The best university preparation for you

Founded in 1959, Bellerbys College provides a high-quality British education that's tailor-made for you and trusted by universities.

Welcome to Bellerbys

Bellerbys is one of the most well-known and well-respected international colleges in England, offering you a route to university in the UK. We give international students like you the opportunity to study at a leading UK university, offering a range of programmes to help you get there including:

GCSEs, A Level, International Foundation, Undergraduate Year 1 as well as English language support.

Each of our campuses has its own unique facilities and resources to provide a friendly and supportive learning environment. Over the years, we've helped our students achieve excellent exam results and successfully progress to elite universities.

The top 30 UK universities accept our students

We'll help you make the best university choice for you. With A Levels, you can apply to any university in the UK. We offer specialist preparation to those of you wishing to study medicine or apply to Oxford or Cambridge. Our Foundation programme offers progression to 100 universities (including many in the top 30*) and 6,000 degree programmes.

No matter which programme you choose, we are committed to providing you with a traditional education, complemented by the 21st century skills everyone needs and the university connections to succeed both now and in the future.

Study a tailor-made education

Our high-quality British education is designed specifically for international students and trusted by universities. Our team of expert staff help to create an environment of specialist academic programmes and support, working with you to ensure your programme is meeting your needs.

All our staff are specialists in teaching international students. Classes are small, ensuring you get the individual attention you need to achieve your academical potential. We also help you to

continue developing outside of the classroom, offering a range of enrichment activities designed to broaden your interests and enhance your university application.

No matter which programme you choose, we are committed to providing you with a traditional education complemented by the 21st century skills

Grow in confidence ready for university

Ambitious students will thrive under our combination of dynamic teaching, enrichment programmes and links with leading universities. We have more than 60 years' experience helping students like you develop the skills and confidence to succeed in a UK university environment.

There is a wide variety of support roles in each campus, ranging from accommodation and welfare officers to language advisors, personal tutors and security. At Bellerbys, you'll be part of a welcoming and supportive international community from your first day. We're here to help, so that you can focus on your studies and achieve your full potential.

Progress to a top university

We work with 100 universities, connecting you to the right university for you. Our regular events and expert knowledge offer you direct access to our university partners and help choosing which university to go to.

Wide choice of universities

At Bellerbys, we connect you to the right university for you. Offering the widest choice of university pathways, you can apply to any university in the UK depending on your programme choice. Our A Level programme gives you unrivalled access to all of the UK's elite universities and degree options. Our A Level students have gone on to study at more than 100 different universities – including Oxford, Cambridge, Imperial College London, London School of Economics and University College London.

Guaranteed conditional offers

Our one-year, international Foundation is recognised by 100 universities and offers progression to 6,000 degree programmes. You'll benefit from our partnership with a number of top UK universities, with guaranteed conditional offers and letters of conditional progression options to apply from up to eight universities – depending on your chosen subject pathway and campus.

