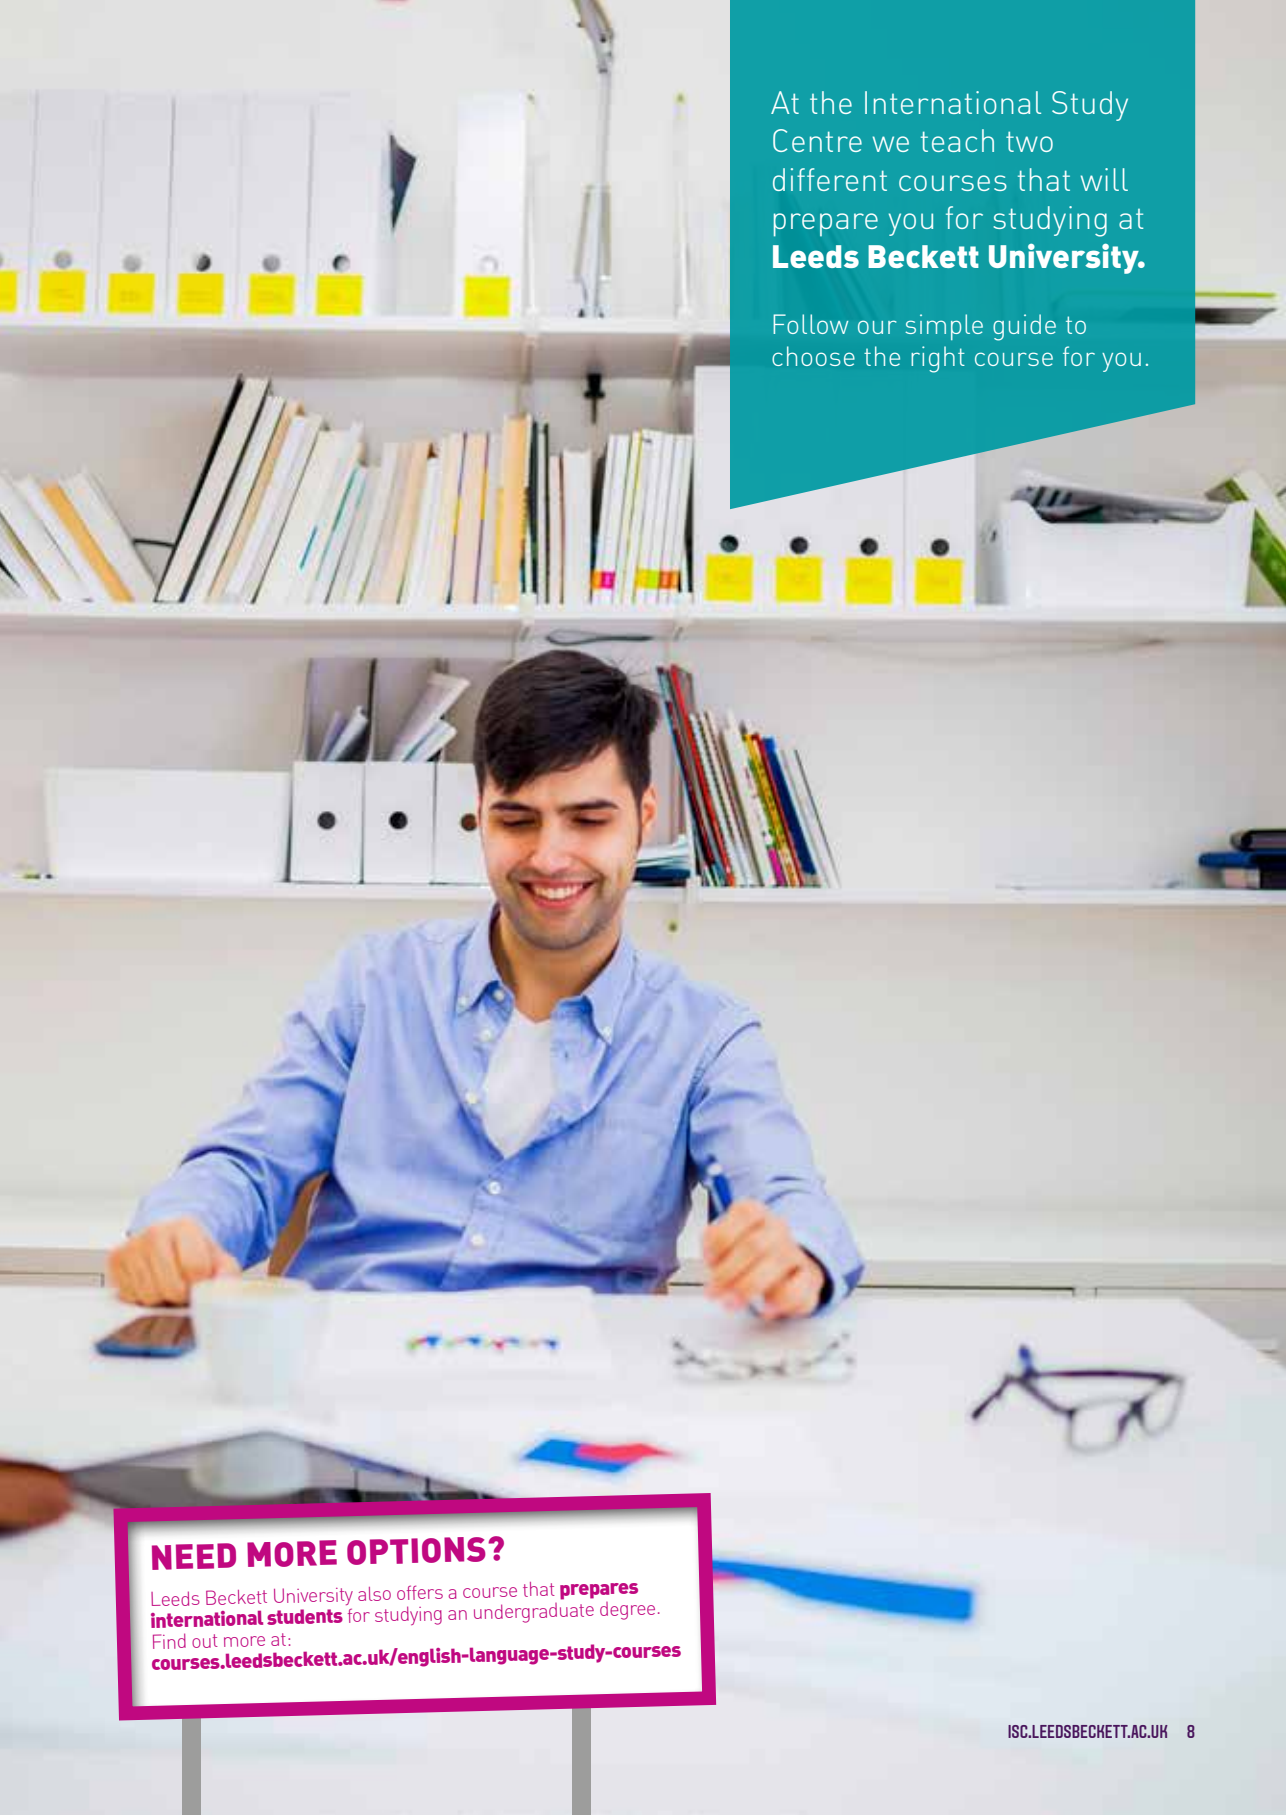

- Business, Law or Social Studies
- Science, Engineering and Computing

I SHOULD LOOK AT...

International Foundation Year
Turn to page 17 to find out more.

At the International Study Centre we teach two different courses that will prepare you for studying at **Leeds Beckett University.**

Follow our simple guide to choose the right course for you.

NEED MORE OPTIONS?

Leeds Beckett University also offers a course that **prepares international students** for studying an undergraduate degree.

Find out more at:
courses.leedsbeckett.ac.uk/english-language-study-courses

IMAGINE A PLACE

DESIGNED FOR STUDENTS JUST LIKE YOU

The Leeds International Study Centre works in collaboration with Leeds Beckett University and the University of Leeds to teach you the language, study and research skills you need to succeed in your degree, and your career.

We teach two exciting pathways to prepare you for the first year of an undergraduate degree:

International Foundation Year

- Business, Law and Social Studies
- Science, Engineering and Computing

IMAGINE YOURSELF

AT THE INTERNATIONAL STUDY CENTRE

We make it our top priority to support you, so that you feel happy and ready to succeed in your studies. You will live and learn with students from around the world, in a lively city that has it all.

WE'RE HERE FOR YOU

- The International Study Centre is a safe and supportive place where you can feel at home and make new friends.
- Our teachers are very friendly and you'll get to know them well. They will monitor your progress closely to keep you on track.
