THE MOST VALUABLE INVESTMENT YOU WILL EVER MAKE

University is your time to decide who you are and what you want to be – as an individual and as a professional. Do you want to follow the crowd and be the same as everyone else or do you want to stand out; be your own person; ready to take the lead and make a real difference in the world?

At Bond University, we believe that this is not just about having a degree: it is about having the most forward-thinking, globally-focused degree and combining it with the underlying core skills that make employers sit up and take note.

Skills like leadership, communication, team work and ethical values that we incorporate into every undergraduate degree through our only-at-Bond core skills subjects. And the added value of practical experience in your chosen field that you will get from internships, clinical placements and real-life projects through Beyond Bond.

We will give you the opportunity to grow personally and professionally through overseas travel with student exchanges, study tours, international competitions, global conferences and volunteering programs. You will get to work on projects that you are passionate about, meet industry leaders, maybe start your own business and pitch it to investors.

How can we deliver so much more than any other university? By offering a personalised learning environment based on one of the lowest student to teacher ratios in Australia, where you will be mentored in small classes by world-class academics.

That one-on-one support carries right through to the career planning, preparation, and application process; ensuring you will stand out in the employment marketplace when you graduate and throughout your career. Ask any Bondy and they will tell you that coming to Bond University changed the course of their life.

Professor Tim Brailsford
Vice Chancellor and President

IN A CLASS OF YOUR OWN

Most university degrees look a little like this:

You're sitting in a crowded lecture theatre, among a sea of strangers. There's you, your lecturer...and over 100 fellow students.

At Bond your university experience is personal, from day one. Your teachers don't just know you by name, they know your dreams and ambitions. They probably know your coffee order too.

It's one of the reasons we've been ranked Australia's leading university for student experience for the past 14 years, according to the Good Universities Guide.

YOU WON'T BE 'JUST A NUMBER'

Our 10:1 student to teacher ratio and access to academics opens doors to industry placements, research projects, job opportunities and help whenever you need it. You will connect with students from all over the world, building a global network of lifelong friends and colleagues.

GET A ONE YEAR HEADSTART

Bond's three-semester-per-year schedule means you'll finish your degree and be earning an income up to a year ahead of graduates from other universities. You'll graduate sooner and better prepared for the workforce, getting a headstart on career promotions and progression.

FEE-HELP

Your university degree is one of the most important investments you will make in your lifetime. FEE-HELP is an interest free loan that helps eligible fee paying students pay their tuition fees. This accumulated debt is indexed annually by the Australian Taxation Office, according to the Consumer Price Index (CPI). Visit bond.edu.au/financing-your-studies for more information.

GRADUATES WHO STAND OUT NOW AND IN THE FUTURE

FUTURE-FOCUSED

PREPARING FOR YOUR FUTURE HAPPENS INSIDE AND OUTSIDE THE CLASSROOM

The **BEYOND BOND PROGRAM ENHANCES YOUR EMPLOYABILITY** through volunteering, community projects, industry placements, international competitions and more. It's delivered within Bond's undergraduate Core Curriculum, where students can select from more than 200 activities to gain valuable employability experiences and skill development.

As a Bondy, you will have lifetime access to a team of **DEDICATED CAREER EXPERTS THROUGH THE CAREER DEVELOPMENT CENTRE**. Bond will help you explore and define your career path, develop applications and resumes, prepare for interviews and make connections with key employers.

LEADERS

LEADERSHIP IS AT THE CORE OF EVERY BOND GRADUATE

CORE SUBJECTS ARE EMBEDDED IN EVERY UNDERGRADUATE DEGREE to ensure you develop advanced communication skills, leadership qualities, critical thinking and ethics. Students are encouraged to take part in community and leadership opportunities to further develop their skills and build their resumes.

CHANGE-MAKERS

YOUR BIG IDEA COULD CHANGE THE WORLD - AND WE'RE HERE TO HELP

Through the **TRANSFORMER PROGRAM**, you will develop big picture thinking, creative problem-solving and evidence-based decision-making skills while working on projects with students, academics, alumni and industry partners.

Whether your big idea will change your world, solve an industry challenge or make a global impact, you will have access to the coaching, mentoring and support to turn your innovation into a business.

GLOBAL CITIZENS

THE FUTURE IS GLOBAL

You will be prepared to succeed in new and emerging careers around the world. Innovative **TRANSFORMATION COLAB** elective subjects such as **GLOBAL CHALLENGES, AND GLOBAL CITIZENSHIP AND TRUST** allow students to develop reflective, internationally minded thinking skills, applying their knowledge to examine global challenges and complexities alongside industry partners.

In addition to working alongside students from around the globe, you can **GAIN INTERNATIONAL EXPERIENCE DURING YOUR DEGREE** by studying on exchange at another university, undertaking international internships and participating in study tours.

BREWING BIG IDEAS TO MAKE A BIG DIFFERENCE

I was seven when I visited Africa for the first time. My experiences there, and in particular Kenya, have taught me the value of education; when someone manages to get a good education, they're not only supporting themselves, but can make a big impact on society.

I got involved in the Transformer program at Bond during my Business and Commerce degrees, attending workshops and information sessions that sparked my interest in entrepreneurship. Through Transformer's industry connections, I met a social entrepreneur who was helping to set up solar electricity in Africa and it got me thinking: how could I make an impact on global issues?

I was waiting for a coffee at Bond when the idea for Nice Coffee Co. was born. In Kibera, Kenya, most people live on a single dollar a day - so imagine what you could do with the price of a coffee?

The Transformer program, Bond Business Accelerator, an international internship and a global entrepreneurship competition hosted on campus have all helped me to turn Nice Coffee Co. from idea to reality. The leadership, ethical and critical thinking skills I'm learning in my degree ensure I'm a well rounded, future-focused graduate. My teachers have gone above and beyond to help along the way; my accounting and negotiation lecturers regularly give me business advice and I have access to professional legal advice whenever I need it.

Through Nice Coffee Co., we use ethically sourced Kenyan coffee to supply beans-and-machine packages to offices and companies that want their dollars to make a difference. All profits go to St John's Primary School in Kibera teaching 450 students. Around 100 schools have been closed in Kenya, so it's so important to keep this school open to ensure these kids get the education they deserve and are a step closer to breaking the cycle of poverty.

^oPrerequisites are required for entry into these programs. Refer to program listings for details.

[^]Medical Program is comprised of two sequential degrees - Bachelor of Medical Studies and Doctor of Medicine. Applications for Medical Program must be lodged through QTAC.

^{*^}Please refer to semester start dates for each undergraduate and postgraduate program to determine length of completion of both degrees. Enrolment into the postgraduate program will be conditional on academic performance and / or interview.

HOW IS A DEGREE STRUCTURED?

Applicants who have not previously studied at university would normally enrol in an undergraduate Bachelor degree or Diploma.

ENTRY REQUIREMENTS

Admission to a Bachelor degree is based on Year 12 academic results (ATAR, IB or equivalent) or on the completion of a recognised pathway program.

From 2020, the Australian Tertiary Admissions Rank (ATAR) will replace the Overall Position (OP) as the pathway to tertiary study for Queensland Year 12.

The ATAR will be introduced for students commencing Year 11 in 2019, who will graduate in 2020 and seek entry to tertiary programs from 2021. This will bring Queensland in line with other Australian states and territories.

BACHELOR'S DEGREE

An undergraduate award of 24 subjects which is commonly the entry qualification for many professions or further study. Each subject has a value of 10 credit points (cps). Some subjects may only be worth 5cps; others may be worth 20cps if they involve a major industry project or thesis.

Ultimately, the value of subjects successfully completed will need to total 240cps for a standard bachelor's degree. (Exceptions include Bachelor of Laws and our ^Medical Program.)

PREREQUISITES

Some Bond University programs require specific ATAR subjects as a prerequisite. Please refer to page 59.

COMBINED DEGREES

Bond's accelerated schedule inspires many students to undertake a combined degree.

Bachelor of Laws combinations are particularly popular, with the Bachelor of Business / Bachelor of Laws taking just 3 years and 8 months (11 semesters).

Undergraduate-postgraduate pathways are also in demand. A Bachelor of Commerce and Master of Accounting can be completed in 3 years 4 months (10 semesters).

This is just one more reason why Bond graduates stand out from the crowd - you could graduate with two degrees in the same time it takes for others to complete one.

MAJORS, MINORS AND DOUBLE MAJORS

A major is a cluster of six elective subjects selected from one area of specialisation, a minor is four subjects and a double major is 12 subjects.

FOUNDATION SUBJECTS AND ELECTIVES

Each degree will comprise a specified number of compulsory foundation subjects and electives.

In many cases, Bond allows electives to be chosen from any Faculty, enabling you to design your degree to suit your individual career ambitions or personal interests.

DIPLOMA

Diplomas are non-degree offerings which are offered in practical and occupational fields of study.

A diploma can also be completed as a pathway for students who do not meet the academic requirements for direct entry into their chosen bachelor's degree.

WHAT YOUR ATAR RANK REALLY MEANS

The Australian Tertiary Admissions Rank (ATAR) is a number between 0 and 99.95 that indicates your position relative to all the other students who finish Year 12 at the same time. It is worked out by a formula that considers your results from every subject, balancing your strong subjects, your weak subjects and core subjects like English that are essential to further study.

