One of North America's most international and innovative schools

Lynn offers **individualized education** in a **welcoming and multicultural environment**. Modern teaching methods and a focus on technology make it an exciting place to study.

Make your undergraduate degree fast, flexible and financially friendly

Complete your four-year degree in just three years when you're accepted into the accelerated degree program. You'll save approximately \$50,000 (on tuition, room and board) over the cost of a four-year degree and will be ready for the job market or graduate school one year sooner.

Accelerated program

If you are a direct admit or 1-semester International Year student, you can complete your bachelor's degree in three years with the accelerated program.

This by-invitation-only program is offered to high achieving, highly motivated students based upon their high school academic performance.

19%

international

Ranked #1 for Most International Students, Regional Universities South (U.S. News & World Report – 2019)

How it works

You earn an accelerated degree by taking extra classes – at no extra cost – during fall, spring, summer and January terms.

- You and your adviser will design your accelerated schedule.
- You'll enjoy priority registration for required courses.
- If you take a gap year after high school, you'll complete your degree in the same time frame as if you hadn't.

For the high-achieving students in the accelerated degree program:

- You must maintain good standings in your classes.
- You need to be motivated and disciplined.
- You can choose to complete a master's degree in year four.

Available for all majors except music, education and B.F.A. programs (please review the list of degrees for excluded majors).

#3

innovative

#3 most innovative school
in Regional Universities South
(U.S. News & World Report 2017)

A new approach to education

Integrating technology into the classroom enhances your studies. Lynn's award-winning **iPad-powered learning** is one of the most extensive in the U.S.

How it works

When you arrive on campus, you will be given an Apple iPad® for you to use throughout your degree. This will be pre-loaded with learning materials including customized iBooks and interactive tools to help with your studies. Your professors will use interactive content, including videos, so that you are prepared prior to your lectures.

Additional technology

You will also be given a Smart Keyboard and an Apple Pencil for sketching ideas and annotating texts, so you can use the learning materials how you wish.

Engaged learning

Your attendance, assignments, and grades will all be managed through your iPad. Group presentations and assignments can be shared via in-class Apple TVs or between students to make teamwork easy.

Saving money

Professors provide faculty-created iBooks, videos and quizzes for you to use at no additional charge. The iBooks replace standard printed textbooks and are customized to your classes. Students save, on average, 90% on the cost of textbooks.

Unique platforms

Lynn is one of a select number of **Apple Distinguished Schools** in the world and has been recognized three times by the technology leader for outstanding innovation, leadership and educational excellence. The class content and teaching style is evolving at every level and lecturers often test fresh concepts and partnerships to develop your understanding further.

Welcome to the Sunshine State

Lynn University is in Boca Raton, **Florida**. With a tropical climate and 70 miles of beaches, it's a **stunning place to be a student**.

Imagine yourself here

Florida is located in the southeastern United States, between the Atlantic Ocean and the Gulf of Mexico. It is home to the top tourist destinations in the USA, such as Miami, Orlando, Key West and Naples. Florida is known for its sunny beaches and world-renowned theme parks.

After class, you can go to the beach, have barbecues with friends, and enjoy outdoor sports all year round.

Places to visit in Florida

- **Walt Disney World**
- **Everglades National Park**
- **South Beach** in Miami
- **Southernmost point of the Continental US** on the islands of Key West
- **The John F. Kennedy Space Center**

Open your eyes to opportunity

Career preparation is a core part of all degree programs at Lynn. South Florida is a hub for international business, and past students have gained internships with Florida-based companies, such as Citibank, Mercedes Benz, IBM and Royal Caribbean Cruises. As a hard-working and high-achieving student, you have the opportunity to do the same.

You'll love campus life

Safe, green and beautiful, Lynn's 115-acre campus is three miles from the Atlantic Ocean. You've got everything you need on site, including places to eat, relax and worship. Off campus, there are local shops and great restaurants nearby.