- Small class sizes mean you get more attention and can ask more questions.
- Need extra support? Your personal tutor will be there whenever you need them.

GET READY FOR UNIVERSITY

- We follow the same style of teaching that you'll find at Leeds Beckett, so you'll know exactly what to expect when you start your degree.
- You'll study modules that are relevant to the degree you plan to study at university, so you'll be inspired and full of new ideas.
- You'll have full access to all of the fantastic facilities at Leeds Beckett, so you will feel a part of university life from day one.

CAREERAHEAD

The International Study Centre starts your university life with a focus on employability. As part of your studies, you will undertake a variety of employability activities to develop the skills necessary to stand out in the graduate job market. With our support, you will create a Personal Development Plan to ensure that you graduate not only with a globally recognised degree, but also with a range of skills to help you achieve your career goals.

IMAGINE STUDYING

IN A GREAT ENVIRONMENT

As a student at Leeds International Study Centre, you will enjoy:

- Great location at the world-famous Emerald Headingley Stadium, a 10–15 minute walk from Leeds Beckett's vibrant Headingley Campus.
- Convenient transport links, with a regular bus service to and from Leeds city centre, and Headingley Campus during term time.
- Cutting-edge learning and social spaces with modern technology and a café where you can relax or study.

IMAGINE

WHO YOU WILL BECOME

You'll grow in confidence and develop the tools you need to succeed at Leeds Beckett University, and beyond.