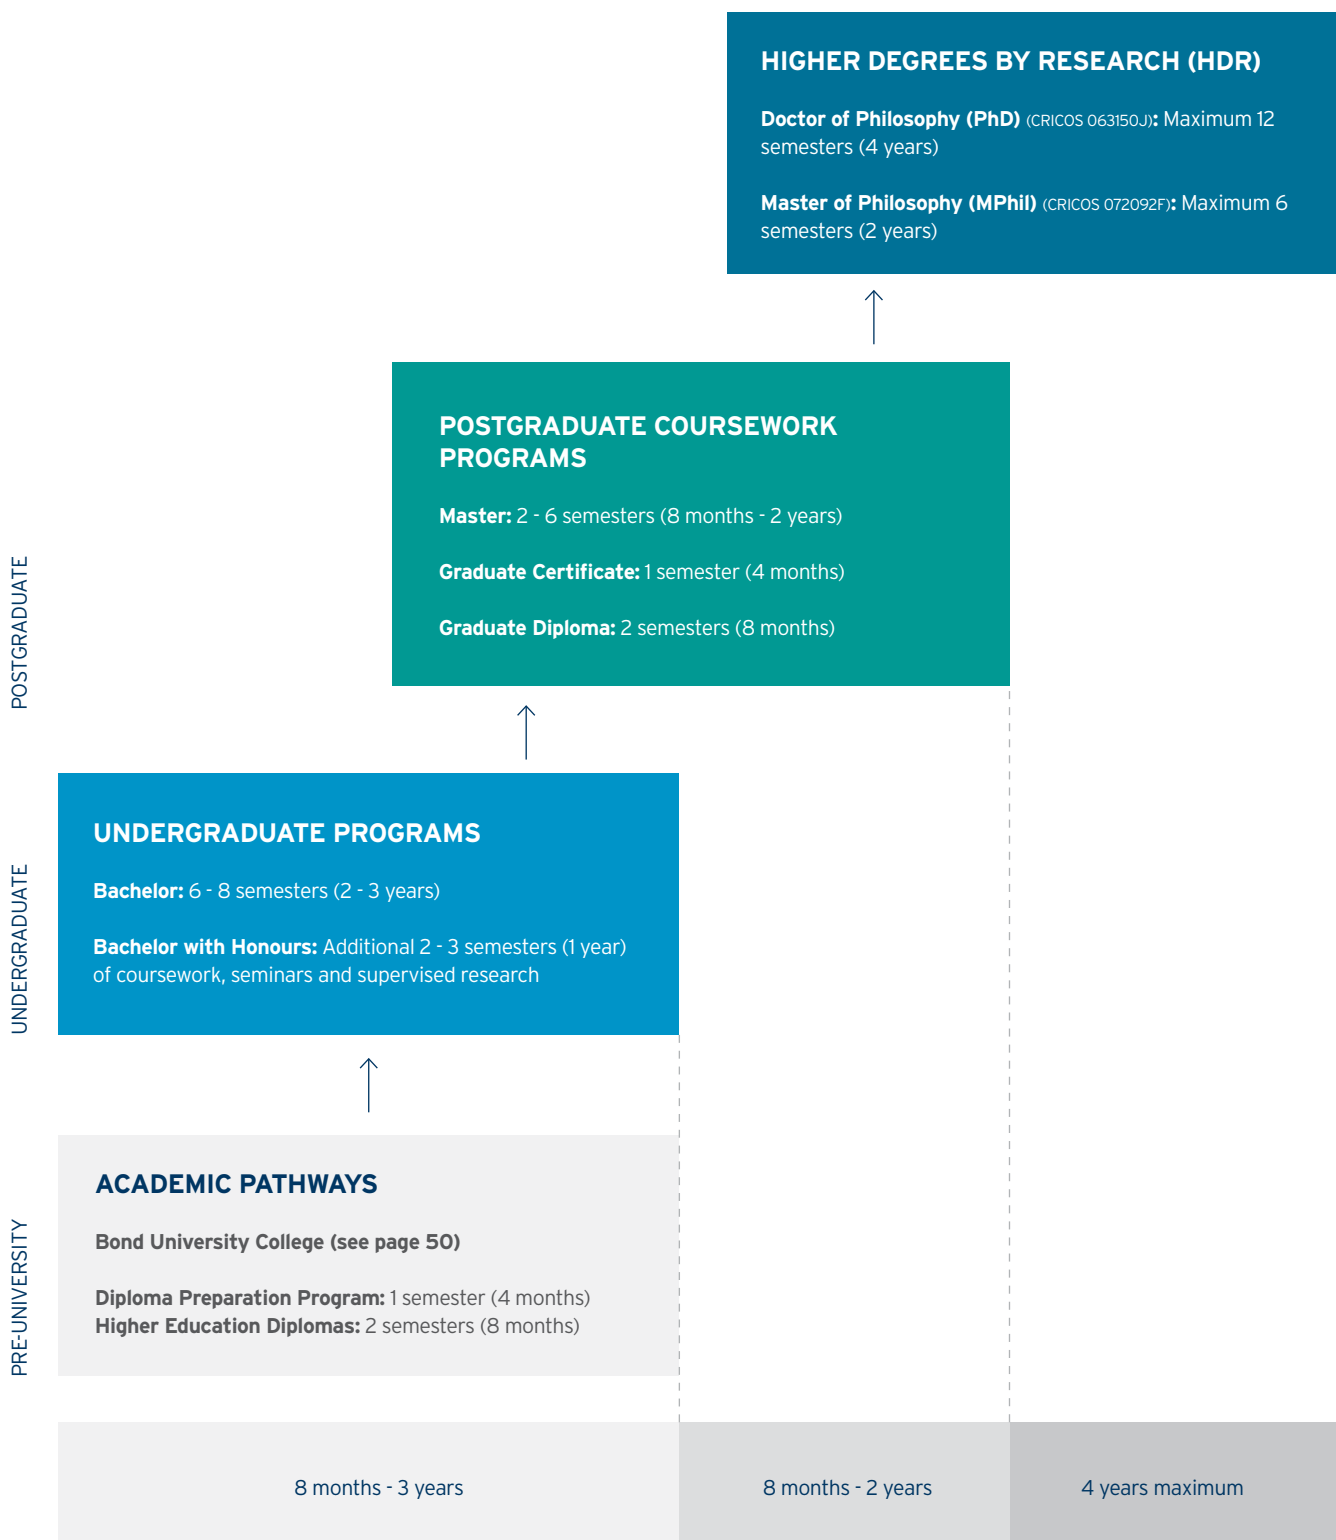

ATAR is used by Australian universities as an entry requirement for various courses, not only as an assessment of academic capability, but also as a way to limit student enrolments according to the number of places available. A high entry ATAR may indicate that there is a strong demand for a particular program but may also mean that there is a high academic standard required for that degree.

The most important thing is to choose a study program that matches your interests. Whether you're passionate about being a doctor, a lawyer, an entrepreneur or a journalist, you will do well in your studies if you choose the right degree for you.

If your ATAR does not meet the entry requirements for your chosen program or if you chose not to get an ATAR, there are alternative pathways to university study through Foundation Programs and Higher Education Diplomas, such as those offered by Bond University College. Please refer to page 50 - 51.

WHAT CAN I STUDY?

Bond University provides options for all levels of tertiary study - from academic preparation programs through to bachelor's, master's and doctorate degrees.

IN A WORLD OF UNCERTAINTY...

More than half the workforce **WILL CHANGE EMPLOYERS** after 16 months on average

Automation will require **NEW WORKFORCE SKILLS** in the next 1 - 3 years

Bachelor of Construction Management and Quantity Surveying

Selection Rank
ATAR / IB**

Starting

Duration

Fees per semester*

CRICOS Course Code 078183K

65 / 24

Jan
May
Sep

6 semesters
(2 years)

\$17,560

The Bachelor of Construction Management and Quantity Surveying covers a comprehensive range of subjects in the field of construction management and quantity surveying, focusing on the management and delivery of complex construction projects. The curriculum addresses a range of topics including construction technology, construction techniques, plant and equipment, site management, contract administration, building measurement, planning processes and risks. It also contains a strong sustainability theme which equips you with distinctive skill sets that are highly sought after in the built environment. All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

PROFESSIONAL OUTCOMES

The Bachelor of Construction Management and Quantity Surveying will provide you with access to a wide range of career pathways in the construction industry. Opportunities include building and construction management, contract administration, site

management, facilities management, building services, quantity surveying, property development, project management, cost management and general management. The skill sets obtained in this degree may also be applied to related sectors such as civil engineering and mining. Graduates will be equipped with a comprehensive knowledge of sustainable development, and will be able to seek work anywhere in Australia or around the world.

PROFESSIONAL RECOGNITION

Students graduating with this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS) as well as the Chartered Institute of Building (CIOB). This program is also nationally accredited with the Australian Institute of Quantity Surveyors (AIQS), and meets the educational requirement set by the Queensland Building Construction Commission (QBCC) for the granting of an Open Builders Licence.

Bachelor of Design in Architecture	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0101291	75 [^] / 26	Jan May Sep	6 semesters (2 years)	\$17,560

Students undertake the Bachelor of Design in Architecture in a unique setting; the national and international award-winning Abedian School of Architecture. This facility and its associated Fabrication and Robotics Lab are dedicated for student use, creating an environment to support creative activity that is accessible 24 / 7 throughout the year. Students enjoy their own studio-based desk in the school for the duration of their studies, which becomes the point of personalised contact with program staff for an individualised, highly supported education. The limited student cohort size of the School is maintained to ensure all students have unique access to workshop facilities and program staff that is unparalleled almost anywhere globally.

KEY FEATURES

- Experience first-hand state-of-the-art technology including 3D printers, laser cutters, CNC Routers and industrial robots.
- Enjoy learning in small class sizes and a dedicated studio environment.
- Learn from industry-leading architects through tutorials, critiques, competitions and the Architecture Lecture Series.
- Design Charette Experience.
- International study tour.

[^]Portfolio entry may be possible with minimum of ATAR 65.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

PROFESSIONAL OUTCOMES

This degree will prepare you with theoretical and practical experience relating to design, problem solving, construction and communication that can be applied to a wide range of careers. Graduates of this degree may gain employment in architectural firms, government, construction, development, infrastructure and planning industries in Australia and around the world. The strategic thinking, visual creativity, public engagement, design and technology skills, and entrepreneurial outlook developed in this degree will provide you with a wide range of career opportunities. Many architectural graduates establish careers in design studios, virtual environment design (such as gaming, cinema and animation), web and graphic design, fashion, advertising, industrial design, arts management and the visual arts.

To become a registered architect, you are required to complete both an undergraduate and postgraduate qualification as well as requisite work experience. Successful completion of the Bachelor of Design in Architecture will enable you to progress to the Master of Architecture.

FURTHER STUDY AT BOND

- Master of Architecture (CRICOS 078184J)
- Master of Architecture / Master of Project Management (CRICOS 087931D)

Learn in the award winning Abedian School of Architecture.

Access to hands-on learning environments including collaborative design studios, fabrication workshops and digital robotics lab.

Graduate with a professionally recognised qualification.

Bachelor of Project Management	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0101294	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Project Management concerns projectised decision-making applicable to a wide range of different industry sectors. It builds on three foundation semesters comprising business acumen, project framework, process analysis and core skill development before three further practice semesters comprising technical, tactical and strategic decision-making. The program includes comprehensive coverage of project schedule, cost, resource, scope, quality, procurement, communications, risk and stakeholder management, two elective choices and concludes with a capstone subject on project integration management.

KEY FEATURES

- Learn how to deliver projects on time, within budget, as specified, and with no surprises.
- Be an effective decision maker.

- Complete study in two calendar years full-time or part-time equivalent.
- Built around the PMBOK® Guide, which is the international standard for the project management discipline.
- Gain critical leadership skills.

PROFESSIONAL OUTCOMES

Project management is a global profession, with over 750,000 certified practitioners in Project Management Institute (PMI) alone. Upon completion of the Bachelor of Project Management you will have the skills most needed to keep up with trends, lead a team and problem solve in today's digital era.

FURTHER STUDY AT BOND

CRICOS Course Code 078181A	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Property covers a comprehensive range of subjects within the property development and management industry, including construction practices, feasibility studies, finance, investment and valuation, property markets, sustainable development and urban development. This program also provides you with the opportunity to specialise in property valuation.

KEY FEATURES

- Gain professional accreditation by some of the industry's leading professional bodies.
- Learn from nationally and internationally recognised industry professionals.
- Graduate sooner with Bond's accelerated degrees and kick start your career.

finance, portfolio management, asset and facilities management and research. Graduates are also equipped with a comprehensive knowledge of sustainable development, and will be able to seek work anywhere in Australia or around the world.

PROFESSIONAL RECOGNITION

Students graduating with a Bachelor of Property are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). Graduates of this program will also be recognised by the Australian Property Institute (API) for Associate Membership with Certified Property Practitioner (CPP) Certification. Students who complete the relevant property valuation subjects will qualify for certification with the Australian Property Institute as a Certified Practising Valuer with the Valuers Registration Board of Queensland, and New South Wales Fair Trading (conditional on meeting professional practice requirements).

PROFESSIONAL OUTCOMES

This degree will provide you with a dynamic range of career pathways in the property industry. Opportunities include property valuation, property development, project management, investment,

Diploma of Built Environment	Selection Rank ATAR	Starting	Duration	Fees per semester*
CRICOS Course Code 098537A	50	Jan May Sep	2 semesters (8 months)	\$16,240

The Diploma of Built Environment provides a foundation for a career in various property sectors. This program enables you to specialise in either property or construction management and quantity surveying.

KEY FEATURES

- Complete your diploma in only eight months.
- Integrate into the University environment from day one.
- Have the support of extra tutorials just for diploma students.
- Articulate into a corresponding bachelor program^.

FURTHER STUDY AT BOND

The Diploma of Built Environment is a two-semester program, allowing you to complete your diploma in only eight months. Upon successful completion of the diploma, you can pathway into the third semester of a Bond University undergraduate degree with a possible 80 credit points.

^Refer to Office of Future Students for advice.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

LLOYD HOLFORD

Bachelor of Property

I chose to study at Bond University for the accelerated degree, and because it also provided me the most useful and relevant course for the industry I want to work in. My initial impression of the University and its professionalism, efficiency and high standard of education, has definitely lived up to its reputation. A main highlight of my experience so far has been the exposure to industry experts and lecturers, along with the new friends I have made and networked with. Bond is a world-class university that provides current real life knowledge and opportunities that can't be found anywhere else.

BUSINESS AND COMMERCE

Bond Business School has accreditations from EQUIS and AACSB. This places Bond in the top 2% (EQUIS) and 5% (AACSB) of business schools in the world.

Bachelor of Actuarial Science

6
semesters
(2 years)

\$17,560

Combining elements of economics, finance, statistics and mathematics, the Bachelor of Actuarial Science develops techniques for the management of risk and big data analytics. Accredited by the Actuaries Institute, this program provides Part I (Foundation program) accreditation. Bond is one of only seven universities in Australia to offer the degree, and one of two where you will be trained by specialists in their subject area. The Future of Work 2018 report by Deloitte Access Economics shows that the number of data science workers in Australia will increase by 2.4% annually and 76% of businesses are planning to increase investment in analytics capabilities over the next two years.

MAJORS / SPECIALISATIONS

- Big Data
- Finance
- Accounting
- Economics

PROFESSIONAL OUTCOMES

Accredited by the Actuaries Institute, this program serves as a pathway to the Bachelor of Actuarial Science (Honours) (CRICOS 086364E), which provides all the university components of Part II (Actuary Program) Accreditation which means you could work as a highly sought after Actuaries Associate or Actuary in industries including data analytics, marketing, economics, finance, health, insurance and more.

DEGREE COMBINATIONS

- Bachelor of Actuarial Science / Bachelor of Laws (CRICOS 093910C)

Bachelor of Actuarial Science (Honours)

CRICOS Course Code 086364E

Starting

Fees per semester*

Jan
May
Sep

2
semesters
(8 months)

\$20,965

Undertaking the Bachelor of Actuarial Science (Honours) allows students with an Actuarial Science degree to further develop their technical skills and learn how they can be best used within a broader business and economic setting.

