Acknowledgement to Australia's First Nations People

CQUniversity recognises and acknowledges the important role First Nations People make to our communities and values Indigenous knowledge systems as an integral part of our teachings.

WELCOME TO CQUNIVERSITY

At CQUniversity Australia you can choose from a wide variety of TAFE and university qualifications. With seamless pathways between short courses, certificates and diplomas, through to undergraduate, postgraduate and research higher degrees, we can help you be what you want to be.

FIND THE RIGHT COURSE FOR YOU*

Explore our 2021 Course Directory and find everything you need to know about studying at CQUniversity. Along with an overview of the courses we have on offer, you will find entry requirements, availability and intake information.

WHEN YOU'RE READY FOR THE NEXT STEP

There's no such thing as the best university, just the best university for you. We are committed to helping you find the information you need at the different stages of your journey to study with CQUniversity.

To find out more and get started on the pathway to your dream career, visit www.cqu.edu.au/futurestudents.

* If you're not an Australian citizen, an Australian permanent resident or a New Zealand citizen, visit www.cqu.edu.au/international-students/international-brochures to read our international student guides.

CHOOSE YOUR STUDY LEVEL

Not sure where your chosen course fits and what could come next? We're proud to offer a wide range of study options at all levels of higher education. We offer credit for prior learning and seamless pathways between many of our courses, so you can start and finish wherever you need to.

OUTSTANDING GRADUATE OUTCOMES

CQUni is ranked in the top two per cent of universities globally for graduate employability.¹

We're awarded five stars and ranked one of the top five Australian universities for undergraduate full-time employment and starting salaries.²

Our postgraduate alumni earn 17 per cent more than the national average³, and we're ranked second in Australia for postgraduate salaries.²

TAFE PROVIDER OF CHOICE

We're proud to be Queensland's Large Training Provider of the Year 2019⁴, with nine in ten CQUni TAFE graduates recommending the training they complete.⁵

EXCELLENT STUDENT SUPPORT

We're known for our range of student support services, available whether you are studying on campus or online.³

TOP 10 FOR SKILLS DEVELOPMENT

We're ranked in the top ten Australian universities and have received a five-star rating for postgraduate skills development.²

COMMITTED TO INCLUSIVITY

Our belief that quality education should be accessible to everyone sees us ranked first in Australia for social equity, and second for first-generation student ratio.²

WORLD-CLASS RESEARCH

Our focus on practical, applied research sees us rated as conducting research at or above world standard in 22 different categories.⁶

MAKING A DIFFERENCE

CQUni is ranked in the top 200 universities for sustainability in the *Times Higher Education Impact Rankings 2020*.

1. QS World University Rankings: Graduate Employability Rankings 2020. See [cqu.edu.au/reputation](https://www.cqu.edu.au/reputation).

2. The Good Universities Guide 2020.

3. ComparED 2020.

4. 2019 Queensland Training Awards.

5. NCVER 2020, Australian vocational education and training statistics: National Student Outcomes Survey 2019 – unpublished data, NCVER, Adelaide.

6. State of Australian University Research 2018-19: ERA National Report.

YOUR CQUNI STUDENT EXPERIENCE

At CQUniversity, we believe university can be for anyone, regardless of background or circumstance. To help enrich your life and studies, we provide a range of support services, initiatives and facilities, plus the flexibility to tailor your study to suit your lifestyle.

EXPERIENCE THE CQUNI COMMUNITY

Our commitment to ensuring that a quality education is accessible to everyone sees us welcome students from diverse cultural backgrounds, geographic locations and socio-economic contexts. As a student at CQUniversity, you will become part of a community like no other.

You'll enjoy opportunities to make friends, network and become engaged with a tight-knit community. Our smaller class sizes allow you to form meaningful relationships and connections with your peers, teaching staff and lecturers.

Benefit from an active Student Life Committee that hosts social and networking events to suit the unique tastes and needs of your local campus. Many of our locations also offer a range of student recreation facilities such as gyms and sports areas, food outlets, cafés, games areas, and lounge and entertainment zones. For more information, visit www.cqu.edu.au/student-life.

Our smaller class sizes allow you to form meaningful relationships and connections with your peers, teaching staff and lecturers.

After you graduate

CQUniversity has an active alumni program and continues to support you by providing access to career services and mentors, professional and personal development, and further opportunities for you to follow your passion and expand your experience.

ENJOY OUTSTANDING STUDY SUPPORT

Whether you're starting uni for the first time, returning to study or pursuing a postgraduate degree, CQUniversity has a range of support services to help you along your journey. Services include orientation to assist your transition to university life, ongoing assistance through the Student Mentor Program, counselling services, course advice, career planning services, support for students with disability or medical conditions, Indigenous student support, financial support options, and more. For more information, visit www.cqu.edu.au/support.

Academic Support

As a first-year student, or on referral from a lecturer, you can access our Academic Learning Centre, which offers information, support, advice and resources related to many of the academic communication, mathematics and statistics, science and computing requirements of study. For more information, visit www.cqu.edu.au/alrc.

Indigenous Support

CQUniversity has a dedicated student support team that provides Aboriginal and/or Torres Strait Islander students with guidance regarding course options, financial assistance, pastoral care, mentoring and tutoring. For more information, visit www.cqu.edu.au/indigenousstudentsupport.