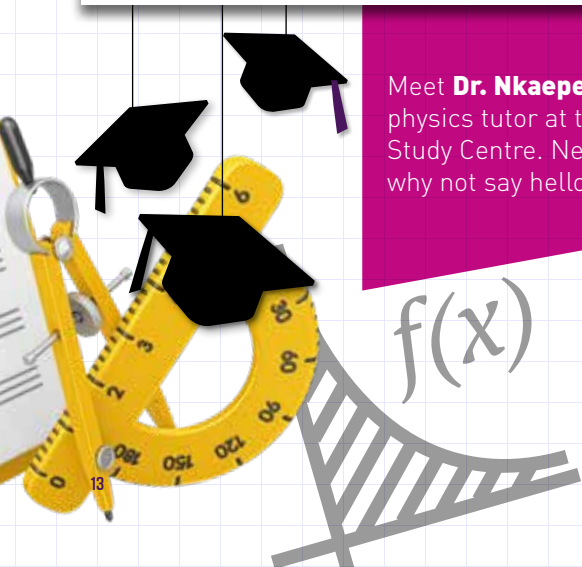

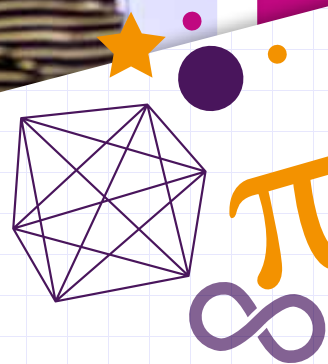

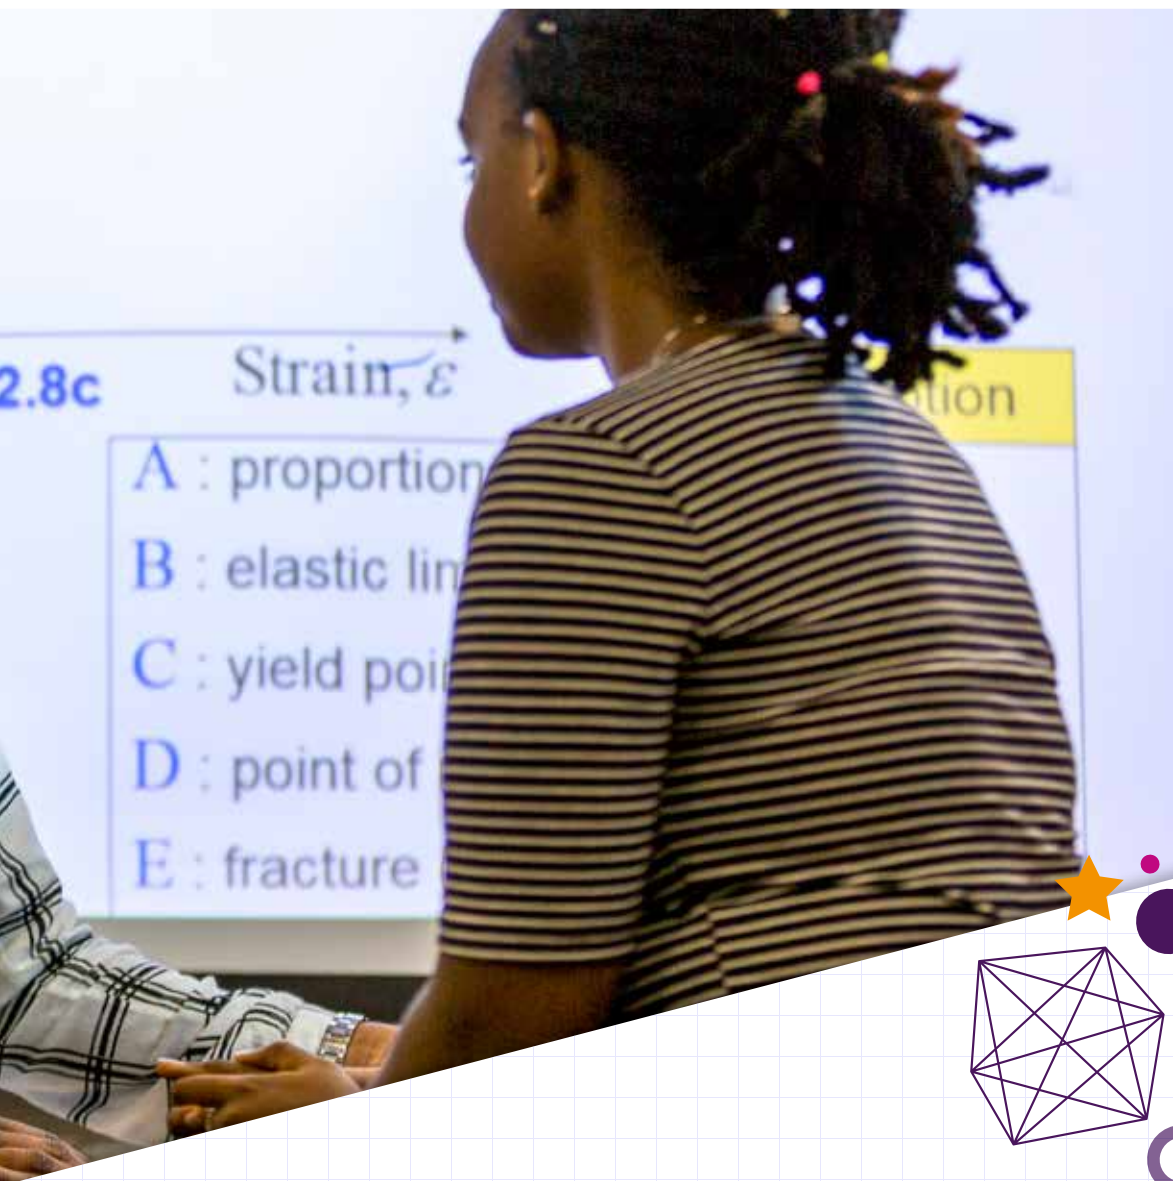

IMAGINE LEARNING

FROM EXPERT TEACHERS

Meet **Dr. Nkaepe Olaniyi**, your maths and physics tutor at the Leeds International Study Centre. Next time you see her, why not say hello?

$f(x)$

Q: What is your role at the Leeds International Study Centre?

A: I am involved in delivering lessons and carrying out assessments. I also plan and deliver laboratory sessions for the physics students.

Q: What is your career history?

A: I worked as a business manager for a small recruitment firm for six years. I then worked as an insurance analyst/project manager for another six years before making the move to work in education. My experience of working in finance gives practical application to my maths skills. This is part of the knowledge I seek to transfer to all my students.

