THIS IS THE INTO UEA EXPERIENCE

Welcome to INTO University of East Anglia (UEA) – your pathway to a degree from UEA. We give international students like you the opportunity to achieve your academic ambitions and study with a unique community of teachers, researchers and the world's next generation of problem-solvers.

At INTO UEA, you will study a specialist programme designed exclusively for international students and tailored to the requirements of the University. You will complete your course at our modern Study Centre in the heart of UEA's vibrant, multicultural campus, where you will be part of the community from the day you arrive.

Choosing to study abroad is a big decision, but at INTO University of East Anglia, we will give you everything you need to succeed at university and beyond. Just take a look at our student success rates in 2017–18!

Choose **#INTOUEA** and open up a lifetime of opportunities.

94% PASSED

Passed: % of those who completed their pathway Eligible: % eligible to progress to the University of East Anglia of those who passed

"INTO UEA was the very first INTO Centre and has welcomed students for more than 10 years. Excellent facilities, combined with our location in the heart of a beautiful campus, provide the perfect environment for student success and happiness."

DEBBIE PRICE
CENTRE DIRECTOR

Come to the University of East Anglia (UEA) to discover who you are and who you want to be, supported by excellent teaching and the latest research into important global issues. Join the international community here to make new connections for life, explore your passions and have an unforgettable student experience in a place where you belong.

GO FURTHER WITH YOUR STUDIES

UEA is globally recognised as a highperforming, research-intensive university that excels in its teaching, awarded TEF Gold for teaching quality*. Students improve academically throughout their time at UEA, making a bigger difference between their arrival grades and graduation grade than any other UK institution**. Your teachers will:

- excite and encourage you to apply what you learn in classes to the world around you
- teach you using real-world examples to keep your learning current and relevant
- provide a mixture of lectures, seminars and practical experience to help you develop the core skills needed for success

DISCOVER YOUR DREAM CAREER

Through work experience opportunities and links with industry, you will have the chance to try out careers as you build your professional network. At UEA, it isn't just about getting a degree – it's finding a career you will love.

INTO University of East Anglia 2020-21

THINKING WITHOUT BORDERS

UEA is part of the Norwich Research Park

- one of Europe's largest collaborative
research sites that is the most cited outside of
Cambridge, Oxford and London.

Particularly focusing on health, food, development and the environment, the research conducted here will inform your studies so that you will graduate with an in-depth knowledge of your subject.

RESEARCH THAT MAKES AN IMPACT

UEA believes that anything is possible when creative and forward-thinking people get together. The University has developed some ground-breaking research projects to try to solve complex global problems, including:

- searching in unusual places for new antibiotics (such as fungus-growing ants!)
- undersea robots that silently monitor our climate and reveal the ocean's secrets
- a mobile phone game that can detect people at risk of Alzheimer's disease

DISCOVER YOURSELF AT UEA

UEA has the perfect balance between a peaceful, serene backdrop for your studies and a vibrant, multicultural hub of activity that always has something exciting to enjoy.

Designed as a mini-city, the campus is a great place to call home for international students who bring new ideas and new ways of thinking. It's the people who come together at UEA that makes the environment truly unique.

FEEL LIKE YOU BELONG

The campus culture here is forward-thinking, stimulating and fun, recognising that a work-life balance is important for your academic success. You'll have a student experience to remember for the rest of your life, joining more than 3,500 international students from 100 different countries. This is a place where you have the freedom to find out who you are and how you fit into your new community. This is a place where you can feel like you belong.

ENHANCE YOUR EMPLOYABILITY

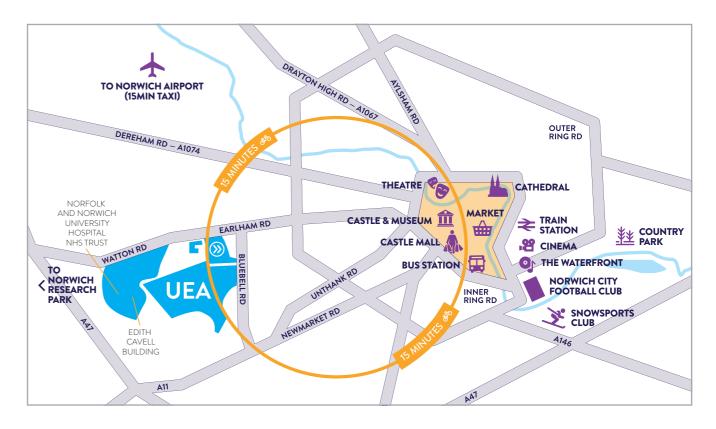

While you're studying at UEA, you'll have access to global, national and local employers that could give you an opportunity to gain valuable experiences and make contacts for the future. Employability support and initiatives that you could benefit from include:

- the Enterprise Centre giving you the opportunity to start your own business with business coaching, funding, mentoring,
- competitions, grants and skills workshops

 dedicated careers guidance, networking events,
 CV writing and interview help at CareerCentral
 while you are studying and after you graduate
- the UEA Award helping you to stand out from the crowd by developing core skills and attributes for future employment. Developed with employers, you'll undertake a range of academic, work-related, campus-based and personal activities that will enhance your employability

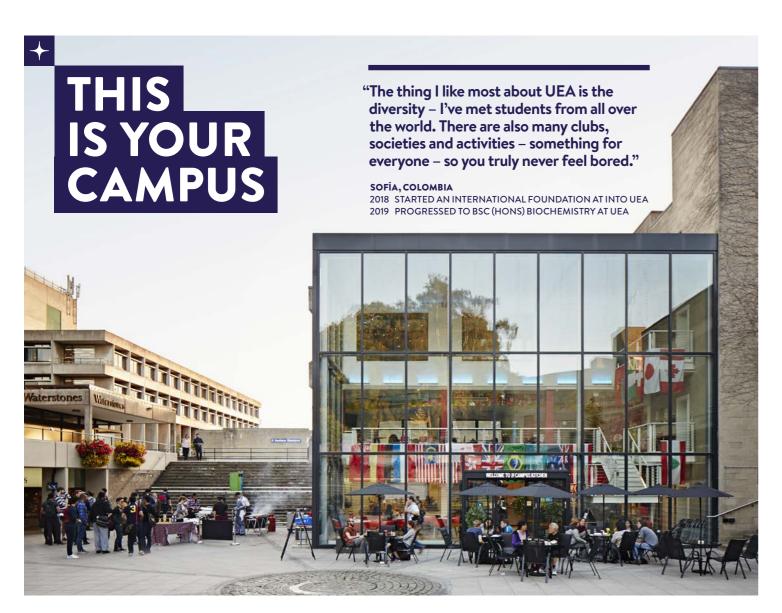

97%

STUDENT SATISFACTION FOR UNIVERSITY CAMPUS ENVIRONMENT (INTO ANNUAL STUDENT EXPERIENCE SURVEY 2019)

ching Excellence Framework 2017-2

www.intostudy.com/uea

With distinctive and award-winning architecture, UEA's campus is a vibrant and inspiring place to live and study. It's designed as a mini-city for students, so you will find everything you need for an amazing study abroad experience.

TOP 5

SAFEST UNIVERSITIES IN ENGLAND (TIMES HIGHER EDUCATION **STUDENT EXPERIENCE SURVEY 2018)**

YOUR INTO STUDY CENTRE

The INTO Centre is located on campus close to everything you need, so you will be part of the University community from day one. INTO UEA provides university-style teaching in the Centre to prepare you for life at UEA. You will benefit from:

- a Learning Resource Centre containing academic books, journals and computers - three well-equipped science laboratories
- a lecture theatre seating up to 80 students so you can experience lecture-style classes
- an international INTO Café and Restaurant with halal and vegetarian options
- your accommodation in the same building as your classes (see page 9)

WE'RE HERE TO SUPPORT YOU

From the moment you arrive, the INTO Student Services team will help you settle into life in Norwich. There is a 24-hour telephone helpline for out-of-office questions and extra support is provided for students under the age of 18. Go to the Courtyard Office to find our Social and Welfare Officers who can support you with any non-academic issues, including:

- help registering with a doctor
- help with renewing your visa
- booking travel tickets
- advice and guidance about student life

UNIVERSITY FACILITIES

INTO UEA students also have access to many of the University's facilities, such as:

- UEA library open 24/7, 365 days a year
- Sportspark with an Olympic-sized swimming pool, five sports halls, football pitches, a fitness centre and more
- Multifaith Centre a spiritual meeting place and community centre on campus

SUBJECT-SPECIFIC FACILITIES

UEA has some amazing subject-specific facilities available which, depending on your chosen degree, you may be able to access.