As Australia's only Ashoka U Changemaker Campus, CQUniversity's students, staff and communities are committed to driving transformation and working for a better collective future.

GIVE BACK TO YOUR COMMUNITY

CQUniversity has a strong focus on engagement, social outreach and giving back to our diverse communities. Many of our courses incorporate volunteering and social projects, and as a student volunteer, you will gain invaluable experience and change the way you view the world.

Social innovation

Become equipped with the skills needed to address entrenched social and environmental issues. As Australia's only Ashoka U Changemaker Campus, CQUniversity's students, staff and communities are committed to driving transformation and working for a better collective future. No matter your chosen field, at CQUniversity you will gain the skills to apply a social lens to your discipline, and understand how you can help in addressing social and environmental issues. For more information, visit www.cqu.edu.au/socialinnovation.

CQUNI STORIES

'I chose CQUniversity because of the support it gives its students. It's very one-on-one and personal, which is what I like.'

AMANDA FOTINOS
BACHELOR OF BUSINESS

LOCATIONS

Whether you choose to study close to home or spread your wings further afield, CQUniversity – Australia’s largest regional university – offers the best of both worlds, with 14 campuses and a range of study hubs and centres to choose from.

EXPLORE OUR CAMPUSES

Each CQUniversity campus is a unique, vibrant community offering an assortment of on- and off-campus facilities and services, coupled with carefully planned course offerings. Whether you study on campus or online you can access our full range of campus facilities such as libraries, lecture theatres and other learning spaces, student advice centres and commercial outlets such as food and beverage vendors.

VISIT A STUDY CENTRE

A Study Centre is a smaller version of a campus. While you will find staff and teaching facilities here, these study centres usually don't have a full range of services, for example, commercial outlets or food and beverage vendors.

DROP IN TO A STUDY HUB

Drop in to one of our Study Hubs to utilise internet and computing facilities and access information about CQUniversity courses and services. Some Study Hubs are operated in collaboration with CQUniversity partners such as TAFE and other community organisations. While limited student facilities and services are available, a Study Hub is still a great place to help you get in touch with CQUniversity staff and services.

REGIONAL UNIVERSITY CENTRE PARTNERSHIPS

Federally funded, Regional University Centres (also referred to as Regional Study Hubs by the Australian Government) operate at multiple sites across Australia providing infrastructure as well as academic support for students studying via distance with nominated partner universities.

STUDY ONLINE

At CQUniversity we know you want the flexibility to study when and how you like, which is why we are proud to deliver an outstanding online learning experience.

Your course of interest may be delivered completely online, or have some on-campus requirements like an exam or residential school.

Our experienced staff provide you with a high level of support, offering several services that are available for you to use from wherever you are studying. These may include electronic and online library resources, study material, discussion forums and recorded lecturers, along with weekend or online orientation sessions, and access to our facilities and locations across Australia.

For more information visit www.cqu.edu.au/online.

ENJOY UNI LIFE

University is about more than gaining a professional qualification. When you join the CQUniversity community, you'll create connections for life and can build your life experience by getting involved in activities and groups outside of your study.

SPREAD YOUR WINGS AND STUDY ABROAD

Our CQUGlobal Outbound programs allow you to experience life and study from a choice of over 30 countries across six continents. Experience a different lifestyle, culture and environment while earning credit towards your degree, and without lengthening the duration of your study.

Studying abroad is an experience that is guaranteed to stay with you for the rest of your life. For more information, visit www.cqu.edu.au/cquglobal-outbound.

GET INVOLVED WITH SPORT AND FITNESS

As well as the modern fitness facilities and sporting areas available at our larger campuses, CQUniversity hosts an annual competition that sees athletes from across the CQUni footprint come together to compete in a range of sports while representing their campus. Many campuses also enter student teams in local and national sporting competitions, such as the Australian University Games.

JOIN A CLUB, GROUP OR SOCIETY

Celebrate your shared interest by joining one (or more) of the student clubs, groups and societies based across our many campuses or online. Whether your interest is in your chosen industry, sport, gaming, career-building or health and fitness, chances are we'll have a group to suit you. Can't find the perfect group? You can start your very own with support from our Student Experience team.

SLEEP SOUNDLY WITH QUALITY ACCOMMODATION OPTIONS

Student residences are available at CQUniversity Mackay Ooralea and CQUniversity Rockhampton North, offering a range of long-term and short-term accommodation options for staying the duration of your studies, for a term or for residential schools. For more information, visit www.cqu.edu.au/accommodation.