Q: What do you like best about teaching students at the Leeds International Study Centre?

A: They are keen to learn and very brave to do it in a foreign culture and/or language. That eagerness to learn, not just the technical aspect of their studies but also about the culture around them, is key to their success.

Q: What do you like most about life in Leeds?

A: Being able to escape to the quiet countryside or coast. I love taking my kids to Golden Acre Park and farms around Leeds.

TRY GREAT FOOD AND DRINK

Whether you are looking for a quick snack or a hot, cooked meal, you'll find something to suit your taste buds on both Leeds Beckett campuses.

RELAX WITH FRIENDS

The Student Union bars on City and Headingley campuses are the perfect places to meet up with friends, try tasty food, play a game of pool or take part in a weekly quiz.

IMAGINE

GREAT STUDENT LIFE

GET INVOLVED

Joining a University society is a great way to make friends, try something new and have fun. Whether you are interested in Harry Potter or Korfball, there's something for you.

ENJOY SPORTS

Take advantage of outstanding sports facilities by joining a sports team or trying a fun fitness class. The Athletic Union has 40 clubs and more than 85 teams.

LISTEN TO LIVE MUSIC

Enjoy live music at the Stage, based on City Campus. Famous bands that have played here over the years include Nirvana, Radiohead and Coldplay.

GET OUT AND ABOUT

You'll find interesting shops, restaurants, cafés and bars close to both campuses.

You will learn English language, academic and study skills, which will prepare you for the first year of your chosen degree course at Leeds Beckett University.

INTERNATIONAL

FOUNDATION

YEAR

KEY FACTS

Start date: September or January

Length of study: 2 semesters

IELTS: 4.5 (minimum 4.5 in writing)

Age: 17+

For semester dates, fees and country-specific entry requirements, please visit isc.leedsbeckett.ac.uk

WHAT YOU'LL LEARN

The International Foundation Year aims to teach you the English language, study and academic skills you need to succeed in your undergraduate degree, as well as your future career once you graduate.

ASSESSMENT

Your work will be regularly assessed through coursework assignments, presentations, essays, case studies and exams.

YOUR DEGREE AT LEEDS BECKETT

Once you complete the International Foundation Year and achieve the required grades, you will be able to start your chosen undergraduate degree.

IMPROVE YOUR ENGLISH

If you need extra help with your English language before you start the International Foundation Year, you can first study the English Language Preparation programme. Turn to page 28 to find out more.

Business, Law and Social Studies

International Foundation Year

This course leads to a wide range of exciting undergraduate degrees at Leeds Beckett University, in areas ranging from business and law to marketing and public relations.

Core modules:

Academic English Skills

You will develop your English communication skills and learn a range of study skills, including writing and reading strategies, presentation and seminar participation, organisation of time and materials, meeting deadlines and responding to feedback. When you have completed these modules, you will be able to take notes and write essays in English. You will also have the confidence to give presentations, answer follow-up questions and contribute to seminar discussions.

Project Study

You will complete a self-study project on a topic you will take in consultation with your tutor. By the end of this module you will be able to produce an extended piece of work in the discipline area of your intended degree course through an on-going, supervised, self-study approach. The project will utilise a broad range of source material to present a coherent, word-processed piece of work, which combines balanced factual content with a critical commentary.

Route modules for business and management degree options:

Introduction to Business Studies

The aim of this module is to help you develop an understanding of both the operational and strategic problems facing the business enterprise in the modern market economy. This module considers the practical aspects of setting up, establishing and running a business and looks at the external influences that could have a major impact on the businesses' success. You will also learn about motivation theories and operations management.

Advanced Business Studies

You will continue to develop your understanding of both the operational and strategic problems facing the business enterprise in the modern market economy, with particular reference to marketing management, advertising and public relations (PR).

Introduction to Financial Accounting

This module will help you establish a sound foundation for future studies in accounting and finance. On completion of the unit, you will be able to maintain financial records, understand accounting systems and prepare periodic financial statements of sole traders, partnerships, and limited companies.

Core Mathematics for Business

You will develop and demonstrate core mathematical skills, including algebra and statistics, relevant to your undergraduate degree course. You will study core mathematical principles and tools. You will practise your skills through class work and self-study assignments. You will also practise questions similar to the format of those in your exams.

Introduction to Principles of Economics

This module aims to give you an introduction to the principles, concepts and models of micro-economic analysis, providing a framework upon which further economic analysis can be developed. You will be able to apply your knowledge base as well as learn basic skills relating to data analysis and evaluation of economics issues. You will learn about economic principles and basic terminology, goods type, demand and supply, elasticity, market failure and contemporary issues in economics.

Route modules for law and social studies degree options:

Introduction to Law

This module will prepare you for entry into LLB Law. This module will also introduce you to the principles which underpin the English legal system, the mechanics of the legal process, justice in a wider sense, and the personnel who administer it.

Advanced Law

This module will prepare you for entry to a first year degree course in law, by introducing you to basic legal principles and practice. You will develop an understanding of the principles, issues and legislation relating to contract and consumer protection.

International Relations

You will be provided with an introduction to the main areas of international relations. At the end of this module you will be able to demonstrate a basic knowledge of international relations, and some familiarity with the leading theories used to analyse this subject matter. You will also be able to deploy research skills and display accurate and concise use of language within this subject area.

Introduction to British Politics

This module will introduce you to the study of politics through discussion of the main issues in the British political system, and the core concepts used by political scientists and political theorists. This module will provide you with the foundation knowledge necessary to succeed in the Introduction to Law, Advanced Law and International Relations modules.