- Film and Television students:
- industry-standard film and television studio Psychology students:
- EEG, Transcranial Magnetic Stimulation, Functional Near-Infrared Spectroscopy, motion tracking and eye tracking labs
- Pharmacy students: mock pharmacy dispensary
- Environmental Sciences students: virtual reality theatre
- Physiotherapy students: anatomy suite and treatment labs
- Health Sciences students: the interactive Norwich Electronic Assistive Technology (NEAT) Centre

STUDENT SOCIAL LIFE

It's important to maintain a healthy work-life balance here. In your first week, you will take part in an orientation programme which will give you the chance to meet other students.

The INTO Centre runs regular games nights, movie nights, craft nights and seasonal events to keep you entertained between studies. You will also have the opportunity to go on day trips and excursions to exciting places.

Union House is always buzzing with activity. Here, you will find a range of facilities run by the Students' Union (SU), including:

- Unio Coffee an ethical coffee shop
- Unio Pizza UEA's own pizzeria
- shopSU the place to go to buy essentials
- The LCR a popular live music venue
- 200+ clubs and societies, including law, entrepreneurship, debating, drama, anime, music, cultural and international societies

TOP 10

IN THE UK FOR STUDENT SOCIAL LIFE (TIMES HIGHER EDUCATION **STUDENT EXPERIENCE SURVEY 2018)**

Full of creativity, energy and culture, Norwich is a great place to explore and have some fun. Just two miles from the UEA campus, it doesn't take long to embrace city life.

You'll find lots to do here just like in larger cities, however you'll also have the security of knowing that Norwich is one of the top 10 safest places to be a student (The Telegraph 2017).

A FAVOURITE STUDENT CITY

Home to hundreds of creative businesses, stylish shops, quirky pubs and international restaurants, Norwich is an exciting place to live in. The city is large enough to host major events, such as the stunning theatrical acts of the Norfolk and Norwich Festival, but small enough to find hidden gems. You will discover:

- a trampoline park, bowling alley and cinemas open every day
- several Chinese, Asian and international supermarkets
- music acts performing at The Waterfront, run by UEA's SU
- easy travel to the coast to get involved in watersports

EXPLORE THE UK FROM NORWICH

Norwich has great transport links. Fly to Manchester, Edinburgh or Amsterdam from its international airport, or get the train to:

- Cromer Beach 1 hour
- Cambridge 1 hour and 20 minutes
- London under two hours

BEST

places to live in the UK (The Sunday Times Best Places to Live 2019)

Our modern, on-campus accommodation means that you will quickly become part of UEA's friendly and welcoming student community. With homestay accommodation available as an alternative option, it's easy for you to find the perfect place to stay.

INTO STUDENT RESIDENCES

If you would like to live on campus, the INTO student residences are in the same building as the INTO Centre, so you are perfectly located for getting to your lessons quickly and easily! Your accommodation will include:

- a private study bedroom with bathroom
- shared kitchen and living spaces with other INTO students
- the option to book a meal plan and have two meals cooked for you in the on-site INTO Café and Restaurant every day

HOMESTAY

This is a unique opportunity to experience British life and culture first-hand. You will have a private room in a carefully selected host's home, sharing mealtimes and living spaces.

SUPPORTING YOU

In the residences, you will find on-site staff available 24/7 to offer support and ensure your experience is a happy one. If you are under the age of 18, you will live on a corridor with additional entry access security and receive extra support from the Welfare Officers.

TAKE A VIRTUAL TOUR OF THE CAMPUS, CITY AND OUR ACCOMMODATION:

www.myin.to/UEAVirtualTour

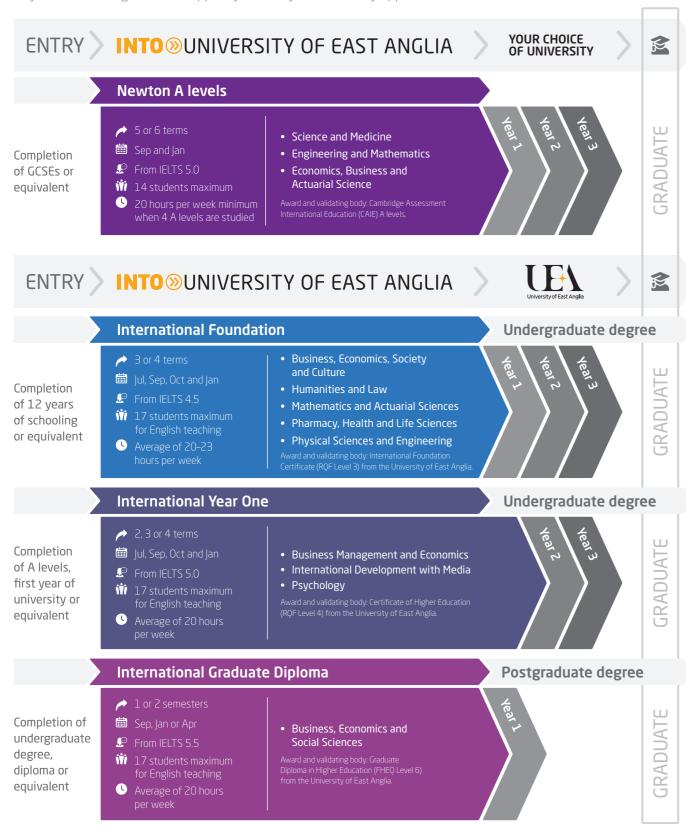

95% student satisfaction for feeling safe and secure (INTO Annual Student Experience Survey 2019)

INTO UEA aims to provide the accommodation requested. However, there may be occasions when INTO UEA is unable to provide the requested accommodation and reserves the right to offer an alternative type of accommodation instead. The price for any alternative accommodation may differ and will be confirmed to students at the time of their offer.

Choosing your course

Prepare for your university degree with our tailored, academic pathway programmes designed in partnership with the University of East Anglia. You'll benefit from university-style teaching for subject-based modules and high academic standards. Then, when it comes to progressing to your chosen degree, we'll support you with your university application.

Please note that course length and start month options may vary depending on the pathway chosen. Please visit www.intostudy.com/uea/courses for full information

Newton A level Programme

- A unique opportunity to study A levels related to science, mathematics and economics on a university campus, receiving expert tuition and focused attention.
- You could achieve exceptional A level results and gain a place at a top university, such as Cambridge, Imperial, LSE, UCL, UEA and medical schools in the UK and Ireland.
- > Receive support while applying to competitive degree programmes. 100% of students recommended for Cambridge and Oxford in 2018 were invited for an interview!

Science and Medicine

- > Opportunities for medical work placements at the University hospital.
- > Weekly Medical Ethics classes to prepare you for medical applications.

Compulsory A level subjects:

Optional A level subjects: Physics

Biology Chemistry Mathematics

Psychology

Progress to undergraduate degrees such as Medicine, Dentistry and Psychology

- > Participate in weekly maths enhancement classes to develop your skills.
- > Take part in the nationally recognised UK Mathematics Challenge, competing against other international and UK students, and work towards a CREST Award.

Compulsory A level subjects:

Optional A level subjects:

Physics Mathematics Chemistry **Fconomics**

Further Mathematics

Progress to undergraduate degrees such as Computer Science, Engineering and Physics

Economics, Business and Actuarial Science

- > Impress universities by extending your knowledge beyond the curriculum, and undertake a recognised project qualification to enhance your applications.
- > Work towards a CREST Award to enhance your university applications and develop excellent communication, project management and teamwork skills.

Compulsory A level subjects:

Optional A level subjects:

Economics Mathematics Further Mathematics

Physics

Progress to undergraduate degrees such as Accounting, Business and Economics

Find comprehensive information on all academic pathway programmes, degree options and progression requirements at: www.intostudy.com/uea/courses

Degree option with a work placement also available
 Degree option with a year abroad or overseas experience also available

Please note: English level and academic progression requirements are correct to the best of our knowledge at the time of going to print. In some circumstances, these may change throughout the year - please visit www.intostudy.com/uea/courses for the most up-to-date information. Progression requirements, including English level and final grade, may be higher for degrees with a year in industry, a year abroad/overseas placement, and with an integrated Master's.

* A Master's degree option is also available.

Popular degree programmes

An International Foundation pathway programme can lead to a wide variety of degree programmes at UEA. Here are some of the most popular degree programmes that INTO UEA students have progressed to.

Accounting and Finance BSc (Hons)

- This degree teaches you all the technical skills you need to become a chartered accountant in commerce, industry or the financial services.
- You'll have the advantage of exposure to financial reporting and could maximise the number of exemptions from professional accounting bodies.