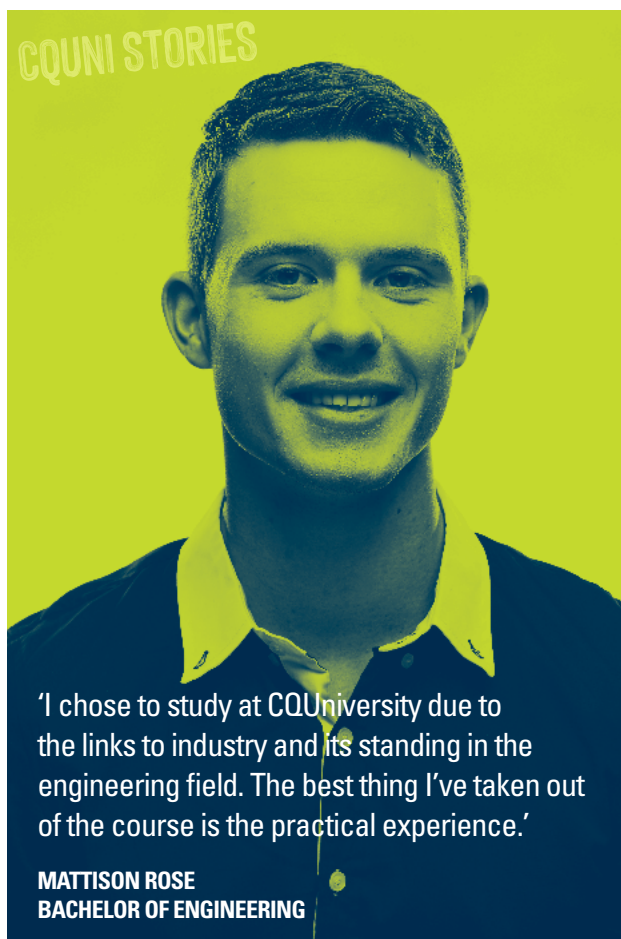

GET THE MOST FROM YOUR STUDIES

Study isn't just about classes, assignments and exams. At CQUni, we are committed to helping you graduate work-ready with real-world skills and experience so you can excel in your industry, whether you're getting started or advancing your career.

BENEFIT FROM SEAMLESS PATHWAYS

As a dual-sector university, CQUniversity is uniquely positioned to offer a comprehensive range of both TAFE and university qualifications, as well as seamless pathways between the two.

These pathways between certificates and diplomas, through to undergraduate, postgraduate and research higher degrees, mean you're able to move from vocational to tertiary study in line with your educational and career goals.

CQUNI STORIES

'I chose to study at CQUniversity due to the links to industry and its standing in the engineering field. The best thing I've taken out of the course is the practical experience.'

MATTISON ROSE
BACHELOR OF ENGINEERING

GAIN REAL-WORLD EXPERIENCE

Designed alongside industry, our courses will prepare you with up-to-date, real-world knowledge and skills. Our direct ties with industry give you access to the latest advancements in your field. Our state-of-the-art, purpose-built facilities provide valuable experience in actual workplace settings, giving you easily transferable skills to take you forward in your career.

Many of our courses provide you with opportunities to enhance your employability and gain practical and relevant skills through work-integrated learning. Work-integrated learning covers a range of work-related experiences such as student placements, internships and simulated workplaces as part of your course.

STUDY WHEN AND WHERE IT SUITS YOU

We understand that balancing study with work, family, social and other commitments can be hard. This is why we offer a variety of ways for you to tailor your study to suit your lifestyle. As well as having on-campus availability at our locations across Australia, you can choose to study online via our renowned distance education mode. We are committed to delivering the latest techniques in online study and have even planned our physical sites to provide more services to our widespread online study cohort.

With many of our courses available to study over three terms and full or part time, you can adjust your study load to suit your circumstances, whether you're looking to fast-track your qualification, take a break, or progress through your course at a steady pace.

ATTEND A RESIDENTIAL SCHOOL

If you're studying online, you may enjoy on-campus residential schools and other face-to-face training sessions, giving you access to laboratories and specialised learning facilities, as well as the opportunities to network with fellow students, teachers and industry professionals. These opportunities may be compulsory or optional depending on your course. Find out more at www.cqu.edu.au/residentialschools.

ENTRY PATHWAYS

We understand that everyone's journey is different, so we offer many alternative pathways into our courses.

SKILLS FOR TERTIARY EDUCATION PREPARATORY STUDIES (STEPS)

STEPS is a Centrelink-approved enabling program that has helped thousands of Australians gain entry into university. Tailored to you and your unique study goals, STEPS is designed to help you return to study or work after some time away, complete prerequisite subjects for entry into your chosen degree, or give you the confidence and skills to successfully enter and undertake university study. For more information visit www.cqu.edu.au/steps.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL recognises skills and knowledge that you've acquired via informal learning. This may occur via workshops, training events, voluntary work or on the job. To obtain RPL you need to be currently or recently working in the industry that you are wishing to be recognised for.

The RPL process involves an assessment of knowledge, skills and experience. Your skills will be assessed against industry standards by an RPL Assessor after your application and your supporting evidence has been submitted and processed. To find out more visit www.cqu.edu.au/rpl.

TAFE QUALIFICATION

If you hold a certificate III, certificate IV or diploma qualification, you may meet specified entry score requirements for many of our associate, bachelor and bachelor with honours degrees.

PRINCIPAL'S RECOMMENDATION SCHEME

Our Principal's Recommendation Scheme provides Year 12 students with an alternate entry pathway, based on their school principal's recommendation rather than an ATAR. It's an ideal pathway for all year 12 students, especially if you haven't studied for an ATAR, or you've experienced circumstances that may have impacted your senior schooling results. For more information visit www.cqu.edu.au/prs.