Introduction to Sociology

This module offers students an introduction to the study of sociology. Students will learn about the significance of theoretical perspectives and concepts, and important modern day sociological issues. The module will also aim to: provide students with a detailed introduction to sociology as a social science subject including the understanding of the key standpoints in sociological research; consider ways in which sociological perspectives can be applied in real-life; develop the requisite skills critical thinking and develop arguments.

Science, Engineering and Computing

International Foundation Year

This course leads to a wide range of exciting undergraduate degrees at Leeds Beckett University, in areas ranging from biomedical sciences and civil engineering to computing.

Core modules:

Academic English Skills

You will develop your English communication skills and learn a range of study skills, including writing and reading strategies, presentation and seminar participation, organisation of time and materials, meeting deadlines and responding to feedback. When you have completed these modules, you will be able to take notes and write essays in English. You will also have the confidence to give presentations, answer follow-up questions and contribute to seminar discussions.

Project Study

You will complete a self-study project on a topic you will take in consultation with your tutor. By the end of this module you will be able to produce an extended piece of work in the discipline area of your intended degree course through an on-going, supervised, self-study approach. The project will utilise a broad range of source material to present a coherent, word-processed piece of work, which combines balanced factual content with a critical commentary.

Introduction to Pure Mathematics

This module will provide you with a basic knowledge of pure mathematics and its application, relevant to your undergraduate degree course. You will be able to understand mathematical notation, terminology, convention and units, understand and interpret in mathematical terms verbal, graphical and tabular information, and manipulate mathematical expressions. You will learn about algebra, co-ordinate geometry, trigonometry, differentiation, integration, numerical methods and vectors.

Route-specific modules:

Engineering programmes

Advanced Pure Maths
Introduction to Applied Maths
Advanced Applied Maths

And one option module from:

Introduction to Physics
Introduction to Chemistry

Biomedical programmes

Core Mathematics for Science
Introduction to Chemistry
Advanced Chemistry
Introduction to Biology
Advanced Biology

Advanced Pure Mathematics

This module will cover straight lines and linear equations, set theory and probability, statistics, linear programming, indices and logarithms and experimental law.

Introduction to Applied Mathematics

This module will teach you the basic knowledge of mechanics, and prepare you for development of mathematical applications in engineering, computer science and informatics. You will learn about vectors, forces and equilibrium, relative motion, Newton's Laws of Motion, friction and work, energy and power.

Advanced Applied Mathematics

This module will cover advanced vectors, forces as fixed vectors, centres of gravity/centres of mass and particle dynamics.

Core Mathematics

You will develop and demonstrate core mathematical skills, including algebra and statistics, relevant to your undergraduate degree course. You will study core mathematical principles and tools. You will practise your skills through class work and self-study assignments. You will also practise questions similar to the format of those in your exams.

Introduction to Physics

This module will provide you with a basic knowledge of atomic physics, materials, heat, gases, oscillations and waves. At the end of this module, you will be able to apply the appropriate laws of physics to problem solving in these areas.

Introduction to Chemistry

You will learn formulae, equations and moles, atomic structure, introduction to redox systems, thermodynamics and bonding. You will understand the basis of atomic and molecular structure and of chemical bonding, and recognise the differences in properties between ions and molecules. You will also be able to use the mole concept and balance chemical equations, with an understanding of the principles of redox reactions.

Advanced Chemistry

You will be able to present chemical data and ideas in a clear form. You will understand how chemical reactions work and the main factors which affect them, with particular reference to equilibria including acid-base equilibria.

Introduction to Biology

In this module you will learn about biological molecules, cellular structure, cell division, movement through cell membranes, enzymes and metabolic pathways.

Advanced Biology

In this module you will study physiological processes, particularly in humans, including the cardio-vascular, nervous, digestive and reproductive systems, control and coordination and osmo-regulation.

need to get all
things ready...

ENTRY REQUIREMENTS

International Foundation Year

If you have IELTS 4.0 (minimum 4.0 in writing), you need to study one semester of ELP.

For more information, including start dates, please visit isc.leedsbeckett.ac.uk

ENGLISH

LANGUAGE PREPARATION

If you do not meet the English language requirements to study one of our academic courses, the English Language Preparation (ELP) programme can help.

Taught at the International Study Centre, the ELP programme is a one-semester course that will boost your English language skills.

Once you successfully complete the ELP, and achieve the required grades, you will go on to study your chosen academic course at the Leeds International Study Centre.

WEST YORKSHIRE: The countryside is just 20 minutes from Leeds, when you want to escape the city.

IMAGINE

VIBRANT LIFE IN LEEDS

WORLD FOOD: Eat food that reminds you of home, or try something completely new in one of the many restaurants in Leeds.

ART AND CULTURE: Go to a theatre or comedy show, head to a gallery or museum, or watch an opera or ballet.