You will also have the opportunity to complete all the Part II (Actuary Program) university subjects and receive a qualification with the Actuaries Institute and designation of Actuary. Part II accreditation requires the completion of two subjects which are delivered by the Actuaries Institute in an online environment. It is a requirement to complete Honours (Part II) if you wish to become an Actuary.

An integral part of the Honours degree is the development of research skills and actuarial judgement through the Actuarial Control Cycle subjects and the Actuarial Research Thesis subject.

PROFESSIONAL OUTCOMES

This program provides all the university components of Part II Accreditation that means you could work as a highly sought after Actuaries Associate or Actuary in industries including data analytics, marketing, economics, finance, health, insurance and more.

ENTRY REQUIREMENTS

To be considered for entry, students should achieve a minimum Credit average in a relevant undergraduate degree.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

STEVEN STERN

**Professor of Data Science
Custodian of the Duckworth-Lewis-Stern (DLS) system**

I don't teach facts, I teach ideas. I'm not interested in my students regurgitating facts and theories about stats; I want them to understand the real reasons behind data analysis methods and understand how and when analytic techniques should, and more importantly shouldn't, be used. Data analysis is the skill of the future. If you know how to understand and analyse data, there is no industry or career in the world you can't be involved in somehow.

The Centre for Actuarial and Financial Big Data Analysis is world-recognised, giving students access to internationally renowned scholars, authors and experts.

Bond FinTech Hub is a state-of-the-art education facility that houses 40 Bloomberg terminals and provides students 24-hour access to the latest market and share data.

The Commercialisation Centre is a dynamic and energetic space designed to encourage collaboration networking and inspiration.

Bachelor of Business	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063055G	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Business offers a comprehensive multi-disciplinary foundation leading to high level careers in a wide variety of business environments. Bond Business School's strong focus on entrepreneurship and leadership includes the opportunity to develop and launch your own business.

KEY FEATURES

- Exclusive access to Bond Business Commercialisation Centre.
- Every business student will develop a start-up through our Business Model Generation and Business Model Execution subjects.
- You can complete an internship or participate in an international experience (study abroad / exchange program or an international study tour) to further augment this highly practical program.

MAJORS / SPECIALISATIONS

- Entrepreneurship and Innovation
- International Business
- Management
- Marketing
- Marketing Communication
- Tourism Management

PROFESSIONAL OUTCOMES

Foundation for careers in all corporate, startups, community and government settings across disciplines including advertising, brand management, communications, consulting, human resource management, market research, tourism, hospitality or general management.

DEGREE COMBINATIONS

- Bachelor of Business / Bachelor of Commerce (CRICOS 088305M)
- Bachelor of Business / Bachelor of Laws (CRICOS 093909G)
- Bachelor of Business / Bachelor of Social Science (CRICOS 088309G)

- Master of Business Administration (CRICOS 0101410)
- Master of Business Data Analytics (CRICOS 098313F)
- Master of Finance (CRICOS 063125K)
- Master of Sport Management (CRICOS 096559M)

Bachelor of Business Data Analytics	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0101005	80 / 28	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Business Data Analytics program is focused on understanding how data analytics techniques are used to improve business decision making. It is a quantitative program, combining elements of statistics, computing, big data and machine learning. Students will first learn the technical skills, including R and Python languages most commonly used in data analytics programming and implementation; then focus on the practical application, based on actual business problems in a range of industry sectors such as health, marketing and finance.

Students select one minor from the following:

- Accounting
- Business Economics
- Entrepreneurship and Innovation
- Finance
- Management
- Marketing
- Tourism Management

PROFESSIONAL OUTCOMES

- Data Analyst
- Data Scientist
- Statistics Consultant

Bachelor of Commerce	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063059D	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

If you are interested in a professional career in accounting, economics or finance, then a Bachelor of Commerce is for you.

KEY FEATURES

- Have unparalleled access to 40 Bloomberg terminals and have the opportunity to gain Bloomberg certification during your studies at no extra cost.
- Recognised worldwide, completion of the program certifies that the individual has attained a high level of competency using the Bloomberg professional service used in finance and banking.

MAJORS / SPECIALISATIONS

- Accounting
- Actuarial Science
- Big Data
- Economics
- Finance

PROFESSIONAL OUTCOMES

The Bachelor of Commerce is accepted around the world by leading employers in the commercial and public sectors. Graduates can work in a range of fields, including startups, large multinational corporations, specialist organisations, government departments, consulting or research.

DEGREE COMBINATIONS

- Bachelor of Business / Bachelor of Commerce (CRICOS 088305M)
- Bachelor of Commerce / Bachelor of Laws (CRICOS 093908G)

Bachelor of Entrepreneurial Transformation	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Entrepreneurial Transformation prepares graduates for professional and transdisciplinary roles in the modern ever-changing work environment with the inclusion of an immersive industry-based learning program. Students will also explore global sustainable development goals through the completion of a collaborative and creative design studio option.

PROFESSIONAL OUTCOMES

On successful completion of this program the learner will be able to:

- Apply appropriate analytical methods and design tools to create meaningful and consumable information.
- Create transformation in a personal, organisational and societal context.

- Evaluate the risks and costs associated with strategic change.
- Identify and communicate organisational challenges to a range of audiences.
- Apply sound moral reasoning and appropriate legal and ethical judgement in diverse situations.
- Implement design thinking strategies and methodologies when addressing complex problem.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

PROFESSIONAL OUTCOMES

The Bachelor of Arts program provides you with not only a strong, but a broad set of skills essential to all professions no matter what the chosen career.

Bachelor of Communication	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063062J	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Communication offers students the ideal mix of theory and practice, combining foundational studies in communication and media with focused studies in the professional disciplines of public relations, advertising and journalism. It also allows students to pursue focused studies in the fields of communication and society, corporate storytelling, creative writing, digital media, film and tv, media studies, and social media as well as a combination of these fields. Altogether, the degree offers students a stimulating course of study and excellent career prospects.

MAJORS / SPECIALISATIONS

- Advertising
- Communication and Society
- Corporate Storytelling
- Creative Writing
- Digital Media
- Film and Television
- Journalism

- Media Studies
- Public Relations
- Social Media

PROFESSIONAL OUTCOMES

You will be immersed in a range of professional experiences to give you a taste of the media careers to which you aspire. At the same time, a sound theoretical framework underpins studies so that you enter the communication and media industries understanding how to perform professional tasks and knowing why such tasks are important to your work. Potential career pathways include:

- Account Manager
- Copywriter
- Event Coordinator
- Journalist
- Marketing Executive
- Media Buyer
- Public Relations Practitioner

Bachelor of Communication (Business)	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063063G	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Communication (Business) offers students foundational studies in communication and media with a major in marketing. Students may also choose to specialise by taking a second communication major from one of 10 areas: advertising, communication and society, corporate storytelling, creative writing, digital media, film and tv, journalism, media studies, social media, and public relations.

MAJORS / SPECIALISATIONS

- Advertising
- Communication and Corporate Communication
- Digital Media
- Journalism
- Media and Social Media
- Public Relations

PROFESSIONAL OUTCOMES

The Bachelor of Communication (Business) is designed to equip students with the theoretical knowledge and practical experience to enable them to step into an organisation and start assisting with the development and implementation of communication strategies and marketing plans. Graduates could expect to find employment as an Account Manager, Copywriter, Event Coordinator, Journalist, Marketing Manager, Media Buyer or Public Relations Practitioner.

Bachelor of Creative Arts	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 092144M	65 / 24	Jan Sep	6 semesters (2 years)	\$17,560

The Bachelor of Creative Arts is an innovative program that tailors its offerings to your unique ambitions and interests. The personalised nature of the program empowers you to identify your own ambitions, then equips you with the skills, theory and practice to navigate existing pathways – or design your own. Creative Arts students undertake three majors. You will begin with a creative writing major to develop a range of foundation skills in creative thinking and narrative. You will also select a second specialist creative major. Within the creative specialisation, you will learn through a hands-on, project-based approach to learning, where you are encouraged to develop industry relationships, undertake creative internships and practice and publish within your chosen creative niches. The flexible program enables students to ground their creative endeavours within a third foundation major. In the final stages of your degree, you will have the opportunity to develop a capstone creative work project, knitting together your three selected content areas together into a major portfolio piece showcasing your skills and talents.

CREATIVE MAJOR OPTIONS

- Advertising
- Communication
- Corporate Storytelling
- Digital Media
- Film and Television
- Media Studies
- Public Relations
- Social Media

HUMANITIES MAJOR OPTIONS

- Advertising
- Australian Studies
- Chinese Language and Culture
- Communication
- Corporate Communication
- Counselling Interventions
- Criminology
- Digital Media
- Film and Television
- French Language and Culture
- International Relations
- Japanese Language and Culture
- Language and Culture

- Media Studies
- Philosophy
- Psychology
- Public Relations
- Social Media
- Spanish Language and Culture

BUSINESS MAJOR OPTIONS

- Entrepreneurship and Innovation
- Marketing Communication
- Marketing

PROFESSIONAL OUTCOMES

Graduates of this program will be equipped for success in both creative and corporate environments and have the ability to integrate contemporary theory with cutting-edge creative practice, incorporating digital technologies. You will have critical and analytical cognitive skills, as well as the ability to consolidate and synthesise knowledge within their chosen discipline areas. You will also have the technical and creative skills for problem solving, the ability to craft narratives that resonate with audiences, an understanding of the market and cultural forces that drive the creative industries, a command for the technologies of new-media storytelling and the flexibility to apply your creative practice to a range of industries.

You can expect to find a wide range of employment opportunities in the creative industries and various external industries depending on your chosen majors. This could include creative arts roles such as: creative writing, publishing, screenwriting, screen production, journalism (including long-form writing and documentary production), content creation, brand journalism, Podcasting, copywriting, social and digital media content creation, digital curatorship, graphic design, games writing, TV production, multi-media design, video animation, and creative direction. Graduates could also work in creative or communications roles within other industries, for example communications and content creation in corporate, political or not-for-profit sectors. Students may also start their own business or work on a freelance basis.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

Bachelor of Digital Transformation

Selection
Rank
ATAR / IB**

Starting

Duration

Fees per
semester*

65 / 24

Jan

6 semesters
(2 years)

\$17,560

The Bachelor of Digital Transformation prepares graduates for professional and transdisciplinary roles in the modern ever-changing work environment with the inclusion of an immersive industry-based learning program. Students will also explore global sustainable development goals through the completion of a collaborative and creative design studio option.

PROFESSIONAL OUTCOMES

On successful completion of this program the learner will be able to:

- Formulate appropriate frameworks to identify technological innovation and its impact on a variety of social processes.
- Apply concepts and models of organisational and technological change to complex transformation problems.

- Evaluate and report cultural and technical risks and opportunities in a digital capacity.
- Develop projects to enhance individual and organisational capabilities across key stages of digital transformation.
- Collaborate effectively with colleagues and clients in change processes.
- Synthesise historical and cultural factors with emerging social, technological, and economic demands for change.

Students studying a Bachelor of Film and Television at Bond University have access to state-of-the-art facilities, such as the industry heavyweight Sony F65 camera.

There are over 40 editing stations, with Avid Media Composer and Adobe Premiere Pro, Pro-Tools 5.1 HD mixing suites, and a fully equipped three-camera digital television studio.

Bachelor of Film and Television	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063066E	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Film and Television is a heavily hands-on and project-based degree, which allows students to balance practical filmmaking production experience with creative practice theory, which enables them to explore and develop their individual creativity and artistic voice. This comprehensive filmmaking program is focused on visual storytelling through the key creative areas of producing, screenwriting, directing, cinematography, editing, sound design, production design, and television broadcasting. Teaching is by staff with long professional careers in the film, television and screen-based industries. Students acquire craft skills in modern production techniques, using professional filmmaking equipment and technologies. Students develop strong visual aesthetics, and storytelling capabilities, and receive insight into the business and industrial aspects of the international film, television and screen-based industries.

- Sports Broadcasting
- Advanced Screen Directing and Showrunning
- Acting for Performance
- Visual Effects and Post-Production Workflows
- Advanced Screen Editing
- Designing Cinema: Architecture and Production Design in Film

PROFESSIONAL OUTCOMES

The Bachelor of Film and Television is designed for those passionate about a career in film, television or related screen-based media in the Australian or international film industry. Potential career pathways include:

- Content Creator
- Cinematographer
- Director
- Editor
- Producer
- Production Designer
- Screenwriter
- Sound Designer

NICHOLAS BRADSHAW

Bachelor of Film and Television | Alumnus

I chose to study at Bond University as it offered me opportunities that other universities couldn't provide, and it also offered a greater platform to advance my learning.

The study material in my Bachelor of Film and Television course was fascinating - I felt great studying something I am very passionate about. I also had the opportunity to volunteer on film projects for work experience including student films and an advertising production for a video game.

