

EXTRAORDINARY AWAITS YOU

For more information about **INTO WSU programs** please visit www.intostudy.com/wsu

To learn more about direct entry programs, please speak with your education counselor.

WSU places a strong emphasis on hands-on learning and encourages students to apply their knowledge in the real world. Students can launch their own businesses through the Center for Entrepreneurial Studies; learn to use tools like 3D printers and plasma cutters in the Frank Innovation Zone; or create their own television shows at WSU's Cable 8 Productions. Students in every major have opportunities to gain practical experience which can eventually lead to Optional Practical Training (OPT) employment at competitive US companies.