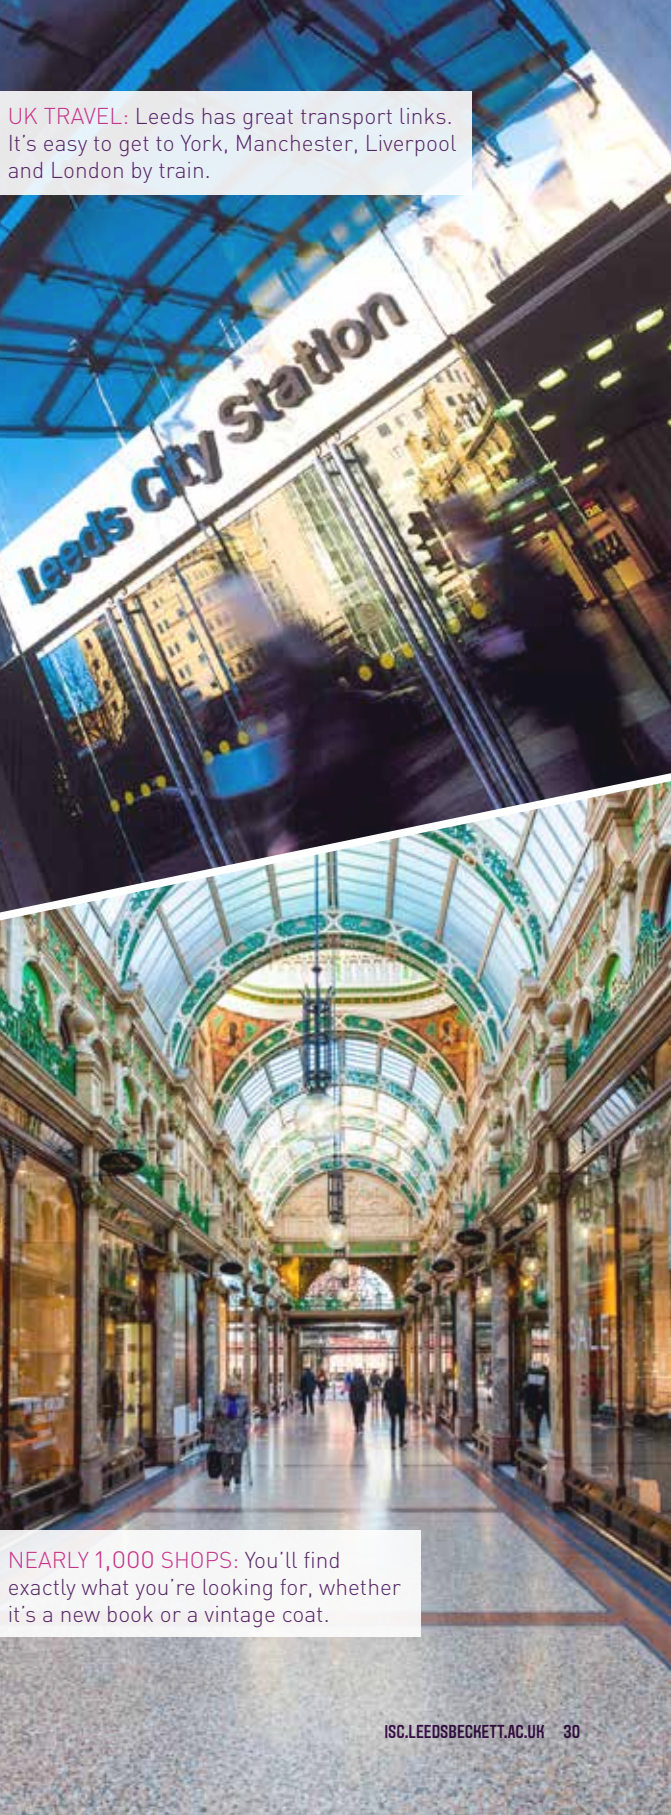

GREAT MUSIC: There are venues and nightclubs to suit all tastes. Each year Leeds Festival attracts 75,000 music fans.

WORLD CLASS SPORT: Leeds is home to Leeds United Football Club and Leeds Rhinos.

TRINITY LEEDS: Spend a day shopping in 120 shops, right in the heart of Leeds.

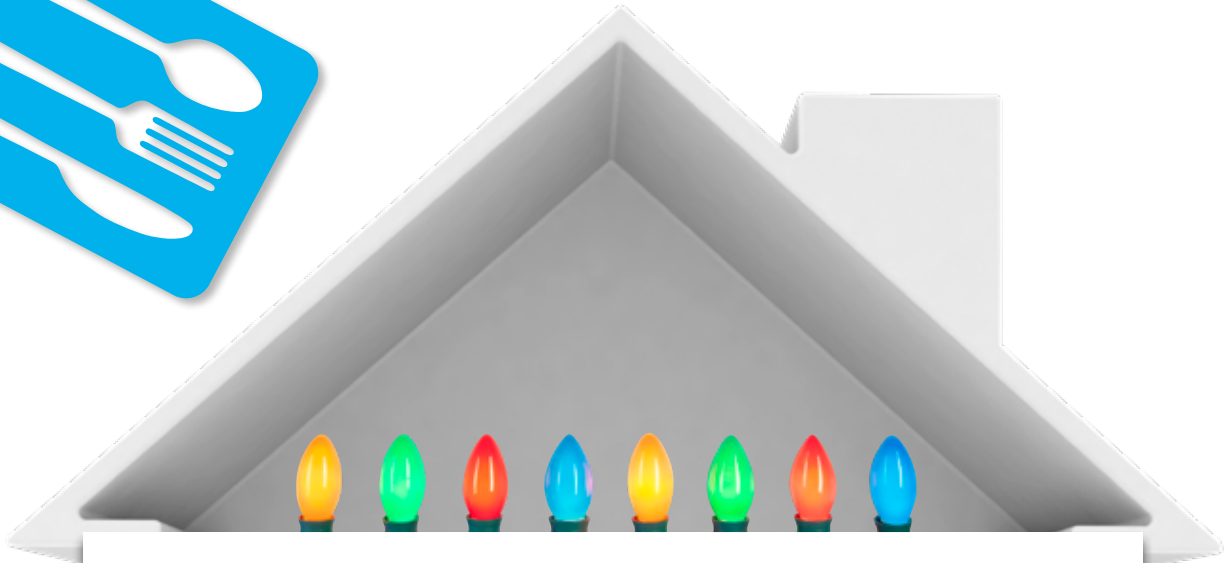

UK TRAVEL: Leeds has great transport links. It's easy to get to York, Manchester, Liverpool and London by train.