95% of our journalism graduates get jobs in industry. This compares with 25% for the national average*.

Undertake journalism internships in Australia or internationally in places like New York, Washington and London.

Report for local, national and international media outlets while studying.

Tailored study opportunities with a choice of over 20 specialist majors.

*Source: mumbrella.com.au/three-quarters-of-journalism-grads-fail-to-land-a-job-in-the-industry-535780

Bachelor of Journalism	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063077B	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Journalism is driven by a digital-first ethos and grounded in core journalistic traditions and values of truth, fairness and accuracy. This approach empowers students to harness and exploit established and emerging technologies to create career opportunities and new pathways. Students learn to conceptualise and create original and compelling content across platforms and are encouraged to use digital storytelling to engage with social issues and advocate for change. Throughout their degree, students build a substantial portfolio of practical work aligned with industry standards, in the process defining themselves as specialised professionals via a choice of real-world majors and minors. Students have access to world-class facilities and opportunities to report for local, national and international media outlets. We offer journalism and digital media internships in Australia and abroad, including New York, Washington, Beijing and London.

KEY FEATURES

- Tailored study opportunities with the choice from 20 specialist majors.
- Learn practical and relevant skills from experienced industry professionals.
- Enhanced learning experience through small class sizes and accelerated degree options.

MAJORS / SPECIALISATIONS

- Advertising
- Australian Studies
- Business Context and Environment
- Chinese Language and Culture
- Communication
- Corporate Storytelling
- Creative Writing
- Criminology
- Digital Media

- Entrepreneurship and Innovation
- Film and Television
- French Language and Culture

Learn using the latest virtual reality and augmented reality programs, developed by your own teachers.

Bachelor of Biomedical Science	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063085B	80 / 28	Jan May	6 semesters (2 years)	\$17,560

The Bachelor of Biomedical Science provides you with the ideal undergraduate foundation for a career in the health sciences. The program develops your knowledge in the molecular, cellular, anatomical and physiological processes of the human body and prepares you for graduate entry programs such as medicine and the allied health professions.

You will have the opportunity to focus your studies in the last few semesters in a major relevant to your area of interest. The majors are designed to develop detailed knowledge and skills relevant to the particular discipline of study undertaken, providing structured pathways to specialist postgraduate study.

Extensive laboratory training from the first semester, as well as case studies and problem solving techniques are applied within a variety of clinical, research and allied healthcare settings.

KEY FEATURES

- Broad science degree with pathways into a number of areas including medicine, physiotherapy, nutrition and dietetics, and occupational therapy.
- Small class sizes allow you more access to academics.
- Ability to learn using the latest virtual reality and augmented reality programs, developed by your own teachers.

MAJORS / SPECIALISATIONS

- Laboratory / Research
- Pre-Health Professional

ENTRY REQUIREMENTS

Entry into this program requires successful completion of:

- English; and either
- Mathematical Methods or Physics or equivalent (students without the equivalent of Mathematical Methods or Physics will be required to successfully complete a bridging subject in one of those disciplines).

PROFESSIONAL OUTCOMES

The broad scope of the Bachelor of Biomedical Science program assists graduates to enter a wide range of professions that may include:

- Health Promotion Officer
- Laboratory Assistant / Technician
- Medical Equipment Officer
- Pathways to other health professions or medical research

The program provides opportunities for you to pursue postgraduate studies for a career in medicine and health sciences such as medical research, pharmacy, nutrition and dietetics, as well as broader public health programs.

FURTHER STUDY AT BOND

Students who complete the Bachelor of Biomedical Science, and meet the entry requirements may apply for the following Bond University programs:

- Doctor of Physiotherapy (CRICOS 075478G)
- Master of Nutrition and Dietetic Practice (CRICOS 089734D)
- Master of Occupational Therapy (CRICOS 090670E)

Domestic and international students eligible to graduate from the Bond University Bachelor of Biomedical Science (in the Pre-Health Professional major), meeting the minimum required GPA will be eligible to be considered for selection to enter Year 2 of the Bachelor of Medical Studies (BMedSt) (CRICOS 0101292) at Bond University. Currently, this is the only pathway into the Bachelor of Medical Studies available to international students.

In addition, you can also undertake research-based honours studies, leading to a PhD.

Bachelor of Exercise and Sports Performance	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0100510	70 / 25	Sep	6 semesters (2 years)	\$17,560

The Bond University Bachelor of Exercise and Sports Performance equips you with comprehensive knowledge and applied skills in health, fitness and sport performance.

This program is delivered by award-winning teaching staff through significant practical experience and authentic assessment to maximise employment outcomes for graduates. This program is delivered by award-winning teaching staff through significant practical experience and authentic assessment to maximise employment outcomes for graduates. This program delivers subjects across biomechanics, exercise testing, prescription and delivery, physiology and biochemistry of exercise as well as providing the flexibility to tailor your studies to your interests and career aspirations with the selection of various majors and minors as well as individual electives both within Faculty and across the university in the areas of management, marketing, communication, entrepreneurship and innovation, sport and tourism.

This program is primarily delivered at the Bond Institute of Health and Sport where you will gain high-quality and practical learning experiences through our National Strength and Conditioning Association-accredited High Performance Training Centre.

The program prepares graduates for exciting career opportunities in exercise and sports performance including strength and conditioning as well as providing an accelerated undergraduate pathway to graduate-entry studies including physiotherapy, occupational therapy, nutrition and dietetic practice, and high performance sports science.

PROFESSIONAL OUTCOMES

The Bachelor of Exercise and Sports Performance will equip you with a strong understanding of exercise and sport performance. Graduates of this degree may seek employment in a range of careers around the world that may include:

- Community Health
- Community Fitness
- Corporate Health
- Aged Care
- Disability
- Athletic / Sport Program Coordinator
- Health Education
- Strength and Conditioning in community, school, college or university settings

The Bachelor of Exercise and Sports Performance also provides you with an accelerated undergraduate pathway to postgraduate studies in physiotherapy, occupational therapy, nutrition and dietetics, as well as broader sporting and allied health programs. Students who complete the Bachelor of Exercise and Sports Performance, and meet the entry requirements may apply for the following Bond University programs:

- Doctor of Physiotherapy (CRICOS 075478G)
- Master of Nutrition and Dietetic Practice (CRICOS 089734D)

You can also undertake higher degree qualifications by research in areas such as strength and conditioning through research-based honours studies, leading to a PhD.

*Please refer to semester start dates for each undergraduate and postgraduate program to determine length of completion of both degrees.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

Bachelor of Exercise and Sports Science	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 080641D	70 / 25	Jan	6 semesters (2 years)	\$17,560

The Bachelor of Exercise and Sports Science provides you with knowledge and skills in health, fitness and athletic performance. You will gain an understanding of basic and applied sciences utilised in various contexts including healthy ageing, chronic disease prevention, health promotion and elite sport performance.

You will study anatomy and physiology, biomechanics, exercise physiology, motor learning and control, exercise and sport psychology as well as exercise prescription and planning. Industry-recognised accreditations in strength and conditioning, fitness, sports medicine, anthropometry and massage are also offered throughout the program.

The Bachelor of Exercise and Sports Science provides exciting career opportunities as well as a structured pathway to graduate-entry studies in physiotherapy, occupational therapy and nutrition and dietetic practice.

Alignment of the program is primarily at the world-class Bond Institute of Health and Sport (BIHS), where you will gain exceptional, high-quality practical experience in our High Performance Training Centre, health science laboratories and sports science research laboratories.

ENTRY REQUIREMENTS

Entry into this program requires successful completion of:

- English
- Mathematics at the level of General Mathematics or equivalent
- One (1) of Physical Education or Biology or Chemistry or Physics or equivalent.

PROFESSIONAL OUTCOMES

The Bachelor of Exercise and Sports Science will equip you with a strong understanding of exercise science and human biology, and graduates of this degree may seek employment in a range of careers in Australia and around the world that may include:

- Exercise Scientist
- Strength and Conditioning Coach
- Athletic / Sport Program Coordinator
- Corporate and Community Health and Fitness Consultant
- Cardiac Technologist
- Sleep Technician

The Bachelor of Exercise and Sports Science also provides you with an accelerated^ undergraduate pathway to postgraduate studies in physiotherapy, occupational therapy, nutrition and dietetics, as well as broader sporting and allied health programs.

FURTHER STUDY AT BOND

Students who complete the Bachelor of Exercise and Sports Science, and meet the entry requirements may apply for the following Bond University programs:

- Doctor of Physiotherapy (CRICOS 075478G)
- Master of Nutrition and Dietetic Practice (CRICOS 089734D)
- Master of Occupational Therapy (CRICOS 090670E)

You can also undertake higher degree qualifications by research in areas such as strength and conditioning through research-based honours studies, leading to a PhD.

^Please refer to semester start dates for each undergraduate and postgraduate program to determine length of completion of both degrees.

GYAN WIJEKULASURIYA

Bachelor of Exercise and Sports Science | Alumnus

My Bond experience was a whirlwind, being in an accelerated program. Throughout my second year, I had many incredible opportunities to have work placements through volunteering for projects which included surveying athletes at the Commonwealth Games Athlete's Village and testing elite athletes with the AIS Kayaking Unit and the Gold Coast SUNS Academy. My placement with Atkins Health allowed me to see the impact that encouraging healthy living and activity can have on the general population as well and I will be forever grateful to Bond for giving me the opportunity to see how being a professional in exercise and sport can be an incredibly rewarding career.

Bachelor of Health Sciences	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063068C	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bond University Bachelor of Health Sciences is designed for students who wish to explore a variety of disciplines in the health sciences, as well as providing a pathway to postgraduate specialised study.

During this program, you will gain an understanding of basic and applied sciences including the anatomical, molecular, physiological and psychological processes of human health and function.

The program provides a degree of flexibility, enabling you to select a variety of subjects to explore which best suit your career and study goals.

This program provides an undergraduate pathway into Bond University's Master of Occupational Therapy, Master of Nutrition and Dietetic Practice, or research-based honours.

PROFESSIONAL OUTCOMES

The Bachelor of Health Sciences will equip you with a strong foundational understanding of the health sciences. Graduates of this degree may seek employment in a range of careers in Australia and around the world that may include:

- Health Promotion
- Community Health

- Health Education
- Health Officer
- Health Administration
- Laboratory Assistant
- Clinical Trials or Drug Registration
- Intellectual Property
- Pathways to study other health professions

The Bachelor of Health Sciences will provide you with a variety of career opportunities as well as an accelerated undergraduate pathway to graduate-entry studies in registered health professions such as occupational therapy, nutrition and dietetics, as well as broader public health programs and the education sector.

FURTHER STUDY AT BOND

Students who complete the Bachelor of Health Sciences, and meet the entry requirements may apply for the following Bond University programs:

- Master of Nutrition and Dietetic Practice (CRICOS 089734D)
- Master of Occupational Therapy (CRICOS 090670E)

You can also undertake research-based honours studies, leading to master's and PhD programs.

Bachelor of Health Sciences (Honours)	Starting	Duration	Fees per semester*
CRICOS Course Code 063044M	Jan	3 semesters (1 year)	\$11,670

The Bachelor of Health Sciences (Honours) is a one-year program of independent research and study culminating in the production of a research thesis and presentation of a research seminar. Students undertake a program of coursework and research in which they conceptualise, plan, organise, undertake and report on an independent research project, whilst being supervised by a member of the academic staff. Projects in the numerous disciplines vary on an annual basis.

FURTHER STUDY AT BOND

The Honours program provides a pathway to postgraduate study, typically Master of Science by Research (Health Sciences) (CRICOS 073729K) or Doctor of Philosophy (Health Sciences & Medicine) (CRICOS 063150J).

PROFESSIONAL OUTCOMES

Graduates may also seek employment as research assistants in various industries.

Bachelor of Health Transformation	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Health Transformation prepares graduates for professional and transdisciplinary roles in the modern ever-changing work environment with the inclusion of an immersive industry-based learning program. Students will also explore global sustainable development goals through the completion of a collaborative and creative design studio option.

PROFESSIONAL OUTCOMES

On successful completion of this program the learner will be able to:

- Contextualise current healthcare systems and the potential opportunities for change within those systems.

