Windsor Castle

School Overview

Royal Holloway is highly ranked in the UK for the quality of research and teaching – a powerful combination that directly benefits students. By choosing to study there, students become part of a close-knit community that's about inspiring them to succeed – academically, socially, and culturally.

Students who come to Royal Holloway talk about how the campus supports a unique culture and a 'feel' that they love. Classes are taught by recognized, world-leading academics who will genuinely get to know students on an individual level. Their open-door policy makes it easy to access the support and guidance students need to succeed. As one of the UK's most international universities, Royal Holloway brings diverse perspectives to students' studies from all over the world.