Feel at home

Students from all over the country and world call Lynn home. Wherever in the world you have traveled from, #YouAreWelcomeHere.

Most students live on-campus in one of the six residential halls, each with furnished rooms and shared spaces. Graduate students do not have on-campus housing, and usually rent in convenient residences, near campus. Study, relax and socialize while living within walking or biking distance to your classes.

The campus has an arts center, fitness facilities and nearly 40 student clubs and organizations.

Things you can do at Lynn

- Join a **student club** (or many!)
- See a **concert** at the World Performing Arts Center
- Go **swimming**, or join a sunrise **yoga** class on the beach
- Explore Boca Raton by **bike**
- Start your own **business**
- Get involved in **community service**

Enjoy great team sports and tennis facilities

Great places to dine on campus 24/7

Florida is famous for its warm and sunny beaches

Enjoy yoga in the sunshine

Experience a welcoming campus community

International Study Center

Based on campus, the International Study Center **supports your success** as you begin your degree studies and adapt to life in the U.S.

International Study Center

The International Study Center provides a supportive environment that eases you into student life in the U.S. You'll make friends with American and other international students, and receive all the support you need from our friendly staff and global community.

Part of campus life

You will learn on-campus using modern tools to inform your studies. As a Lynn student, you will also have access to the library, fitness center, swimming pools, 24/7 dining and other student facilities.

Starting your degree

We understand that studying in a foreign country can be challenging, so from your first day at Lynn University, the International Study Center is here for you.

Studying at the International Study Center means that you will get the best of both worlds: the full Lynn campus experience, plus the care of a supportive community that will help you adapt and thrive as an international student. And when you're ready, you'll continue your chosen mainstream degree program, confident and fully prepared for the challenges of a Lynn University education.

International Year

Receive personalised teaching and support

Study English language and academic courses

The International Year program is up to a one-year credit-bearing pathway program, **preparing you for success as you begin your undergraduate studies at Lynn.**