- Implement an evidence-based approach to identify possible solutions to healthcare problems.
- Investigate transdisciplinary considerations that impact healthcare priorities and potential innovations.
- Apply collaborative and adaptive approaches to transcultural, ethical and sustainable changes in healthcare.
- Apply principles of advocacy and social entrepreneurship to address healthcare issues.
- Understand how legal and ethical responsibilities, sustainability, and commercialisation impact modern healthcare.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

Medical Program [^]	Starting	Duration	Fees per semester*
Bachelor of Medical Studies (BMedSt) CRICOS Course Code 0101292	May	8 semesters (2 years 8 months)	\$29,960
Doctor of Medicine (MD) CRICOS Course Code 0101293		6 semesters (2 years)	\$29,960
TOTAL			
14 semesters (4 years 8 months)			

The Medical Program is designed to equip graduates with the foundational knowledge, skills and attributes required to safely and effectively practise medicine in today's complex healthcare environment. The first of Bonds 2-part Medical Program (the Bachelor of Medical Studies), is distinguished by its strong educational focus on problem-based learning, interactive workshops and clinical simulation. With small class sizes, students learn in a highly personalised environment with state-of-the-art equipment.

The second of Bonds 2-part Medical Program (the Doctor of Medicine) must be completed for students to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. The MD is distinguished by its strong focus on evidence-based medicine and integrated clinical practice. Due to Bonds tri-semester structure, graduating students will have the advantage of entering the workforce as a Doctor in only 14 semesters.

BACHELOR OF MEDICAL STUDIES (BMEDST)

The Bachelor of Medical Studies (BMedSt) is the first of two sequential degrees at Bond University that must be completed in order to be eligible to practise medicine. The Bachelor of Medical Studies is an undergraduate program, sitting at Level 7 of the Australian Qualifications Framework.

The Bachelor of Medical Studies is not available as a standalone program. All students must complete both the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD) at Bond University to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of the MD program.

The Bachelor of Medical Studies is designed to equip graduates with the foundational knowledge, skills and attributes required to safely and effectively practise medicine in today's complex healthcare environment.

The program is distinguished by its strong educational focus on case-based learning, evidence-based medicine and integrated clinical practice. Due to small class sizes, students learn in a highly personalised environment with state-of-the-art equipment. Students benefit from a variety of teaching and learning systems, including case-based small group tutorials, problem-based learning, practical classes, clinical skills and laboratory training, self-directed learning, web-based and e-learning, interactive seminars and lectures. This contemporary approach to medical education ensures that learning relates directly to patient care and prepares graduates to assume a high level of responsibility.

The Bachelor of Medical Studies comprises eight semesters delivered over two years and eight months, and is followed by the Doctor of Medicine comprised of six semesters delivered over two years. The two sequential degrees are 14 semesters in total and are equivalent to seven standard academic years in duration. However, with Bond University's three-semester-per-year timetable and intensive clinical training periods, these two programs are completed in just four years and eight months, with graduates then eligible to apply for hospital internships.

FURTHER STUDY AT BOND

Students who successfully complete the Bachelor of Medical Studies proceed directly into the Doctor of Medicine program.

DOCTOR OF MEDICINE (MD)

The Doctor of Medicine (MD) component is an extended master's level program and is undertaken through clinical rotations in hospital and community healthcare settings, as well as face-to-face teaching at timetabled education sessions. During this time, students undertake a research or professional project, or a capstone experience and prepare a portfolio of their work.

PROFESSIONAL OUTCOMES

Graduates of the sequential degrees (BMedSt and MD) will have the appropriate knowledge, attitudes and skills to function effectively as interns in Australian hospitals and will be ideally positioned to undergo further training in any of the Australasian specialty colleges.

Our previous Medical graduates have secured internships in hospitals across Australia and New Zealand.

PROFESSIONAL RECOGNITION

The Bachelor of Medical Studies and Doctor of Medicine degrees are accredited by the Australian Medical Council (AMC) ensuring that they meet or exceed the agreed national guidelines for medical education. Upon successful completion of both of the degrees, graduates are eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand.

[^]The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). Applications for Medical Program must be lodged through QTAC.

All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5.

Bond University offers the shortest pathway to becoming a doctor in Australia - 4 years and 8 months.

Medical, Physiotherapy and Nutrition and Dietetics students get the opportunity to take overseas placements as part of their program.

Replicating a hospital ward, the Bond Virtual Hospital is the first of its kind and offers clinical teaching sessions with simulated patients, allowing students to learn vital skills in a real life setting.

Diploma of Health Sciences	Selection Rank ATAR**	Starting	Duration	Fees per semester*
CRICOS Course Code 093260K	60	Jan Sep	2 semesters (8 months)	\$16,240

The Diploma of Health Sciences offers a broad foundation in biological and chemical sciences where you will gain an understanding of basic and applied sciences, including the anatomical, molecular and physiological processes of human health and function, in a supported learning environment. You will develop technical scientific and research skills using some of the latest research equipment, which can be applied across a broad range of industries.

KEY FEATURES

- Complete your diploma in only eight months.
- Integrate into the University environment from day one.
- Have the support of extra tutorials just for diploma students.
- Articulate into the third semester of a Bond undergraduate degree.

FURTHER STUDY AT BOND

Successful completion of the Diploma of Health Sciences guarantees students a place in Bond's Bachelor of Health Sciences with 80 credit points credited to the degree.

The Diploma of Health Sciences is also a pathway into other bachelor degrees with varying credit.

Completing the Diploma of Health Sciences satisfies the prerequisite subjects required for entry to the Bachelor of Biomedical Science (CRICOS 063085B), Bachelor of Exercise and Sports Science (CRICOS 080641D) and Bachelor of Exercise and Sports Performance (CRICOS 0100510).

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

HUMANITIES, LANGUAGES AND INTERNATIONAL STUDIES

Bachelor of Arts	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063052M	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Arts allows you to select combinations of subject areas and particular subjects which best suit your interests and aspirations. It is a generalist program offering you flexibility in your choice of majors with the opportunity to either specialise in a particular area of study, or to select complementary majors.

MAJORS / SPECIALISATIONS

- Advertising Design and Production (Double Major)
- Advertising
- Australian Studies
- Chinese Language and Culture
- Cinema Journalism (Double Major)
- Communication
- Corporate Storytelling
- Counselling Interventions
- Criminology (Double major options available)
- Digital Media
- Film and Television (Double major options available)

- French Language and Culture
- Global Studies (Sustainability)
- International Relations
- Japanese Language and Culture
- Journalism
- Language and Culture
- Media Studies
- Philosophy
- Psychology (Double major options available)
- Public Relations
- Social Media
- Spanish Language and Culture

PROFESSIONAL OUTCOMES

The Bachelor of Arts provides students with a strong and broad set of skills essential to all professions, no matter what the chosen career.

Bachelor of Global Studies (Sustainability)	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 078186G	65 / 24	Jan May Sep	6 semesters (2 years)	\$17560

The Bachelor of Global Studies (Sustainability) is a unique interdisciplinary degree which equips students with a capacity to formulate solutions to the challenges of globalisation and the development of sustainable communities. The structure of the program follows world megatrends, reflected in the interconnectivity and interplay within diverse fields of study: climate change, sustainable development, global health and disease, international institutions and transnational business. The program also aims to prepare students for fronting increased human security threats through sustained transnational collaboration. The global dialogue needed for the security of globalised communities requires competencies in international relations, diplomacy and intercultural partnership. The Bachelor of Global Studies (Sustainability) develops an active global citizen with knowledge and skills enabling them to contribute to the development of sustainable societies of the future.

SUBJECTS

- Introduction to International Relations OR Geopolitics
- Diplomacy: Theory and Practice
- World Languages
- International Business
- Climate Change and the Future World
- Sustainable Development and Society
- Economics of Sustainable Development
- Contemporary Globalisations
- Terrorism
- Global Health Issues

View full program structure and subject list online.

Bachelor of International Relations	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063074E	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of International Relations prepares students for fascinating careers in a globalising world. Global and regional interdependence means that no state is unaffected by developments beyond its borders. Prosperity and security are based on international orientations. Businesses, governments and organisations need people equipped not only with relevant professional skills, but also with competencies in International Relations. Students explore a rich variety of interconnected issues in International Relations and the factors which shape them, including war and peace on our planet, human security, diplomacy, governance and the influence of climate change on the future world. Graduates of the program will gain an insight into the politics, economy and diplomacy both in Australia and other world geographic regions. An in-depth understanding of the world around us and the skills needed for its interpretation, equip students for their future employment in international relations and many other areas where such capacities are required.

SUBJECTS

- Introduction to International Relations
- Hacking, Networks and Security
- Australian Public and Foreign Policy
- The United Nations
- Public Diplomacy and Social Media
- Political Economy
- Terrorism
- Chinese Defence Policy
- Eurasia
- Australia and the Asia-Pacific
- Diplomacy: Theory and Practice

MAJORS / SPECIALISATIONS

- International Relations
- Australian Studies
- Digital Media
- Global Business
- Language and Culture (choice of either Chinese, French, Japanese or Spanish)

PROFESSIONAL OUTCOMES

This degree will provide you with an understanding of critical sustainability issues in the global and local contexts. You will have cognitive skills to identify, analyse and synthesise knowledge relating to different causes and possible solutions for global sustainability challenges. Potential career pathways include:

- Agriculture and Fisheries
- Community Development
- Diplomacy
- Environmental Impact Assessment
- Ethical Supply Chain Management
- Foreign Trade

- Contemporary Globalisations
- Peace and War
- The Americas
- Climate Change and the Future World
- World Languages
- Asia's Rising Powers
- The New Europe
- Africa and the Middle East

View full program structure and subject list online.

PROFESSIONAL OUTCOMES

This degree will give you a global perspective to suit your areas of interest and professional goals while developing the skill base necessary to operate in a global environment. Potential career pathways include:

- Defence
- Diplomacy
- Foreign Affairs
- International Business
- Media
- Trade

COMBINED DEGREE OPTIONS

- Bachelor of International Relations / Bachelor of Business (CRICOS 088310C)
- Bachelor of International Relations / Bachelor of Laws (CRICOS 093916G)

JASMINE VALCIC

Bachelor of International Relations / Bachelor of Laws

I always planned on undertaking a semester abroad, and decided to apply for the New Colombo Plan Scholarship. I was ecstatic when my application was approved. I chose to undertake my internship in Bangkok as this location is becoming increasingly important for international relations. Also located in Thailand are the Headquarters for the United Nations Economic and Social Committee for Asia and the Pacific, and the Amnesty International Headquarters, making it the perfect destination to learn about international relations in Asia.

Bachelor of Policy, Philosophy and Economics	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0101956	70 / 25	Jan May Sep	6 semesters (2 years)	\$17560

The Bachelor of Policy, Philosophy and Economics is an interdisciplinary degree equipping graduates with technical, practical and cultural knowledge and skills required for successful careers in public administration and the not-for-profit sector. It combines study in Law, Politics, Economics and Philosophy with the flexibility of a five subject elective program.

PROFESSIONAL OUTCOMES

The Bachelor of Policy, Philosophy and Economics equips students for future positions in the public sector, including career opportunities in the public service, politics, public policy institutes, advocacy groups and the not-for-profit sector.

Diploma of Arts	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0101729	50	Jan May Sep	2 semesters (8 months)	\$16,240

The Diploma of Arts opens up a wide range of career and further study opportunities in disciplines including Communication, Creative Arts, Film and Television, Global Studies (Sustainability), Humanities, International Relations, Journalism, Policy, Philosophy and Economics, Psychological Science and Social Science.

The Diploma of Arts will teach students core skills to enhance their career prospects, whether that be a student fresh out of school or someone wishing to upgrade their qualifications.

KEY FEATURES

- Complete your diploma in only eight months
- Integrate into the university environment from day one
- Have the support of extra tutorials just for diploma students
- Articulate into the third semester of the corresponding bachelor program

FURTHER STUDY AT BOND

Successful completion of the Diploma of Arts guarantees students a place in most undergraduate degrees at Bond University, with a possible 80 credit points credited towards their new program of study. Students are advised to check the degree study structures online to confirm for which subjects they may receive credit.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

Bachelor of Business Law	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063057F	80 / 28	Jan May Sep	6 semesters (2 years)	\$17,560

This degree provides an opportunity to combine legal subjects of particular interest with study in related disciplines such as international business and management.

PROFESSIONAL OUTCOMES

Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility enables you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and is an important source of liberal education within business and management. Careers in banking and finance, teaching, industrial relations, politics and public service are among the many opportunities available to graduates.

PROFESSIONAL RECOGNITION

Unlike the Bachelor of Laws degree, the Bachelor of Business Law is not designed to provide a qualification for the professional practice of law. If you wish to practise law, you must complete a Bachelor of Laws (CRICOS 093922K) or Juris Doctor (CRICOS 093923J) degree and a Graduate Diploma in Legal Practice (CRICOS 098084C).

Bachelor of Jurisprudence	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063078A	80 / 28	Jan May Sep	6 semesters (2 years)	\$17,560

This degree provides an opportunity to combine legal subjects of particular interest with study in related disciplines such as international relations, criminology, languages and communication.

PROFESSIONAL OUTCOMES

Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility enables you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and, with arts and sciences, is an important source of a liberal education. Careers in politics, communications, teaching, public service, industrial relations and international relations are among the many open to graduates.