START UNI NOW (SUN)

Our SUN program is a valuable alternate entry pathway for high school students thinking about studying a CQUni course. After successful completion of a SUN unit during your senior high school years, you may be eligible to apply for direct entry into your preferred course (excluding quota-managed courses) and receive credit towards your degree. For more information visit www.cqu.edu.au/sun.

START TAFE NOW

Start TAFE Now is an ideal entry pathway option that offers high school students the opportunity to study a range of TAFE courses as part of their Queensland Certificate of Education (QCE). You have the option to choose between certificate I, II, III, IV and diploma level courses in a wide variety of disciplines. Benefit from developing real trade skills and qualifications, while completing secondary school. Students need to be at least 15 years of age at the commencement of classes. For more information visit www.cqu.edu.au/tafe.

My name is Brent Lowien and I'm a BMA Community Scholarship recipient studying a Bachelor of Medical Sonography.

As a mature-aged student and father, my change in career path was made possible through the assistance from my donor-funded scholarship.

I'm the second youngest of five brothers and the first in my family to attend university. Without my scholarship, essentially I wasn't going to be able to study.

To me, receiving this scholarship was a massive deal – it's changed my future, it's changed my daughter's future. It's allowed me to return to study for a career locally rather than working away, that's going to change my whole quality of life and make me, as a person a lot happier.

Perhaps without my donor fully realising, this scholarship will have such a massive effect on the rest of my life. Studying at CQUni has changed my life in a massive way.

FEES AND SCHOLARSHIPS

CQUniversity is committed to making education accessible. We offer competitive fees along with a generous variety of scholarships.

COSTS AND FINANCIAL SUPPORT

The cost of a course varies depending on what you are studying. You may also need to factor in costs, such as living expenses, stationery, textbooks and equipment, including safety glasses, laboratory coats, gym clothes or a uniform. The Australian Government offers a number of financial support programs, like VET Student Loans, HECS HELP, FEE-HELP and OS HELP to support eligible students while studying. For more information, visit www.cqu.edu.au/fees.

If you are an international student, in addition to your international tuition fees, you must have sufficient funds to cover expenses mentioned above and other expenses such as accommodation costs and Overseas Student Health Cover (OSHC). For more information visit www.cqu.edu.au/internationalfees.

TAFE SUBSIDISED TRAINING

There is a range of State Government subsidised programs available for TAFE courses covering certificate and diploma qualifications. Eligibility criteria vary depending upon the objectives of the program. CQUniversity can assist in assessing State Government Subsidies for your circumstances and advise on eligibility. Find out more at www.cqu.edu.au/subsidy or call us on 13 27 86.

SCHOLARSHIPS

CQUniversity offers a comprehensive range of scholarships, bursaries and awards providing both opportunities and financial support. Receiving a scholarship or an award can help you manage the cost of study, looks good on your résumé and may even open doors to other benefits, such as forming relationships with industry contacts, and creating opportunities for work experience and employment.

Our range of scholarships and bursaries are tailored to meet the diverse needs and circumstances of our students. While some of our scholarships are awarded on academic merit, others focus on a wide range of criteria, such as course of study, home location, commitment to community engagement and income status. For more information, visit www.cqu.edu.au/scholarships.

HOW TO USE THIS COURSE DIRECTORY

We don't expect you to read this Course Directory cover to cover, so we have organised our courses into industry-focussed study areas to help you find options that best suit your goals.

COURSE

Use the course code and course name to search our website www.cqu.edu.au and find out more about the courses you're interested in. Some TAFE courses may be marked with a © or ©. This means the course may be delivered via the Start TAFE Now © program or via a partnership © arrangement.

AVAILABILITY

CQUni has 20+ locations around Australia, so to fit them in our Course Directory we've used abbreviations, which you can find in the legend below. Some courses also offer online or mixed mode study options. Search '**study modes**' on our website to learn more.

PREREQUISITES

These are subjects you must have studied at school. In brackets you'll find the prerequisite units required and minimum grade you must achieve to meet the listed prerequisite. If it's been a while since you left school, your post-school experience such as work experience, volunteering or community activities may meet these requirements. If you don't have the prerequisites needed, our alternate entry pathways may help you gain entry into your chosen course.

INTAKES

Intake is the time of year you can start a course. We have three terms: Term 1 starts in March, Term 2 starts in July and Term 3 starts in November. TAFE courses may list the months they begin, or 'multiple' which means they may have many intakes so it's best to check our website.

DURATION

This is the minimum time, in years, required to complete a course full time or part time.

ATAR/SR

This is the minimum selection threshold. ATAR stands for the Australian Tertiary Admission Rank, and SR means Selection Rank. If you don't have an ATAR or SR get in touch with us to talk about the range of options available to you. Check the Important Notes on the inside back cover of this guide.

ALLIED HEALTH

WHERE CAN ALLIED HEALTH COURSES TAKE YOU?

Interested in a career as a **physiotherapist, occupational therapist, speech pathologist, or podiatrist**? Our courses in each of these disciplines are ideal for you.

The Bachelor of Allied Health provides you with foundational knowledge in health sciences and is an ideal pathway to honours and postgraduate allied health study. For an **allied health assistant role**, you can study our Certificate III in Allied Health Assistance within the Bachelor of Allied Health, or on its own.