Pathway structure

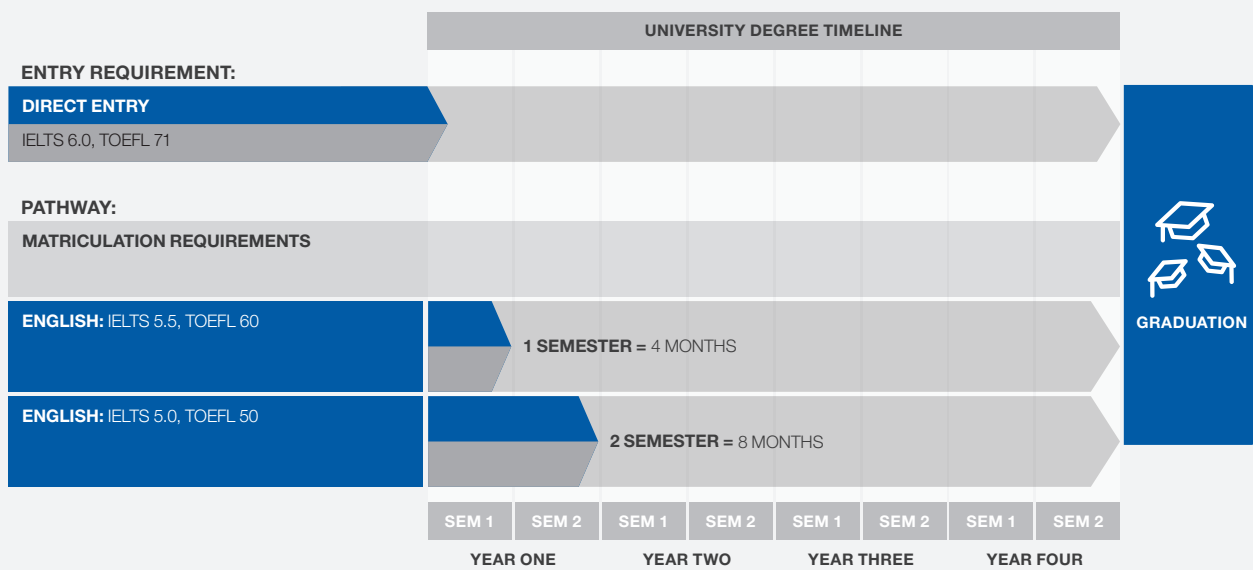

During the program, you'll study academic courses and develop strong study skills. At the same time, English language classes will boost your reading, writing, listening and speaking skills.

When you complete your International Year, you'll continue your degree, alongside other students from the U.S. and all over the world. You can choose from nearly 50 different degree options in the arts, business, education and science.

Lynn is a three-time **Apple Distinguished School.**

Lynn University is only one of a few universities in the United States, that has the designation of a full Apple Distinguished School. This contributes to Lynn's unique campus community and innovative style of teaching and learning.

Study plan options

Direct admission

If you meet the appropriate language and academic requirements, you can apply directly to any of our academic programs at Lynn. This is an excellent opportunity for students from English-speaking countries or with high scores on the IELTS and TOEFL to attend Lynn University.

The International Study Center can also help you with your application.

Take flight at Lynn

Burton D. Morgan College of Aeronautics offers scholars **unrivaled personal attention** and internship opportunities.

Learn by doing

As a student in this college, you'll have many opportunities for hands-on learning. You'll use flight simulators, log real flight time and take off on campus field trips. You will also have access to a variety of aviation-related clubs, organizations and activities. Join a national aviation fraternity or a professional and industry-specific organization and put your skills to use.

You will be learning to fly in a 2,700-square-foot facility, which is located at the Boca Raton Airport and houses a state-of-the-art Frasca flight training device and is home to the university's fleet of Cessna 172 and Cirrus SR-20 aircrafts.

You could qualify for
**Airline Transport
Pilot** certification
with just 1,000 hours.

Aviation operations curriculum

In distance and experience, you're bound to go far. Our state-of-the-art training facility is designed to meet the highest educational and professional requirements.

Through our curriculum's mixture of study and training, you'll gain valuable hands-on learning and industry exposure. From early on in your course, you'll get to use our advanced flight planning platforms, weather radar devices, jet engines and systems, and more. This major qualifies graduates for the RATP (restricted airline transport pilot) at 1,000 hours.

Aviation classes

AVF 341 Airport Operations

A detailed study of operating an airport, principally viewed from the public sector standpoint. Included in the course are the operator's functions and responsibilities, applicable local, state, and national regulatory requirements, together with preparation of an airport's master plan.

AVS 346 Fixed Base Operations

An analysis of all aspects of fixed-base operations, including flight training, charters and rentals, contract services, transient flight operations, and community relations. Study also will include an overview of the contemporary air transportation industry, both domestic and foreign, including the industry's evolution, structure, regulation, administration and its aircraft.

AVS 482 Air Traffic Basics

Every day, thousands of Air Traffic Controllers across the country work tirelessly to ensure the safe flow of traffic throughout the National Airspace System. This course is designed to expose students to this dynamic and rewarding career path. It also helps students prepare for any of the other wide-ranging technical fields in the aviation industry. The review of aeronautical topics also is an excellent primer for students wishing to be flight instructors or professional pilots.

Aviation careers

Your B.S. in aviation operations will make you marketable to companies of all sizes. You will be qualified for business roles as well as piloting. Here are a few aviation careers you'll be ready for with your degree:

- Aviation operations manager
- Aviation-based marketer
- Airport manager
- Commercial transporter

You will
be qualified for
business roles
as well as piloting.

Preparing you for career success

The Career and Alumni Connections team can **connect you to business leaders and potential employers.** You will have access to career preparation resources, job shadowing with Lynn alumni and internship opportunities.