PROFESSIONAL RECOGNITION

Unlike the Bachelor of Laws degree, the Bachelor of Jurisprudence is not designed to provide a qualification for the professional practice of law. If you wish to practise law, you must complete a Bachelor of Laws (CRICOS 093922K) or Juris Doctor (CRICOS 093923J) degree and a Graduate Diploma in Legal Practice (CRICOS 098084C).

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

Bond's showcase moot court replicates the latest technology used in the courts of Australia. An additional medium-sized court and one smaller moot court are available for practice, preparation and presentations.

From as early as your first semester you will have the opportunity to become involved in a wide variety of skills competitions.

Bond students can gain experience through participating in Bond Law Clinics. Experience can also be gained through the various programs facilitated by the CDC.

Focus in an area of interest with a specialisation in Canadian Law and Practice, Contemporary Legal Issues, Corporate and Commercial Law, Legal Practice or Legal Innovation and Technology.

Bachelor of Laws	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 093922K	85 / 30	Jan May Sep	8 semesters (2 years 8 months)	\$17,560

Bond's Bachelor of Laws program is designed to equip you for a career in the legal profession, corporate sector or government sector, in Australia. The combination of excellent teaching, small class sizes and extensive legal skills program provides an exciting learning experience that both challenges you academically and prepares you practically for a legal career.

Our unique Integrated Skills and Professionalism Program is embedded in the Bachelor of Laws and focuses on core legal skills essential to the practice of law. These skills include:

- Dispute resolution and collaboration
- Legal ethics and professionalism
- Legal research and reasoning
- Legal writing and drafting
- Oral communication and advocacy

PROFESSIONAL OUTCOMES

The Bachelor of Laws prepares you to pursue careers in both the public and private sectors. These positions include Solicitor, Barrister, Government Lawyer, In-House Counsel or Judge's Associate. The Bachelor of Laws is an approved degree for the purposes of admission as a legal practitioner in all Australian jurisdictions, in conjunction with further study (Graduate Diploma in Legal Practice (GDLP)) by enrolling to complete your professional

legal training or a traineeship. The degree may also be used to apply for admission internationally. You are, however, advised to confirm admission requirements in the particular jurisdiction in which you wish to practise.

DEGREE COMBINATIONS

- Bachelor of Actuarial Science / Bachelor of Laws (CRICOS 093910C)
- Bachelor of Arts / Bachelor of Laws (CRICOS 093912A)
- Bachelor of Biomedical Science / Bachelor of Laws (CRICOS 093911B)
- Bachelor of Business / Bachelor of Laws (CRICOS 093909G)
- Bachelor of Commerce / Bachelor of Laws (CRICOS 093908G)
- Bachelor of Communication / Bachelor of Laws (CRICOS 093915J)
- Bachelor of Communication (Business) / Bachelor of Laws (CRICOS 093914K)
- Bachelor of International Relations / Bachelor of Laws (CRICOS 093916G)
- Bachelor of Journalism / Bachelor of Laws (CRICOS 093918F)
- Bachelor of Psychological Science / Bachelor of Laws (CRICOS 093921M)

FURTHER STUDY AT BOND

The Graduate Diploma in Legal Practice (CRICOS 098084C), also known as practical legal training (PLT), is the link between your law degree and becoming a practising lawyer. You'll receive extensive, individualised help to find a placement.

Bachelor of Legal Transformation	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Legal Transformation prepares graduates for professional and transdisciplinary roles in the modern ever-changing work environment with the inclusion of an immersive industry-based learning program. Students will also explore global sustainable development goals through the completion of a collaborative and creative design studio option.

PROFESSIONAL OUTCOMES

On successful completion of this program the learner will be able to:

- Think critically about law, technology, their interaction and their social and commercial contexts.
- Identify, analyse, and use creative and design thinking tools and techniques to solve legal problems creatively, ethically and in ways appropriate to client needs.
- Engage in informed and effective communication about legal issues, using appropriate platforms and in culturally diverse contexts.

Diploma of Legal Studies	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 080298C	65 / 24	Jan May Sep	2 semesters (8 months)	\$16,240

The Diploma of Legal Studies provides students with a basic grounding in Australia's legal system, the principles of business law and contemporary legal issues confronting Australian society.

This program provides a supported preparation and pathway for further undergraduate study in Law. You will also learn communication and problem solving skills, engage in individual and group decision making, and develop an understanding of ethics, morals and cultural beliefs.

KEY FEATURES

- Complete your diploma in only eight months.
- Integrate into the University environment from day one.
- Have the support of extra tutorials just for diploma students.
- Articulate into the third semester of a Bond undergraduate degree.

FURTHER STUDY AT BOND

Successful completion of the Diploma of Legal Studies guarantees students a place in Bond's Bachelor of Laws (CRICOS 093922K) with 80 credit points credited to the degree.

The Diploma of Legal Studies is also a pathway into other bachelor degrees with varying credit.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

HOLLI SARGEANT

Bachelor of International Relations / Bachelor of Laws | Alumna

There are almost too many examples to list all of the genuine guidance and motivation from Bond University. Almost all extracurricular experiences from international mooting competitions, to internships, to exchange programs came with the full support of Faculty staff.

The Bachelor of Psychological Science will provide you with a scientific understanding of normal psychological processes such as perception, memory, learning, motivation, psychobiology, personality, emotion, developmental psychology and social relationships, as well as training in abnormal psychology. A basic understanding of these topics is acquired across the two introductory subjects before a greater depth of coverage is undertaken within the advanced second and third level subjects. You will also participate in laboratory work and be introduced to the Australian Psychological Society Code of Ethics. To underpin the scientific nature of the discipline, you will receive training in a range of data analytic techniques and research methods used by psychologists. The program is designed to equip you with the basic scientific grounding and theoretical understanding required for advanced level studies.

PROFESSIONAL OUTCOMES

This degree will qualify you for employment in professional areas such as counselling and various functions associated with human resources. It is also the building block for further studies where you are able to pursue careers in the professional practice of psychology including clinical, organisational or forensic psychology, counselling,

clinical neuropsychology, health and community psychology, research and other specialist areas.

PROFESSIONAL RECOGNITION

This program is fully accredited by the Australian Psychology Accreditation Council (APAC) as the equivalent of three years' university training in psychology.

DEGREE COMBINATIONS

- Bachelor of Psychological Science / Bachelor of Laws (CRICOS 093921M)

FURTHER STUDY AT BOND

The Bachelor of Psychological Science (Honours) (CRICOS 063047G) is designed to provide students with an integrated, comprehensive, and complete education in the discipline of psychology.

The Graduate Diploma of Psychological Science (CRICOS 063195G) prepares you for entry into a career in psychology (that is provisional registration as a psychologist in addition to two years of supervised training). The Master of Professional Psychology (CRICOS 096695C) and Master of Psychology (Clinical) (CRICOS 063429E) are also offered at postgraduate level.

Bachelor of Psychological Science (Honours)	Starting	Duration	Fees per semester*
CRICOS Course Code 063047G	Jan May Sep	2 semesters (8 months)	\$17,885

The Bachelor of Psychological Science (Honours) is designed to provide students with an integrated, comprehensive, and complete education in the discipline of psychology. Students undertake advanced training in a range of methodological (research methods, psychometrics, statistics) and applied areas, and develop competence in conducting research. All applied material is based on the scientist-practitioner model, and evidence-based approaches to psychological intervention are stressed. The Bachelor of Psychological Science (Honours) provides students with advanced education and training in the core psychology graduate attributes, including but not limited to the following:

KEY FEATURES

- Advanced theoretical and empirical knowledge in some of the core research areas of the discipline.
- Knowledge of the theoretical and empirical bases underpinning the construction, implementation and interpretation of some of the most widely used cognitive and personality assessments.
- Knowledge of the theoretical and empirical bases underpinning evidenced based approaches to psychological intervention.

- Explaining how the science and practice of psychology is influenced by social, historical, professional and cultural contexts.

The Bachelor of Psychological Science (Honours) prepares graduates for a career in psychology. On completion of this course, graduates may apply for provisional registration as a Psychologist providing they enrol in further postgraduate studies or undertake two years' supervised training.

PROFESSIONAL OUTCOMES

Under supervision, you will be able to pursue careers in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, sports psychology, research and other specialist areas.

PROFESSIONAL RECOGNITION

This program is fully accredited by the Australian Psychology Accreditation Council as the equivalent to four years of university training in psychology.

Bachelor of Social Science	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 063082E	65 / 24	Jan May Sep	6 semesters (2 years)	\$17,560

The Bachelor of Social Science encompasses a mix of several disciplines including criminology, psychology, counselling and behaviour management. The program allows you to combine subjects to complete a degree that reflects a specialisation of studies in the social sciences area of the Faculty.

MAJORS / SPECIALISATIONS

- Counselling Interventions
- Criminology
- Psychology

The Bachelor of Social Science allows you to undertake a combination of two of the above majors, or a double major in Criminology.

PROFESSIONAL OUTCOMES

This degree will provide you with a basis for working in areas such as welfare, government departments, disability services or as disability officers or case workers, client support and advocacy, as well as working with behavioural difficulties of children in educational settings. Students who choose a criminology focus will gain the ability to understand a typical behaviour patterns. Those students who combine their studies with psychology will be provided with the basis for understanding the presenting problems with clients in order to develop effective needs-based treatment programs. Students who choose a counselling focus will gain the ability to assess, diagnose and understand human behaviour as well as be able to apply ethical, legal and professional issues in counselling.

DEGREE COMBINATIONS

- Bachelor of Business / Bachelor of Social Science (CRICOS 088309G)

Diploma of Arts	Selection Rank ATAR / IB**	Starting	Duration	Fees per semester*
CRICOS Course Code 0101729	50	Jan May Sep	2 semesters (8 months)	\$16,240

The Diploma of Arts opens up a wide range of career and further study opportunities in disciplines including Communication, Creative Arts, Film and Television, Global Studies (Sustainability), Humanities, International Relations, Journalism, Psychological Science and Social Science. The Diploma of Arts will teach students core skills to enhance their career prospects, whether that be a student fresh out of school or someone wishing to upgrade their qualifications.

KEY FEATURES

- Complete your diploma in only eight months
- Integrate into the university environment from day one

- Have the support of extra tutorials just for diploma students
- Articulate into the third semester of the corresponding bachelor program

FURTHER STUDY AT BOND

Successful completion of the Diploma of Arts guarantees students a place in most undergraduate degrees at Bond University, with a possible 80 credit points credited towards their new program of study. Students are advised to check the degree study structures online to confirm for which subjects they may receive credit.

*Fees per semester are based on an average calculation of 2021 fees and may differ depending on the subjects and majors you take in each semester. Tuition fees are subject to change on an annual basis and will be charged at the appropriate fee for the year of enrolment. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs.

**Entrance scores provided are indicative only for 2021 admission and are subject to change.

PATHWAYS TO BOND UNIVERSITY

If you don't meet the entry requirements for your chosen degree, Bond University offers a range of Bond University College pathways to help you achieve the academic requirements you need.

Our pathway programs are delivered on campus by Bond University College where you will benefit from extra hours of face-to-face teaching in a small class mentored environment. Located in the heart of the Bond University campus, you will have access to all of the University resources and facilities, and will be welcomed as a fully fledged member of the University community from the day you arrive.

Successful completion of a Bond University College program gives you the opportunity to gain entry to a Bond University undergraduate degree, with varying credit. The time to completion from a Diploma program to a Bachelor program is essentially the same. Once you successfully complete your Diploma you enter your Bachelor program in Semester 3*, enabling you to still graduate ahead of your peers. For additional admission pathways, please refer to page 62.

*Not applicable to all bachelor level programs.

Admission pathways

Diploma Preparation Program

CRICOS Course Code 0101445

Duration: 4 months (1 semester)

Starting: January, May, September

The Diploma Preparation Program has been specifically designed for students to pathway into Bond University Diploma programs. You will learn the core skills necessary for academic success, delivered by experienced and supportive teachers in small, personalised classes. The three subjects covered in this one semester program are:

- Academic Communication Skills
- Applied Academic Communication Skills
- Digital Literacy

Key Features

- Prepare yourself for a Bond University Higher Education Diploma program.
- Gain the academic skills required to succeed in your further studies.
- Transition into your Diploma program seamlessly with our dedicated teachers and supportive environment.