For a career as a **chiropractor** explore our chiropractic courses. The bachelor then master combine to create a two-part study sequence required to achieve full registration as a chiropractor.

Explore a career in medical sciences with our Bachelor of Medical Science where you can major in **nutrition, clinical measurement or biotechnology**. Or, consider our Bachelor of Medical Laboratory Science (Honours), an accredited pathology degree that qualifies you to work as a **medical laboratory scientist**.

If oral health is more your thing, our Certificate III in Dental Assisting teaches you practical skills to assist in various supporting dental applications, and the Bachelor of Oral Health allows you to apply for registration as an **oral health therapist**.

WHERE CAN DIAGNOSTIC IMAGING COURSES TAKE YOU?

Our undergraduate courses will help you pursue a career as an **echocardiographer**, **medical sonographer** or **diagnostic radiographer**. Our postgraduate courses are the perfect professional development option for qualified echocardiographers or sonographers seeking career advancement. The Graduate Diploma is ideal if you are

interested in a career as a **cardiac sonographer**, have a degree in a relevant science or allied-health discipline and are currently employed in a medical imaging facility. The Master of Medical Ultrasound is ideal for **qualified sonographers or echocardiographers**, and lets you study areas of advanced practice and/or specialisations.

BUSINESS AND ACCOUNTING

WHERE CAN ACCOUNTING COURSES TAKE YOU?

If you are interested in becoming a **professional accountant**, our Bachelor of Accounting or dual degrees in accounting and business or accounting and law will provide the qualifications needed for recognition by the Australian accounting bodies. The dual degrees also allow you to build your accounting knowledge within a multidisciplinary context while majoring in accounting.

If you want to **build your accounting knowledge** but don't need to qualify as a professional accountant our TAFE certificates and diplomas can assist you. The Certificate III

in Accounts Administration is a great **career-entry** course or can help formalise existing hands-on experience in **accounts payable, accounts receivable or processing financial data entry**. If **bookkeeping** is of interest, the Certificate IV in Accounting and Bookkeeping will develop your ability to compile Business Activity Statements (BAS).

Already hold a degree and would like to meet professional recognition requirements? Our suite of postgraduate accounting options is designed to help you **redirect your career towards accounting**.

JOB-READY LEARNING

We're rated five stars for full-time employment and teaching quality in the undergraduate accounting field.

The Good Universities Guide 2020.

^{1 2 3 4 5} See important notes on the inside back cover.

WHERE CAN BUSINESS COURSES TAKE YOU?

Our TAFE certificates and diplomas build up your real-world experience in basic business functions, while our range of bachelor degrees and the Diploma of Business Studies are ideal career entry courses and can help you further your career aspirations with a diverse choice of majors available.

For a specialist professional career, explore our options in the disciplines of **financial planning, property, marketing, public relations** and **human resources management**.

Broaden your opportunities further with a dual business degree where you will significantly **advance the depth of your studies** by adding **accounting** or **laws** into the mix.

If you have **extensive experience** or **already hold a bachelor degree**, postgraduate study allows you to specialise in fields such as **project management, human resources, management** or **embark on an MBA**.

CREATIVE, PERFORMING AND VISUAL ARTS

WHERE CAN CREATIVE AND PERFORMING ARTS COURSES TAKE YOU?

Our Bachelor of Theatre focuses on core studies within a performance-integrated structure, followed by the specialisation of **drama, musical theatre, or technical theatre** in remaining years. Our Bachelor of Arts offers a **major in theatre studies** providing a broad education in humanities and the arts.

Music options include a diploma that develops fundamental musical knowledge and performance skills and is great if you

are looking to **enter the music industry** or want to further your tertiary studies. The Bachelor of Music offers the chance to specialise in **jazz and popular music, music studies or performance** while being part of a conservatoire-style environment that offers intensive individual training with professional musicians.

ENGINEERING, BUILT ENVIRONMENT AND AVIATION

WHERE CAN AVIATION COURSES TAKE YOU?

If you want to gain a **Commercial Pilot Licence** or **Command Instrument Rating**, the Associate Degree of Aviation (Flight Operations) and the Graduate Diploma of Aviation (Flight Operations) equip you with the required academic and aeronautical knowledge and practical skills. If you would like to pursue a career with commercial airlines requiring an

Air Transport Pilot Licence, the bachelor and the graduate diploma are the ideal options for you. The Graduate Diploma of Aviation (Flight Operations) represents the flight training aspect of our aviation courses.

The Bachelor of Aviation (Commercial Pilot) is ideal for international students seeking a **Commercial Pilot Licence**.

WHERE CAN BUILT ENVIRONMENT COURSES TAKE YOU?

Our Associate Degree of Building Design equips you with the relevant skills to **plan and design structures** ranging from residential homes to medium-rise commercial buildings. The Bachelor of Building Design satisfies the educational requirements for the **Building Design – Open Licence** issued by the Building Services Authority, Queensland. The dual engineering and building design degree prepares you for a career as a **civil engineer skilled in high-level engineering and building design**.

CQUniversity offers two building surveying study options. The associate degree will teach you how to assess building documentation for code and standards compliance, and

inspect staged works for domestic and residential buildings, while the bachelor qualifies you to **certify buildings of all classes** in the residential and commercial sectors.