ROUNDHAY PARK: Need a break from your studies? Relax in one of the biggest city parks in Europe.

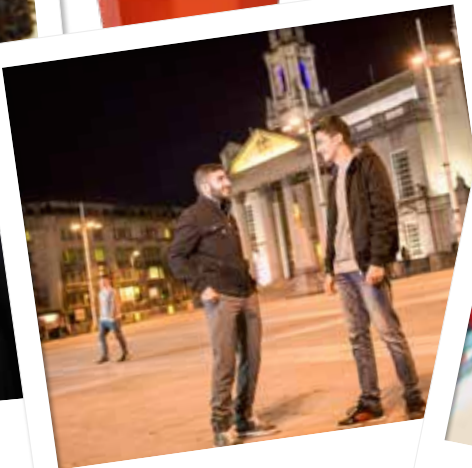

NEARLY 1,000 SHOPS: You'll find exactly what you're looking for, whether it's a new book or a vintage coat.

IMAGINE

YOUR NEW HOME

Living with other students is the best way to experience student life to the fullest. You'll learn to live independently, have fun and make many new friends from around the world.

OPTIONS TO SUIT YOU

Depending on when you start your course at the Leeds International Study Centre, you'll be able to choose from a range of accommodation options, from self-contained apartments to single study bedrooms with shared facilities.

Student accommodation with shared facilities typically offers:

A great location

You can choose to live in the vibrant city of Leeds, close to shops and restaurants.

Modern and comfortable rooms

Student rooms will have a bed, desk and a chair, bookshelf and a wardrobe. You'll also have telephone and internet access.

Fully-equipped kitchens

Learn to cook meals and get to know your new housemates in your new shared kitchen.

For more information on your accommodation options, please visit isc.leedsbeckett.ac.uk

PRIVATE ACCOMMODATION

If you want to rent privately, there is a range of private accommodation available in Leeds. Visit our website to learn more about your options.

FEEL AT HOME

We know that living away from home is a big step, and at first everything will be new. There are many things you can do to help you feel more comfortable, including:

- Make your room feel more personal by putting up photos of your friends and family, buying a new duvet cover or hanging up colourful fairy lights.
- Say hello to your housemates and neighbours, they'll appreciate a friendly greeting.
- Take part in social activities arranged by the Leeds International Study Centre, so that you can meet other students.
- Get involved with clubs and societies at Leeds Beckett. This is a great way to find a new hobby and make new friends.

IMAGINE

FANTASTIC CAMPUSES

Leeds Beckett University has two campuses in fantastic locations. Both feature modern learning facilities that will enable you to embrace your interests and career aspirations to the fullest.

CITY CAMPUS

Located in the heart of Leeds, City Campus is close to everything the city has to offer, including top businesses, shops, bars and restaurants.

HEADINGLEY CAMPUS

Located three miles from the city centre, Headingley Campus is set in 94 acres of beautiful parkland. It is just a 10–15 minute walk from Headingley, one of the best-known student areas in the country.

5 out of 5
stars for facilities

QS World University Rankings 2019

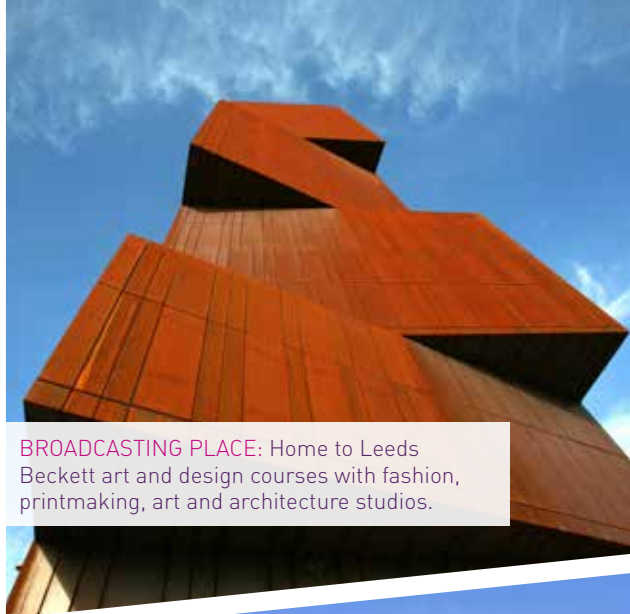

GREAT LOCATION AND FACILITIES

Leeds International Study Centre is located at the Emerald Headingley Stadium, part of Leeds Beckett University. The modern premises provide an outstanding learning and teaching environment for students.

Other benefits include:

- Cutting-edge learning and social spaces with modern technology
- A café where you can study, enjoy quality food and relax with friends
- Short 10–15 minute walk from Leeds Beckett University's Headingley Campus
- Convenient transport links with the rest of the city, so you can easily get to your accommodation, or the city centre by bus or taxi.

ROSE BOWL: This iconic building has impressive teaching spaces, lecture halls and conference facilities.

BROADCASTING PLACE: Home to Leeds Beckett art and design courses with fashion, printmaking, art and architecture studios.

CARNEGIE PAVILION: Leeds Beckett hospitality and tourism courses are based here and look over the world famous sports ground Emerald Headingley Stadium.

HEADINGLEY CAMPUS: Home to modern sports facilities, sport science laboratories, animation and music studios, and the latest computing equipment.