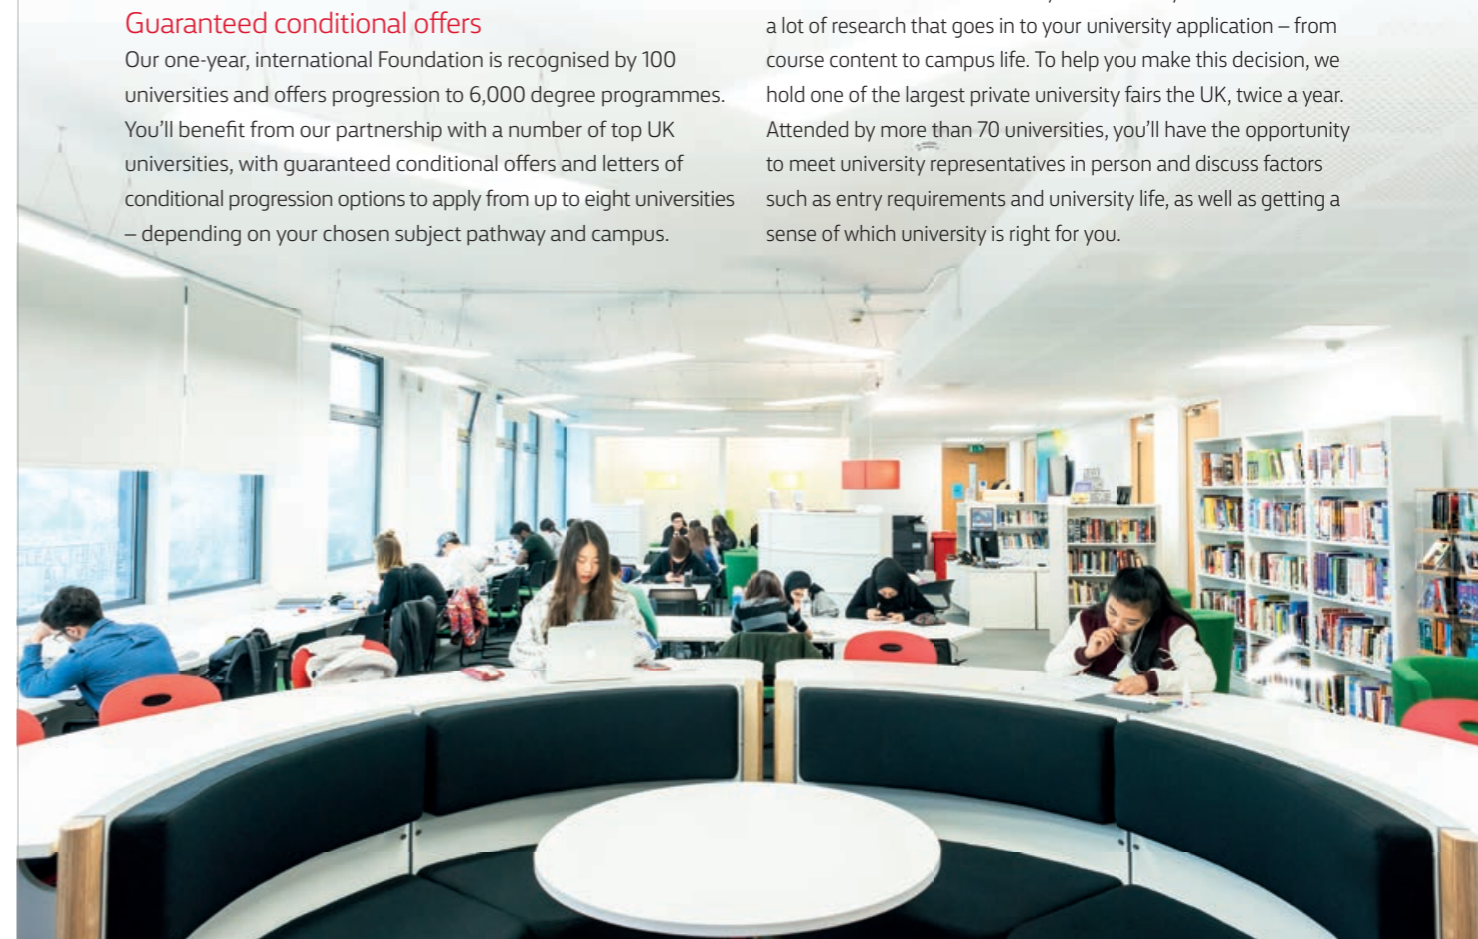

Academic English Skills

Our Foundation and Undergraduate Year One programmes both offer thorough English language training, along with related academic skills, which will prepare you to progress to a number of universities without having to take an additional IELTS test. Your weekly timetable will include dedicated time to focus on developing the English language entrance requirements of many UK universities.

Our A Level programme gives you unrivalled access to all of the UK's elite universities

Decide on a university whilst in the UK

Choosing your university and degree is an important decision, and one that should be made when you are already in the UK. There is a lot of research that goes in to your university application – from course content to campus life. To help you make this decision, we hold one of the largest private university fairs the UK, twice a year. Attended by more than 70 universities, you'll have the opportunity to meet university representatives in person and discuss factors such as entry requirements and university life, as well as getting a sense of which university is right for you.

University connections

We offer the widest choice of university pathways, with our Foundation programme recognised by more than 100 universities, including over 40 of the top 50 UK universities. Our Bellerbys A Level students can apply to any university in the UK.

GUARANTEED CONDITIONAL OFFERS

The Bellerbys Foundation programme is trusted by universities, and offers a guarantee of a conditional offer* from a number of respected universities, including the University of Bristol and Leeds Arts University.

For students on our Undergraduate Year One programme, you'll benefit from a guarantee of a conditional offer from Aston University.**

*Offer of guaranteed progression subject to: submission of completed UCAS application, academic reference and personal statement, meeting required standard, passing A Level/Foundation programme with the required grades and English language level. Only for degree programmes listed and conditions stated on conditional progression letters.

** You have the opportunity to progress to the second year of a degree at Aston University, subject to achieving the grade and IELTS/Academic English Studies required. For degree details see bellerbys.com/find-your-course/undergraduate-year-1.

LETTER OF CONDITIONAL PROGRESSION

In addition to our Guaranteed Progression partners, we also work with a further eight UK universities which offer a commitment of conditional progression to our Foundation students.

Conditional Progression partners will provide you with a letter highlighting the degree programmes to which you can progress and the entry requirements you will need to achieve.

You can receive offers of conditional progression* from a number of prestigious UK universities with our Foundation programme. Depending on the Foundation subject pathway you choose and location you study it in, you could receive offers of conditional progression from the above universities and degree courses. Please note that the letter in itself is not a Conditional Offer from the university. You can receive a conditional offer if you meet all the requirements through your submission of a correctly completed UCAS application.