The Bachelor of Construction Management (Honours) covers construction management and planning, services, building maintenance, and materials and structures, and qualifies you for a career as a **construction manager**. Our dual degree in engineering and construction management provides you with broad career opportunities preparing you for a career as a **civil engineer competent in managing the construction process**.

WHERE CAN ENGINEERING COURSES TAKE YOU?

For those **working in a trade** or as an **engineering associate/technologist**, the Associate Degree of Engineering extends your expertise with majors in civil, electrical, mechanical or mining engineering, or engineering geology. To qualify as an engineer, the Bachelor of Engineering (Honours) offers specialisations in **civil, civil and humanitarian, electrical, mechanical, mechatronic or resource systems**. The Bachelor of Engineering and Diploma of Professional Practice (Co-op Engineering) also qualifies you as an **engineer**, plus features **paid work placements**. The dual degrees in engineering and built environment, construction management or information technology **broaden your career prospects** opening the door to a range of professional career opportunities.

Our postgraduate engineering options expand on existing credentials or offer a **second discipline of interest**.

The Master of Engineering suits three- or four-year qualification holders seeking recognition as **graduate professional engineers**. Postgraduate management studies for engineers also exist to advance your business skills.

If you currently work in **asset and maintenance management**, our suite of postgraduate study options integrate your experience as a maintenance practitioner with theories and concepts to develop your professional skills and knowledge.

Studying **project management** prepares you for endless career opportunities across a broad range of industries. If you are starting out or in a **project support role**, the certificate IV explores fundamental project management techniques while the diploma builds upon your existing project management skills. Our postgraduate options offer more advanced and **specialist study in project management** and will suit you if you are looking to **develop your industry credentials**.

ENGLISH AND STUDY PATHWAYS

WHERE CAN ENGLISH LANGUAGE COURSES TAKE YOU?

If you are an **international student**, our English language courses are designed to help you gain the skills and confidence for **everyday English conversations** and academic study. Our English Language Intensive Course for Overseas Students (ELICOS) provides you with a range of English language units to suit your needs.

English for Academic Purposes (EAP) classes are great if you would like to **learn academic English**. The content is very similar to International English Language Testing System (IELTS) preparation, but there is a stronger focus on referencing, essay writing and presentation, information literacy and note-taking for lectures.

INFORMATION SYSTEMS AND TECHNOLOGY

WHERE CAN INFORMATION SYSTEMS COURSES TAKE YOU?

A postgraduate information systems course can assist you to expand or formalise your experience or move into the field of information systems.

Our Graduate Certificate covers areas such as **programming, information systems analysis, project management and professional skills**. The Graduate Diploma of Information Systems builds a broad understanding of **information systems applications in industry**, as well as specific skills

in programming, systems analysis, databases, Information Communications Technology (ICT), services management and project management. Our Master of Information Systems extends your information technology knowledge and skills, with a **focus on business analysis**, and allows you to choose a minor in **artificial intelligence, mobile application development, networks and information security, project management**, or **software design and development**.

WHERE CAN INFORMATION TECHNOLOGY COURSES TAKE YOU?

Our TAFE certificates and Diploma of Information Technology provide the relevant training to use varied software and devices, IT systems and **perform introductory ICT technical functions**. The Diploma of Information and Communications Technology and Associate Degree of Information Technology provide you with a solid foundation in IT and are ideal pathways towards further study. The Bachelor of Information Technology and the Bachelor of Information Technology (Co-op) cover similar IT content with options to complete an **internship or simulated project**. The co-op course also features a **paid work placement**. Our dual degree options provide you with broad, yet relevant study ideal for a **career in law, engineering or in the IT sector**.

Our postgraduate study options allow you to **develop your skills or advance your career**, offering a variable understanding of professional industry IT skills, knowledge and applications, culminating in a choice of majors and minors at the advanced level.

Studying **project management** prepares you for endless career opportunities across a broad range of industries. If you are starting out or in a **project support role**, the certificate IV is an ideal place to start while the diploma builds upon your existing project management skills. Our postgraduate options offer more advanced and **specialist study in project management** and will suit you if you are looking to **develop your industry credentials**.

LAW, CRIMINOLOGY AND JUSTICE

DEVELOP THE SKILLS YOU NEED

We're rated five stars for skills development and teaching quality in the undergraduate law field.

The Good Universities Guide 2020.

WHERE CAN CRIMINOLOGY AND JUSTICE COURSES TAKE YOU?

A criminology or justice qualification can open career opportunities in **law enforcement, customs, corrective services, court services, risk assessment and compliance** in public and private sectors.

The Certificate IV in Crime and Justice Studies provides **organisational and management practice know-how**, as well as legal understanding to effectively research and operate in the justice field. The Diploma of Crime and Justice Studies prepares you for **para-professional roles** in legal and

justice-related fields. The Bachelor of Criminology integrates insights from sociology, philosophy, social theory, politics, psychology and other relevant disciplines to **solve problems of crime, violence and conflict in society**. The Bachelor of Science (Criminology and Psychology) brings **criminology and psychology** together, plus the study of sociology, law and forensic science. The Bachelor of Laws and Bachelor of Criminology is an ideal blend of law and criminology leading to a wide array of **careers in the justice sector**.