Business Finance and Economics BSc (Hons)

- Offered in conjunction with Norwich Business School, this degree is for those interested in the finance side of business and economics.
- You will train in economic analysis with a focus on business management, financial markets and corporate finance.

Business Management BSc (Hons)

- The belief at Norwich Business School is that exceptional management is all about balancing hard and soft skills. That means understanding numbers and how to finance an organisation, but also how people behave and why they behave as they do.
- On this course, you will become adept at this balancing act learning how to become an expert in both business strategy and human behaviour.

Economics BSc (Hons)

- This degree teaches you how the economy works and how to improve it, giving you the chance to question everything and challenge yourself to not just analyse the ideas of others, but to come up with and defend your own theories too.
- You will explore all areas of the economy and learn quantitative methods, economic modeling techniques, and how to collect and analyse data.

International Development BA (Hons)

- Prepare for a career in international development with a degree that explores the social, political and economic dimensions of the field.
- You will tackle diverse issues such as poverty, globalisation, gender inequality, conflict and humanitarian interventions, and could take modules on environmental change, education and development, geographies of development, and media and development.

Law LLB (Hons)

- Join a top Law School that offers an intimate and engaging law degree experience, gaining practical experience by offering pro bono legal advice.
- You will benefit from the expertise of teachers conducting research in a wide range of fields, including commercial law, competition law, the law
 of public protest, internet and media law, law and medicine, and the law of government commerce.

Marketing and Management BSc (Hons)

- Preparing you to work in marketing, this degree combines creative flair with an interest in business.
- You will learn the fundamentals of business while gaining the skills you need to excel in marketing and the ever-challenging business world.

Media Studies BA (Hons)

- By studying the theory and business of media, you will discover how media changes our world and how you might create world-changing media.
- · You will explore a global range of media industries, mastering current debates while developing the skills to produce your own media content.

A Pharmacy MPharm (Hons)

- This degree programme has a global reputation for innovative teaching backed by exceptional research.
- You will focus on practical experience in laboratory and clinical settings, and cultivate professional skills on placements from the very beginning.

Physiotherapy BSc (Hons)

- UEA's approach to this degree is both varied and interactive, based on the very latest research to help you help people overcome physical setbacks.
- You'll access dedicated facilities, including an anatomy room and assistive technology suite, to develop the skills you'll need to start your career.

Psychology BSc (Hons)

- Discover the science of human behaviour and how the human mind works as you learn to evaluate psychological theories and develop your own.
- You will learn to understand how nature and nurture, biology and culture, and genes and the environment determine human thoughts, feelings and behaviours, while enjoying state-of-the-art laboratory facilities such as an EEG laboratory and an eye tracking laboratory.

English courses

Academic English

> For students who need to increase their IELTS level in order to progress to university. This intensive course offers rapid progress of up to one IELTS band per term.

Course features

- You will learn through face-to-face teaching and online learning to communicate effectively in English and improve your reading, writing, speaking and listening skills.
- A diverse social programme and effective academic content will help you to develop the fluency and confidence you need to progress to further study.
- Access INTO's interactive online learning platform, MyINTO, outside of class to practise your English language skills, complete tasks and engage with your classmates.
- Developed in partnership with Cambridge English, the world leader in language assessment, INTO English Language Assessment (IELA) provides a standardised online assessment of all four core language skills throughout your studies. The IELA test is available to you as an additional form of assessment and allows you to choose from a wide range of Higher Education institutions.

Improve your English language skills to prepare for further academic study

Start date

16 weeks: Aug 1–4 terms: Oct, Jan, Apr or Jul

English language entry requirements

From IELTS 3.0

Age requirement

16 years and above

Class hours

30 learning hours per week, with 25 hours of face-to-face contact

Pre-sessional English

> For students who are academically qualified and hold an offer from the University of East Anglia, but need to improve their English language skills to the level required for their chosen degree.

Course features

- Prepare for your degree by learning English language and study skills tailored to the requirements of university study in a 4, 6, 8, 12 or 16 week course.
- Learn from experienced teachers and alongside students who will be studying the same - or similar - subjects as you at the University.

improved my academic vocabulary and

taught me how to structure a research paper."

2016 Completed an Academic English course at INTO UEA

2017 Graduated with MSc Advanced Computing Science

rom the University of East Anglia Now Working as an IT Security Technician at BFA, Angola