Higher Education Diplomas

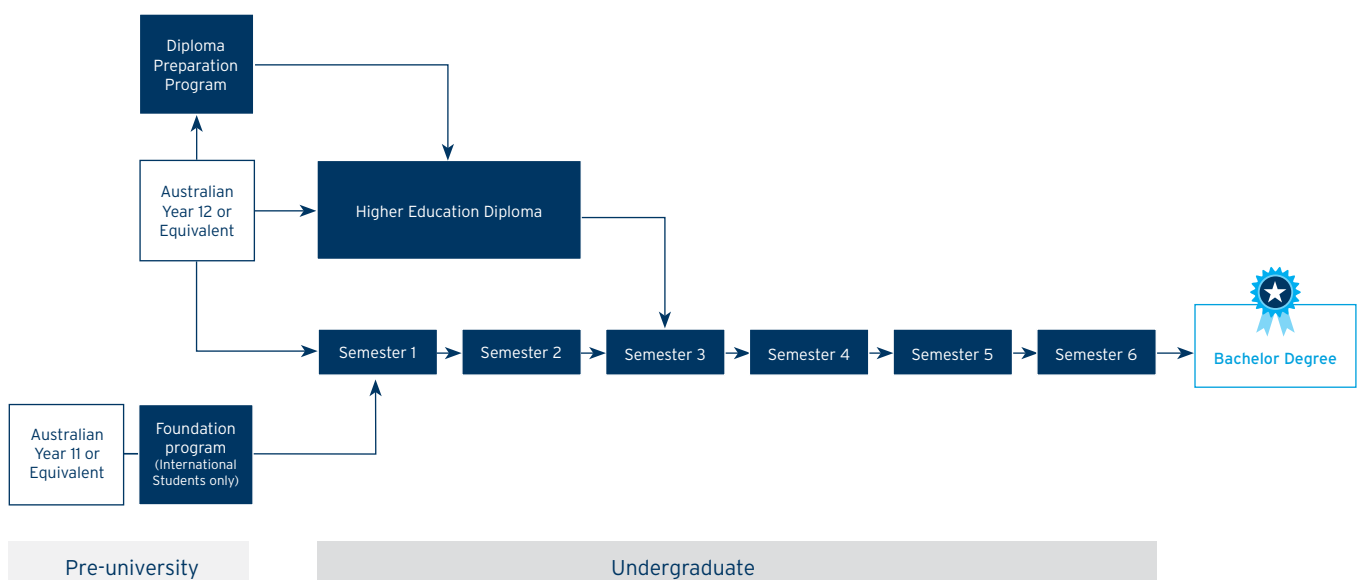

Duration: 8 months (2 semesters)

Starting: January, May, September

Our diploma level studies provide a pathway for students who do not meet the academic or English language requirements for direct entry into their chosen bachelor degree, or who would prefer to start their university journey in a more supported environment. Successful completion of your diploma qualifies you for entry into a Bond Bachelor degree, with varying credit.

- Diploma of Arts (CRICOS 0101729)
- Diploma of Built Environment (CRICOS 098537A)
- Diploma of Business (CRICOS 078663E)
- Diploma of Health Sciences (CRICOS 093260K)
- Diploma of Legal Studies (CRICOS 080298C)

Pathways to Bond University

*The average Bond University undergraduate is two years but may be longer in some areas of study.

How will I be assessed?

SCHOOL LEAVER

Secondary academic results and / or rank

Non ATAR student but have received a Senior Statement, Admissions will use your final subject results to calculate an entry rank.

NON SCHOOL LEAVER

Secondary academic results and / or rank

Resume of work and life experience may be required. It may be possible to use your work skill level and history to allocate an entry rank.

Special Tertiary Admissions Test (STAT)*

Any complete or incomplete prior study such as AQF, Certificate IV or higher from a recognised provider.

DID NOT COMPLETE SCHOOL / HAVE NO OTHER QUALIFICATIONS

There are a number of alternative means of gaining admission besides formal study. Bond will calculate an entry rank based on any one of the following:

Resume of work and life experience. It may be possible to use your documented work skill level and history to allocate an entry rank.

Special Tertiary Admissions Test (STAT)*

Any complete or incomplete prior study such as AQF Certificate IV or higher from a recognised provider.

Past school results

Please contact your Domestic Regional Manager at bond.edu.au/contact to have a conversation about admission.

*Special Tertiary Admissions Test (STAT) will allow you to demonstrate your potential for university study refer to QTAC for more information.

CLARISSE LAFLEUR

**General English > English for Academic Purposes >
Diploma of Business > Bachelor of Business >
Master of Business**

Bond University is one of a kind and leaves a strong impression. I moved to Australia to improve my English. I met amazing people from around the world and I had the opportunity to learn from passionate teachers who motivated me and pushed me to do my best. After completing my English studies I enrolled in a diploma, followed by a Bachelor of Business. Here, I made friends for life but also attended fascinating classes with interesting professors.

STUDENT LIFE AT BOND

For the past 14 years, Bond has received the highest possible ranking for Student Experience in the independent Australian Student Satisfaction Survey.

The personalised attention you receive in the classroom extends to every aspect of life at Bond. It starts from the moment you arrive on campus with Orientation's full calendar of information sessions and social activities where you'll have a chance to meet lots of other new students.

Once your classes get underway, you may also find some of our other Student Support services helpful, such as the Academic Skills Centre, Computer Support, Disability Support, and Medical and Psychological Services.

There are many opportunities to get involved in university life through our active on-campus clubs and societies. You can connect with people from your program, your faculty, your political persuasion and your religious beliefs, or get involved with local charities, philanthropic causes and global organisations.

You'll also find a wealth of opportunities to take on various leadership roles, committee positions and volunteering experiences which will help you stand out to future employers.

SPORT IS IN OUR DNA

Sport and education are entwined at Bond University. We have a proud sporting tradition and we provide opportunities for students to participate at a social, competitive or elite level.

BOND UNIVERSITY SPORTS CENTRE

The University's multi-million dollar Sports Centre incorporates a state-of-the-art gymnasium, TRX Suspension Training Studio, boxing circuit training room, and a regular timetable of group exercise classes.

Bond's Aquatic Centre includes a 50m Olympic-size heated swimming pool and a FINA-ratified 10-lane, 25m pool. The campus also features extensive outdoor sporting facilities for rugby, AFL, cricket and tennis as well as indoor basketball, netball, esports, futsal, badminton, volleyball, cricket nets and squash courts.

SPORT CLUBS

Joining a sporting club is a great way to meet new friends and Bond has more than 20 to choose from. Competing under the Bond Bull Sharks banner you'll have the opportunity to compete in the Australian University Nationals.

HIGH PERFORMANCE SPORTS

Bond has key high performance sports including swimming, rugby, rugby sevens (men and women), AFL (men and women), triathlon, netball, equestrian and esports, offering world-class coaching, facilities and partnerships to ensure we compete at the highest level both domestically and internationally. Olympic and international athletes of distinction populate the sports in these programs.

ESPORTS

A recent addition to Bond's High Performance sports facilities is the state-of-the-art esports Hub. Devoted to competitive video-gaming, the esports Hub is equipped with 12 high-performance gaming machines, a training and coaching facility for analysis and strategy and the ability to stream to Bond's 500-seat theatre for an audience.

ELITE SPORT PROGRAM

Bond University is a member of the Australian Sport Commission's Elite Athlete Education Network (EAEN), which provides flexible study loads and requirements for athletes at the very top of their sport. Athletes competing at a state, national or international level in their chosen sport are invited to apply to the Bond Elite Sport Program.

SPORTS RESEARCH

The Bond Institute of Health and Sport is a world-class teaching and training centre which regularly hosts international athletes and professional teams. Specialist training and preparation facilities of the Institute's High Performance Training Centre include a 25m indoor lap pool, temperature controlled recovery pools, oxygen-regulated altitude training room and the sports science laboratories. The Institute is also used extensively by students studying exercise and sports science, physiotherapy, occupational therapy, and nutrition and dietetics.

SPORTING SCHOLARSHIPS

A number of sporting scholarships are offered each year, giving high performance athletes in a wide range of sports the opportunity to compete at the elite level while gaining a premium education:

- **John Eales Rugby Excellence Scholarship** - a full-fee scholarship for an outstanding rugby union star which includes mentoring by Wallabies legend, John Eales AM.
- **Riewoldt Family AFL Excellence Scholarships** - full-fee scholarships offered to male and female AFL players.
- **ADCO Sports Excellence Scholarship** - full-fee scholarship offered to applicants performing at the elite level in the sports discipline of their choice.

ACCOMMODATION

Bond is located in a landscaped residential neighbourhood with a wide range of on-campus and off-campus accommodation available for our students within easy walking distance of all University study and recreational facilities.

ON-CAMPUS

On-campus housing offers your choice of air-conditioned single or shared rooms. Residents benefit from one-on-one academic and personal support from the live-in team of Senior Resident Fellows, Resident Student Fellows and Tutor Fellows.

MEAL PLANS

For students living on campus, it is compulsory to have a dining plan. These flexible prepaid plans can be used to purchase meals on campus at Lakeside Bar and Restaurant, Papyrus Café, Don's Tavern, the Coffee Cart, Bond Express and the University Club.

APPLYING FOR ON-CAMPUS ACCOMMODATION

Our on-campus rooms are in high demand, so we recommend you complete your application as soon as the accommodation booking period opens.

To view rooms online: bond.edu.au/accommodation

HOMESTAY

Homestay accommodation offers students a fully supported living experience with a local host family. Bond University's homestay program is professionally managed by the Australian Homestay Network. Homestay accommodation is recommended for all students under the age of 18 years old.

View homestay options: homestaynetwork.org

OFF-CAMPUS

There is a wide range of rental accommodation surrounding the University if you would like to live off campus. Options include houses or apartments on a single or shared basis with weekly rent varying, depending on size, location and the number of bedrooms. You will also need to budget for a security deposit (bond), food, electricity, telephone, internet and cleaning.

Bond's off-campus Support Officer can assist you with off-campus housing, for more information email housingsupport@bond.edu.au or to view off-campus accommodation options, please visit bond.edu.au/off-campus.

SHARE ACCOMMODATION

Students regularly advertise for flatmates in a variety of units, townhouses and larger homes located in suburbs adjacent to the campus (Varsity Lakes, Robina) and further afield.

COUPLE AND FAMILY ACCOMMODATION

There is a variety of rental accommodation available across the Gold Coast, ranging from beachside apartments to suburban family homes near schools, business precincts and retail centres.

Popular websites:

domain.com.au

Premium Single Room - accommodation offered through on-campus housing (Building 7, South Tower)

FEES AND COSTS

Bond University is a fully independent, not-for-profit institution that invests 100% of your tuition fees into providing a five-star educational experience, state-of-the-art facilities and a truly personalised student framework.

While our tuition fees are not subsidised by the Australian Government, they can be financed by the Government's interest free student loan program, FEE-HELP.

In addition to your university tuition fees, there are a number of other costs to consider when planning your budget.

WEEKLY LIVING COSTS*

The Australian Government's Department of Home Affairs requires students to have access to a minimum of \$20,290 per year to fund their living expenses (excluding tuition fees).

	On-campus accommodation	Off-campus accommodation	Homestay
Rent	\$166 - \$286	\$165 - \$440	\$255 - \$275
Food	\$143 dining plan*	\$80 - \$280	Included
Utilities	Included	\$20 - \$50	Included
Transport	N/A (on campus)	\$15 - \$55	\$20 - \$40
Mobile phone	\$5 - \$10	\$5 - \$10	\$5 - \$10
Entertainment	\$80 - \$150	\$80 - \$150	\$80 - \$150
Total cost per week	\$394 - \$589	\$365 - \$985	\$360 - \$475
Tuition fees per semester**	\$17,360		
Total cost per semester	\$23,270 - \$26,195	\$22,835 - \$32,135	\$22,760 - \$24,485

When considering the costs associated with your university studies, keep in mind that Bond's accelerated schedule means you'll finish your degree sooner. Not only does this mean a substantial reduction in your total accommodation and living costs, it also represents a full year of earnings from being out in the workforce earlier.

FINANCING YOUR DEGREE

FEE-HELP

FEE-HELP is an interest-free student loan program funded by the Australian Government for all Australian citizens and others who meet the eligibility requirements. From 1 January 2020, a combined HELP loan limit will replace the FEE-HELP limit and will include FEE-HELP, VET Student Loans, VET FEE-HELP and HECS-HELP. Only HECS-HELP borrowing from 1 January 2020 onwards will count towards a person's HELP limit. Any existing FEE-HELP, VET FEE-HELP or VET Student Loans that counted towards your FEE-HELP limit would count towards the combined HELP limit.

In 2020 the combined HELP loan limit will be \$106,319 for most students. The limit for students in the ^Medical Program will be \$152,700. Repayments are made through the taxation system at a minimum rate of 1% per annum when your annual income reaches \$45,881. The rate of repayment increases as annual income increases. You can apply for FEE-HELP online once you have received an offer from Bond University with your Student Identification Number.

studyassist.gov.au

LOYALTY DISCOUNTS

Bond offers a number of loyalty discounts to students who have a direct family member attending an eligible program at Bond or who have completed an eligible program here. These loyalty programs may provide a reduction of up to 10% on tuition fees.