'This course gives you the foundational theory but also the practical skills to go in and do what you need to do in highly volatile situations every day. What it also gives is a broader perspective on what we need to do as a community around changing things for the future. It captures a whole range of elements, which is why I really enjoy the course.'

LEANNE RUTHERFORD
GRADUATE DIPLOMA OF DOMESTIC AND
FAMILY VIOLENCE PRACTICE

OUTSTANDING GRADUATE OUTCOMES

CQUni is awarded five-star ratings for full-time employment and starting salary in the postgraduate health services and support field, which includes our gerontology courses.

The Good Universities Guide 2020.

WHERE CAN CONTEMPORARY HEALTH ISSUES COURSES TAKE YOU?

Our gerontology courses equip you with the skills and knowledge to work in the rapidly growing array of organisations that **provide quality care to the ageing population**. Our gerontology courses are relevant to a wide range of professionals including **nurses, allied health professionals, administrators and managers** and will advance your skills as a health professional working with the challenges of a diverse ageing population.

A course in domestic and family violence practice can help you positively contribute to change in your community. Our suite of courses equip you with advanced industry-related knowledge and skills to prepare you for employment in criminal justice, child safety organisations, health services and domestic violence services. The Graduate Certificate in Facilitating Men's Behaviour develops specialised knowledge and skills to **respond to domestic and family violence** through working with perpetrators in correctional services and non-government organisations.

WHERE CAN PSYCHOLOGY COURSES TAKE YOU?

Seeking a career as a **clinical psychologist**? For those without a degree, the Bachelor of Psychological Science is your ideal starting point. If you already have a tertiary qualification, the Bachelor of Science (Psychology) would suit. Both are a first step towards professional registration as a **psychologist** requiring a further one-year honours degree, followed by two years of postgraduate study. Our fifth-year Master of Professional Psychology allows for a final year supervised internship to then register as a **psychologist**. The fifth- and sixth-year Master of Clinical Psychology allows you to register as a **general psychologist** and apply for endorsement as a **clinical psychologist**.

Explore a broad range of career options when you combine your psychology study with laws or criminology. Our study options in these disciplines also provide a pathway to a psychological science honours degree.

Our postgraduate options in trauma and recovery and positive psychology provide you with **career advancement opportunities**, enabling you to expand your professional knowledge.

SAFETY SCIENCES

WHERE CAN SAFETY SCIENCES COURSES TAKE YOU?

If you are an **emergency service** or **disaster management professional** and want to upgrade your qualifications, our bachelor course allows you to focus on **management; public health, community safety and education; or safety science and fatigue and risk management**. Our graduate certificate offers the opportunity to tailor your studies to **your career interests**, and progress your emergency service or disaster management career.

Our TAFE Certificate IV in and Diploma of Work Health and Safety are a great **introduction to the field of occupational health and safety**, and a good option to advance pre-existing professional skills. The associate degree covers the first two years of the bachelor and sets you up as a **paraprofessional**, while the **bachelor** qualifies you as a **practicing professional**. Our postgraduate options will suit if you are an established **OHS professional** – or have a degree in non-related fields – and want to specialise or advance your career.

The Good Universities Guide 2020.

SCIENCE, ENVIRONMENT AND AGRICULTURE

WHERE CAN SCIENCE COURSES TAKE YOU?

Our Bachelor of Agriculture offers the opportunity to concentrate your studies in areas such as **agribusiness**, **sustainable landscapes**, **biotechnology**, **chemical analytics**, **environmental monitoring and management**, and **food chemistry and nutrition**.

If you are looking to gain experience working with animals, the Certificate II in Animal Studies will prepare you for career opportunities **attending to animals** in a kennel, cattery, animal shelter or pet shop.

The Bachelor of Environmental Science allows you to explore areas such as **environmental geography**, or **integrated land and water management**. Budding horticulturists will

appreciate the Certificate II in Horticulture, an ideal pathway to a **horticultural trade qualification**. The Certificate III in Horticulture provides you with general knowledge and skills in **amenity horticulture**.

Our Certificate II in Sampling and Measurement and Certificate III in Laboratory Skills are ideal career-entry courses, while our Certificate IV in Laboratory Techniques **enhances your existing laboratory capabilities**.

Explore a range of **applied biology** or **applied chemistry** careers with our Bachelor of Science, or enhance your professional and research skills with the Bachelor of Science (Honours).

RESEARCH

RESEARCH DEGREES

Whether you come from an academic, government or industry/practitioner background, if you are passionate about exploring a topic further, CQUniversity can help you turn it into a research project.

Our research strengths and focus include areas such as agricultural systems, applied medical health, automation, clean energy, creative arts, domestic violence, economics, environmental systems, exercise and sports science, healthy behaviours at work, rest and play, management, mental health, nursing workforce, education and health service delivery, psychology and wellbeing, public health and health promotion, railway engineering, and smart systems.

WORLD-CLASS RESEARCH

CQUniversity is rated as conducting world-class research in 22 different research categories, which includes the highest rating 'well above world standard' in Mathematical Sciences, Applied Mathematics, Horticultural Production, Electrical Engineering, Mechanical Engineering, Psychological and Cognitive Sciences and Other Psychology and Cognitive Sciences.