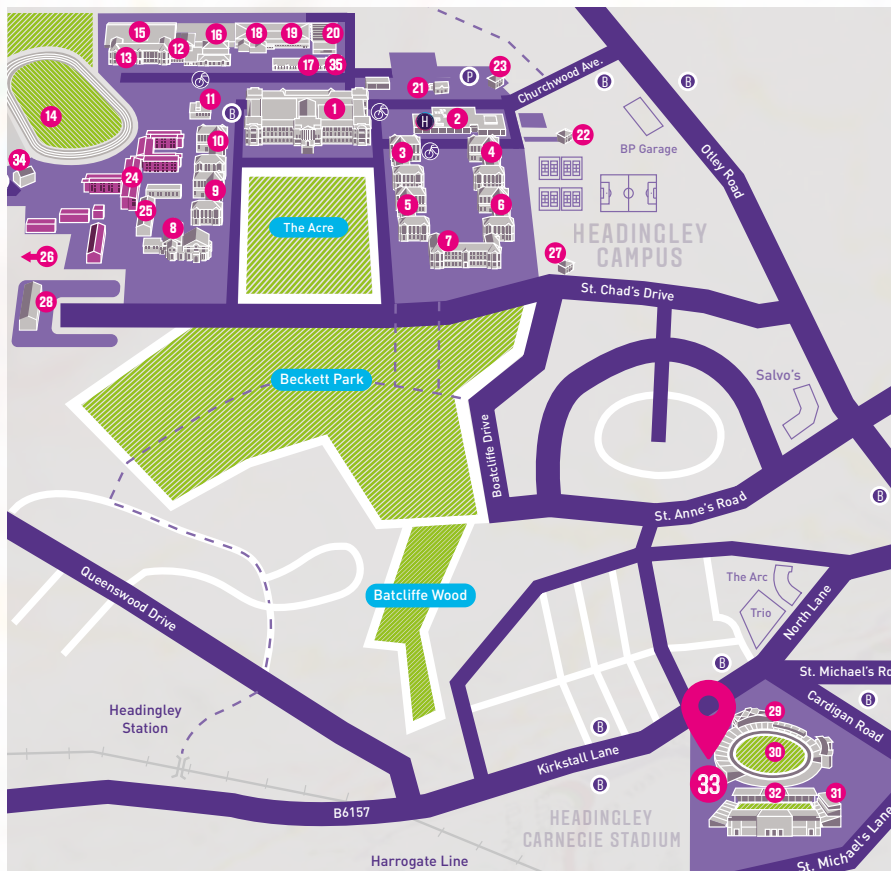

LIBRARIES: Campus libraries are open 24/7, every day of the year. The online library offers access to 140,000 e-books, journals, databases and newspapers.

HOW TO APPLY

Your journey begins here...

You can either apply through your local education agent or directly via our website. If you are applying directly and have a question, our Student Enrolment Advisers will be happy to help. They speak a variety of languages and understand several more.

Call: + 44 (0) 1273 339333

For full application information visit isc.leedsbeckett.ac.uk

Arranging personal insurance for your studies

It is essential that international students have the protection of personal insurance during their time in the UK. To cover you as a student at the Leeds International Study Centre, you may purchase our StudyCare Insurance Plus cover. This policy will cover you for loss of personal possessions, travel delay, as well as providing medical insurance until the end of your International Study Centre academic programme. You can purchase StudyCare Insurance Plus as part of your application process. If you prefer not to take out Study Care Insurance, you must provide proof of alternative adequate insurance cover.

For more information visit isc.leedsbeckett.ac.uk

“The International Study Centre really did help me in my current course, most especially the AES, Academic English Study. It taught me how to reference, include citations properly and how to cite resources relevant. Believe me, it paid off in the end, it really did.”

Moses from Nigeria

Studied International Foundation Year in Business, Law and Social Sciences

Now studying LLB (Hons) Law at Leeds Beckett University

Disclaimer

This prospectus is issued for the general guidance of students considering entry to the Leeds International Study Centre, based at Leeds Beckett University, from September 2019. The information is correct at the time of going to press and the programmes and services described herein are those which Study Group is planning to offer. We make every effort to ensure that the content of our prospectus, website and other materials is accurate. However, on occasion it may be necessary to alter certain aspects of a module or programme, for example if changes are required to meet external requirements; or if programmes are over-subscribed and the quality of teaching would be adversely affected as a result.

In such circumstances we may have to alter the timetable, change the teaching location of the programme or, in extreme cases, cancel or substantially amend the content of the programme. Should any of these changes become necessary, we will give you as much notice as possible before they come into effect and ensure that any disruption to your studies is minimised.

If your programme is cancelled, we will work in consultation with you to offer a suitable alternative, subject to meeting the admission requirements for that programme or the opportunity to obtain a refund of any advance payments you have made for the programme. The alternative programme may not be at the same International Study Centre as the original offer.

Every effort has been made to ensure the accuracy of the information relating to Leeds Beckett University in this prospectus at the time of going to print. The University aims to provide the programmes and facilities as described in this prospectus, but reserves the right to withdraw or to make alterations to courses and facilities if necessary. For the most up-to-date course information, please visit the University's website at leedsbeckett.ac.uk and use the course search function. Study Group reserves the right, where applicable, to amend the regulations governing programmes at the Leeds International Study Centre. We therefore strongly recommend that immediately prior to making any application to - or accepting any offer from - us, you refer to the most up-to-date version of the programme descriptions and specifications and the regulations on the Leeds International Study Centre website at isc.leedsbeckett.ac.uk

The International Study Centre programmes are provided by Study Group in collaboration with Leeds Beckett University.

Programmes at the International Study Centre are delivered by Study Group.