OTHER GOVERNMENT ASSISTANCE

Most Australian students who receive some form of government income support are on either Youth Allowance or AUSTUDY / ABSTUDY. Contact Centrelink for more information on eligibility.

STUDENT OPPORTUNITY FUND

As a Bond student, you will have access to a range of experiences and activities that will enhance your learning. The Student Opportunity Fund can help to finance those added extras with assistance available up to \$2,000. For more information, visit bond.edu.au/student-opportunity-fund.

Source: studyinaustralia.gov.au/english/live-in-australia/living-costs

*Prices are approximate and can vary depending on budget and lifestyle.

**Average cost based on four subjects per 15 week semester. Prices can vary per program.

SCHOLARSHIPS

One of the ways Bond University identifies future leaders is through our scholarship program.

Full and part tuition scholarships are awarded to applicants who have demonstrated outstanding academic ability, community involvement, sporting achievements and strong leadership skills.

VICE CHANCELLOR'S ELITE SCHOLARSHIPS

Our prestigious Vice Chancellor's Elite Scholarships are awarded each year to a small group of outstanding applicants. These students are selected on the basis of their exceptional academic achievements, proven leadership abilities and strong personal character. Applicants will be required to provide a school reference to demonstrate their ability to meet the characteristics and traits of Vice Chancellor's Elite Scholars. Short-listed applicants will also be required to attend a scholarship selection weekend from Friday, 25 September to Saturday, 26 September, 2020.

Successful applicants receive full tuition remission for any undergraduate degree combination (with the exception of the Bond Medical Program). Every Vice Chancellor's Elite Scholar is also invited to participate in the Vice Chancellor's Mentoring Program where they will be teamed with a leader in their field for one-on-one professional and personal guidance.

EXCELLENCE SCHOLARSHIPS

Excellence scholarships offer up to 50% tuition remission for any undergraduate degree combination (excluding the Bond Medical Program) and are awarded annually to a number of outstanding applicants who have demonstrated high academic achievement, proven leadership skills and extensive community involvement.

LEADERSHIP SCHOLARSHIP

The Leadership Scholarship aims to recognise current Year 12 students who have outstanding leadership experience and community involvement with a 25% tuition remission scholarship for any undergraduate degree combination (excluding the Bond Medical Program).

SPORTING SCHOLARSHIPS

Through key corporate partnerships, Bond University is proud to offer a number of unique sports scholarships to students with exceptional sporting achievements. These include the:

- ADCO Sports Excellence Scholarship
- John Eales Rugby Excellence Scholarship
- Riewoldt Family AFL Excellence Scholarship

INDIGENOUS SCHOLARSHIPS

Bond University is strongly committed to closing the gap for Indigenous Australians. Through the generous support of corporate sponsors, alumni and community donations, we offer a number of scholarships to Aboriginal and Torres Strait Islander students who have demonstrated extracurricular involvement, leadership potential and academic achievements. These scholarships are valued at up to 50% of tuition fees for any single undergraduate degree (excluding the Bond Medical Program) or 100% tuition for any diploma program.

HOW TO APPLY

Scholarship applications can be made online using the Scholarship Application Form after you have completed and submitted a Bond University Study Application Form.

Review scholarship application opening and closing dates at bond.edu.au/scholarships.

2018 Scholarship recipients

GOING GLOBAL

You don't have to take a gap year or time out from your degree to see the world.

Bond University not only delivers globally focused course content, but a world of cultural opportunity.

With Bond's international industry partnerships and placements, academic exchange partners, study tours, international competitions and extensive global alumni network, you'll be professionally and culturally set up to work anywhere in the world.

Bond's campus is home to staff and students from more than 90 different countries. You'll meet people from every corner of the globe right here on campus and have access to Bond graduates wherever you travel as a lifelong member of our global alumni.

STUDY TOURS

Head to Silicon Valley and visit the entrepreneurial hub - the start-up hotspot for many global tech companies like Facebook, Apple and Google!

GLOBAL ALUMNI NETWORK

Bond alumni network with over 27,000 people is active in over 120 countries around the world.

INTERNATIONAL COMPETITIONS

Take part in BUMUN or even compete in the International Criminal Court Moot in The Hague.

STUDENT EXCHANGE

Over 80 exchange partnerships in 24 countries.

BONDIES ABROAD IN THE UNITED STATES OF AMERICA

Our exchange semester at West Virginia University (WVU) has been incredible. We can both say with certainty that living the “American dream” has been one of the best experiences of our lives.

WVU is the largest university in the state of West Virginia with around 30,000 students. The entire state is full of proud Mountaineers, sporting college colours and singing the team song around town.

Our studies have allowed us to gain a more extensive range of knowledge of different cultures and traditions, such as how the American political system works and the rules of an American football game.

Travelling around the US has been one of the highlights of our exchange. We haven't had to go too far to experience something new. We have been fortunate enough to visit Pittsburgh, DC, Chicago, New York City, Tennessee, California and Nevada.

The United States is so much more than we had expected. The people of West Virginia are incredibly welcoming and made us feel at home the second we arrived. We wouldn't change the experience for anything.

Annabel Fuller, Bachelor of Journalism and Ruby Yates, Bachelor of Business

YOUR BOND JOURNEY STARTS NOW

We'd love to get to know you before you leave school - and we're sure you'd like to know more about us.

There are lots of ways to engage with Bond in your last few years at school - from coming along to our annual Open Day or one of our Experience Days through to completing a full university subject while you're still in Year 10, 11 or 12. We also put on some serious competitions for high school students where you could win a scholarship to study at Bond.

STEPS TO TAKE IN YEAR 10

CREATE A STUDY PLAN

This is the best time to get organised. Talk to your housemaster, teacher or career advisor about creating an effective study plan.

SUBJECT SELECTION

Select subjects for Year 11 and 12. Check out the interstate subject and grading equivalents. To find out more, visit bond.edu.au/your-future

ATTEND HEADSTART DAY

For Year 10 students who want to experience life as a Bond student. You can take part in simulated lectures and tutorials, enjoy interactive activities, meet our professors and current students, and get to know your way around our campus.

Visit bond.edu.au/Headstart-Day

Explore our faculties and study options at Headstart Day

I WANT TO... BE TRANSFORMATIONAL

TRANSFORMATION DEGREES

For professional and trans-disciplinary roles in the modern ever-changing work environment with the inclusion of an immersive industry-based learning program.

IDEAL SUBJECTS

- Digital Solutions
- Information and Communication Technology
- Extra-curricular programs such as STE(a)M / ABW Enterprise / Innovation Hubs
- Business Studies
- Philosophy and Reason
- Health
- Legal Studies
- Psychology

I WANT TO... PLAN AND BUILD THINGS

ARCHITECTURE AND BUILT ENVIRONMENT

For careers relating to architecture, real estate, property and sustainable development, urban design and planning, environmental management, environmental science, construction management and quantity surveying.

IDEAL SUBJECTS

- Building / Construction Skills
- Earth Science
- Engineering Skills
- Engineering Technology
- English
- Graphics
- General Mathematics
- Physics
- Visual Art

I WANT TO... USE DATA TO INFLUENCE

BUSINESS AND COMMERCE

For careers relating to accounting, actuarial science, big data, digital business, economics, entrepreneurship, finance, hotel and tourism management, international business, management, marketing and sport management.

IDEAL SUBJECTS

- Accounting
- Business Communication
- Business Management
- Economics
- English
- Hospitality
- General Mathematics
- Mathematical Methods
- Specialist Mathematics
- Tourism

I WANT TO... BE CREATIVE

COMMUNICATION AND CREATIVE MEDIA

For careers relating to advertising, film and television, computer game development, communication and media, journalism, marketing and public relations.

IDEAL SUBJECTS

- Business Communication
- Drama
- English
- Fashion
- Film, Television and News Media
- Graphics
- Information Technology
- Social Sciences
- Visual Art

I WANT TO... HELP OTHERS

HEALTH SCIENCES AND MEDICINE

For careers relating to exercise and sports science, health sciences, biomedical science and medicine.

IDEAL SUBJECTS

- Biology
- Chemistry
- English
- Health Education
- Mathematical Methods
- Specialist Mathematics
- Physical Education
- Physics

I WANT TO... EXPLORE THE WORLD

HUMANITIES, LANGUAGES AND INTERNATIONAL STUDIES

For careers relating to applied linguistics, Australian studies, diplomacy, language and culture, international affairs, international relations, foreign correspondence, history, politics, international trade law and philosophy.

IDEAL SUBJECTS

- English
- Geography
- History
- Languages
- Legal Studies
- Philosophy
- Social Sciences

I WANT TO... FIGHT FOR JUSTICE

LAW, CRIMINOLOGY AND CRIMINAL JUSTICE

For careers relating to law, dispute resolution, business law, criminology, corporate and commercial law and forensics.

ADMISSION PATHWAYS

ADJUSTMENT FACTORS

If you are a current Australian Year 12 applicant, or you successfully completed your Australian Year 12 studies no more than two years ago and have not commenced any university studies, you may be eligible for adjustments to help you get into your intended program at Bond University.

HOW DO ADJUSTMENT FACTORS WORK?

You will only be considered for adjustments if you do not meet the minimum ATAR / IB or selection rank required for the program. The adjustments will be applied if you meet the criteria for the relevant adjustment factor/s.

If you meet the eligible criteria, Bond University will grant you adjustment points to increase your selection rank. Adjustment can increase your selection rank, and this may get you an offer for your intended program. You must still meet any prerequisites specified for entry into your intended program.

VET QUALIFICATION

CAN I USE A VET QUALIFICATION FOR ENTRY?

For 2021 admission, Bond University will continue to accept VET Certificate IV, Diploma or Advanced Diploma qualifications for entry with the following assigned ranks. Please note that the assigned selection rank is provided as a guide only. You must still meet prerequisites and any additional requirements for the program.

VET QUALIFICATION*	ASSIGNED SELECTION RANK
Completed ungraded AQF Certificate IV	74
Completed ungraded AQF Diploma	78
Completed ungraded AQF Advanced Diploma	91

*Graded VET qualifications will be assigned a rank based on the grades attained. For admission to Bond University from 2021 onwards, ungraded VET qualifications will no longer be accepted for direct entry into some of our programs. For more information please speak with your Domestic Regional Manager about our Bond University College Diploma pathways.

HAVE YOU COMPLETED AN IN-SCHOOL VET QUALIFICATION?

If you complete a VET qualification in school and successfully complete Year 12 (with or without an ATAR), Bond will consider your VET qualification for admission. You may be required to demonstrate English language proficiency by passing the English subject with a grade of C or better, or by undertaking an English proficiency test and achieving the required scores for entry.

If you have also attained an ATAR, then Bond University will consider the higher ranked of the two qualifications (ATAR or VET) for admission. Advanced standing (credit) may be provided in a similar undergraduate degree.

WHAT IS THE MAXIMUM ADJUSTMENT?

The maximum adjustment applied to each applicant is five (5) ranks from one or more adjustment factors. Each adjustment factor has a maximum adjustment rank.

Adjustment factors cannot be used for entry into the Bond Medical Program, the Bachelor of Laws program and undergraduate programs with additional requirements such as auditions, interviews, portfolios or questionnaires.

For more info, please visit: bond.edu.au/adjustment-factors.

For admission to Bond University from 2021 onwards, ungraded VET qualifications will no longer be accepted for direct entry into the following programs:

- Any combined program that includes a program mentioned below
- Bachelor of Actuarial Science
- Bachelor of Business Data Analytics
- Bachelor of Biomedical Science
- Bachelor of Business Law
- Bachelor of Jurisprudence
- Bachelor of Laws
- The Bond Medical Program^.

HOW TO APPLY TO BOND

1

PICK YOUR PROGRAM

Deciding on a degree or program is a personal choice. It's about choosing the right program for you - your interests, your future. Bond's Future Students team are also available to discuss your study options.

bond.edu.au/search-program

2

APPLICATION PROCESS

Applying to study at Bond is easy! Applications for most Bond programs can be lodged at any time directly to the University - you do not need to go through QTAC. Applications for the Medical Program[^] are only open to domestic students and must be lodged through Queensland Tertiary Admissions Centre (QTAC) at qtac.edu.au. For information on application closing dates, visit bond.edu.au/timeline.

You are two steps away from confirming your place at Bond. To accept your offer all you need to do is complete and return your Response to Offer form to admissions@bond.edu.au and pay the required fees as listed on your offer.

8

ORIENTATION

Your first introduction to university life! Orientation is the perfect time to make new friends, find your way around campus and complete your enrolment at Bond. The Orientation experience features an exciting program of social activities where you can relax and meet people, and there are lots of information hotspots to help you get ready for university life.

[^]The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5.
