## My VIU Experience

# Celina Glabus

“In summer 2018 I traveled to South Africa for three months as an intern on behalf of the Global Studies program at VIU. Overall, the experience was an incredible educational opportunity, and I have since applied much of what I learned to the concepts I study in both Gender Studies and Global Studies. VIU was a welcoming institution for my curiosity about the world, and I will graduate a well-informed global citizen.”

### About Celina

- Plans to pursue a career in law
- Volunteered as a director for the VIU Model United Nations Conference
- Came to VIU from her hometown of Okotoks, Alberta

Celina graduated with Distinction in June 2019, completing a Bachelor of Arts majoring in Studies in Women and Gender and minoring in Global Studies.

**MARINERS**

# Be a Mariner

Our Mariners varsity program has a tradition of excellence. Not just on the court, field or course, but in the classroom as well. Mariners teams won two CCAA National Championships in 2019 (Women's Volleyball and Men's Basketball) and led the PACWEST with a record five team provincial championships.

Last year Mariners scholar-athletes led the PACWEST in CCAA Academic All-Canadians. With a strong focus on community, Mariners scholar-athletes are often seen coaching and participating in community events around Nanaimo. Success on the playing field, the classroom and in the community means excellence is a way of being for VIU Mariners.

## My VIU Experience

# Matthew Graham

“What drew me to VIU more than anything was its location. Not many students get to say they go to school in a region as beautiful as Vancouver Island. Being right near the ocean, and having to wear only a hoodie to school in January sounded appealing to me. Plus, Nanaimo stays relatively warm year-round and doesn’t receive much snow; coming from Alberta, this is a huge bonus!”

### About Matthew

- Played on the VIU Mariners men’s volleyball team
- Launched a non-profit company as a senior BBA project
- Aiming for a career in law

Matthew graduated with a Bachelor of Business Administration in June 2019