GUARANTEED INTERVIEWS FOR A LEVEL STUDENTS

We work closely with our university connections to support students aspiring to progress to specialist subject areas. As such, some of our university partners offer guaranteed interviews to certain degrees for our A Level students, including:

- The University of Buckingham^ – guaranteed interview for A Level students for the MB ChB Medical degree
- Royal College of Surgeons Ireland^ – guaranteed interview for A Level students for the MB, BCh Medical degree
- Keele University** – guaranteed interview for Physiotherapy, Pharmacy or Radiography programmes.

- Brighton and Sussex Medical School* – guaranteed interview for Elite Medics A Level students for the BM BS Medical degree
- Brunel University London^ – guaranteed interview for A Level students for the MBBS Medicine degree

*BSMS applicants will need to meet predicted grades AAA at A Level and be studying biology and chemistry.

^Brunel University London, University of Buckingham Medical School and RCSI applicants will need to meet the required predicted grades AAB at A Level and be studying biology and chemistry.

**Keele University - available for A Level and Foundation students.

Bellerbys Foundation

The Bellerbys Foundation programme provides you with guaranteed conditional offers with a number of universities. Our eleven subject pathways are recognised by 100 UK universities, with 6,000 degrees – giving you the choice to make the right decision for you.

Designed for international students

Our Foundation is an intensive, three-term programme developed specifically for international students and accredited by the top-ranking Lancaster University. Its modular structure allows you to study multiple modules at once, with exams at the end of each. With its emphasis on developing strong academic and English language skills, our Foundation programme is a respectable alternative to A Levels and offers progression to 100 UK universities.

Guaranteed progression

You can benefit from conditional progression† to a range of top UK universities. Many of our university partners also offer Bellerbys Foundation students Guaranteed Conditional Offers upon application via UCAS.

Our Foundation programme university partners include:

Academic English Skills

Accepted by more than 40 universities, our Academic English Skills (AES) is built into your timetable from your first day of lessons, so you have more time to focus on developing your English language skills. And AES is accepted by more than 40 of our university partners in place of IELTS. By applying to these universities, you won't need to worry about taking an additional test to prove your English language level. Our AES programme helps you to:

- Read effectively and critically
- Listen to and make notes in lectures and presentations
- Deliver presentations and participate in academic seminars
- Research, plan and write academic essays
- Use language with clarity and confidence

You'll also be supported in developing the accuracy and range of written and spoken English you will need to express yourself effectively and with confidence.

If you wish to apply to universities that do not yet accept AES, we provide IELTS preparation and practice alongside AES.

Money back guarantee

We are confident that you will achieve your academic potential and get in to a top UK university. If you do not achieve this after completing your Foundation programme, we will refund your tuition fees. Terms and conditions apply – visit bellerbys.com for more information.

†Conditional progression is subject to submission of a correctly completed UCAS application, academic reference and personal statement meeting the required standard, as well as passing the Foundation programme with the required grades and English language level.

Bellerbys Pre-Foundation

A pathway for international students looking to study our Foundation programme, but who do not yet meet the academic or English language requirements.

Our Pre-Foundation programme prepares you to successfully complete our Foundation and progress to a UK university. We'll help you to improve your English language and academic skills, as well as develop the organisational and presentation skills you'll need as a student in the UK.

The Bellerbys Pre-Foundation is offered at our Brighton and London campuses. Whichever campus you choose, you'll become familiarised with the British style of learning, benefit from small class sizes, improve your language skills and collaborate on group work to develop your communication and teamwork skills, as well as receiving support to improve your independent learning skills.

Pre-Foundation at Brighton

The 3-term Pre-Foundation at Bellerbys Brighton is for international students aged 15.5+ and looking to progress to a Foundation pathway in: **Art and Design**; **Business, Finance and Management**; or **Media**.

You'll study three GCSE subjects, with exams at the end of the programme in English Language, Mathematics and either Business, Art or Media. If you choose Art or Media, you'll also complete project work. You can also study for a GCSE exam in your native language – if it is available at your chosen location.

Pre-Foundation at London

Our London College offers a choice of Pre-Foundation programmes depending on your age. **Pre-Foundation** is a three-term programme, starting in September, for students over the age of 15.5+. **Pre-Foundation 18+** is a two-term programme starting in January and is for students over the age of 18.

On the three-term pathway, you will study:

- **Business BTEC (Business and Technology Council).** This course provides a more practical, real-world approach to learning. You'll study the world of business, giving you the opportunity to develop knowledge and technical skills in a practical learning environment.
- **Functional Skills in Mathematics.** Providing you with the essential knowledge, skills and understanding that will enable you to operate confidently, effectively and independently.
- **English.** IELTS and critical thinking skills development.

You'll also participate in our STRIVE programme, providing you with the academic skills that you may not have developed in your previous education.

The two-term pathway, starting in January, is an intensive course of study for students over the age of 18.

No matter the programme you choose, you can progress to the Business, Finance and Marketing or Marketing Foundation programmes at Bellerbys London.
