Top Up Programmes

The University of Greenwich welcomes international students to transfer directly into year 2 or 3 of a number of our degree programmes. This allows you to 'top up' your degree without studying for the three full years in the UK. Requirements for year 2 or 3 entry will vary depending on the country you have previously been educated in.

All credit transfers are assessed by our admissions team, who will check the content of your previous qualification will allow you to top up with us. If you wish to confirm that you are eligible, please do drop the International Office team an email at international@gre.ac.uk or visit our website.

The full list of programmes available for transfer is below, and are offered in September only. Some programmes allow entry from Year 2 (Y2) only.