State of Australian University Research 2018-19: ERA National Report.

MORE STUDY OPTIONS

OPPORTUNITIES FOR HIGH SCHOOL STUDENTS

If you're in high school, CQUniversity provides opportunities for you to study Vocational Education and Training (VET) or higher education units while still at school, meaning you may be able to graduate from CQUniversity earlier.

Start Uni Now (SUN)

Available for domestic and international students, SUN offers Year 10*, 11 and 12 students the opportunity to study CQUniversity units from degree-level courses while still in secondary school as part of your Queensland Certificate of Education (QCE). Studying a SUN unit may also provide credit toward high school certificates such as SACE, VCE and WACE. In South Australia and Victoria, completion of eligible SUN units may also give you credit toward the calculation of your ATAR.

You can enrol in a range of units, either on campus (face-to-face) or online, and combine them with your regular school work.

For more information, visit www.cqu.edu.au/sun.
For more information about SUN for international students, visit www.cqu.edu.au/int-sun.

Start TAFE Now

Start TAFE Now offers Year 10*, 11 and 12 students the opportunity to study a range of TAFE courses as part of your Queensland Certificate of Education (QCE). You have the option to choose between certificate I, II, III, IV and diploma level courses in a wide variety of disciplines. Benefit from developing real trade skills and qualifications, while completing secondary school. Students need to be at least 15 years of age at the commencement of classes. For more information visit www.cqu.edu.au/tafe.

Year 11 students can include a TAFE certificate III qualification or higher to contribute to the Australian Tertiary Admission Rank (ATAR).

CQUniversity has options available for high schools who have teachers interested in delivering TAFE qualifications at their school in their area of expertise or specialisation. To discuss partnership opportunities, please email STN@cqu.edu.au.

APPRENTICESHIPS AND TRAINEESHIPS

The steps to becoming an apprentice or trainee are different to becoming a student at university or TAFE.

Generally, you will be required to find an employer who is willing to employ you as an apprentice or trainee. During your apprenticeship or traineeship, your employer (or Group Training Organisations/Job Services Australia provider) may arrange for you to undertake vocational education and training at CQUniversity.

If you employ apprentices or trainees and are seeking a trusted local TAFE training provider, you'll find everything you need at CQUniversity. Our expert teachers deliver quality and industry-relevant training to ensure your apprentices and trainees gain the knowledge and skills needed to succeed.

Our apprenticeship and traineeship courses cover a wide range of areas, including:

- » automotive engineering and technology
- » beauty[^]
- » business
- » childcare
- » construction
- » electrical and electronic engineering and technology
- » fitness
- » hairdressing
- » horticulture
- » hospitality
- » laboratory
- » manufacturing engineering and technology
- » mechanical and industrial engineering and technology
- » oral health
- » tourism.

For more information visit www.cqu.edu.au/apprenticeships.

CROSS-INSTITUTIONAL STUDY

If you are enrolled as an undergraduate or course work postgraduate student at another institution and wish to undertake CQUniversity units, you may choose to apply for cross-institutional study. You will require approval from your home institution and this must be submitted as part of your application. For more information visit www.cqu.edu.au/crossinstitutional.

*Applications by Year 10 students may be considered for admission. Students need to be at least 15 years of age at the commencement of classes. Year 10 students are eligible for Term 3 (November) intake only.
[^] This course is not covered by Queensland Government User Choice.

SINGLE NON-AWARD UNITS

If you want to update or expand your knowledge in a specific area without committing to an entire course, you may wish to apply to study a single non-award unit. You will be required to meet the entry and pre-requisite requirements for admission to the course from which the unit or units belong to. For more information visit www.cqu.edu.au/non-award.

SHORT COURSES

CQUniversity has a range of accredited and non-accredited short courses in a wide variety of interest areas. If you are looking to upgrade your skills or have a talent or interest you would like to pursue, our suite of short courses are designed to bring you the knowledge and skills you are looking for. For more information visit www.cqu.edu.au/shortcourses.

PROFESSIONAL DEVELOPMENT

Our Centre for Professional Development offers a variety of non-award short courses to meet mandatory professional development requirements, as well as industry workforce development needs.

You can enrol at any time. The courses are self-paced, allowing you to complete them within a flexible timeframe.

Successful completion of a professional development course will be awarded with a Certificate of Completion, outlining continuing professional development hours. Students may be eligible for credit transfer and/or Recognition of Prior Learning (RPL) into some courses offered at the University on a case-by-case basis.

New courses and professional development areas are continually being developed. For the latest information visit www.cqu.edu.au/cpd.

NEXT STEPS

READY TO APPLY?

Domestic students

If you've decided what you'd like to study, it's time to apply. Depending on your location, circumstances and what you have chosen to study, you may need to apply via a Tertiary Admission Centre (QTAC, SATAC, UAC, VTAC or ApplyWA), or you may be able to apply direct to CQUniversity. To find out how to apply visit www.cqu.edu.au/apply.

International students

If you are an international student, you can submit your application to study with CQUniversity via iStart. iStart is our easy-to-use online application system and will guide you through the process of applying for a course with CQUniversity.

To apply online via iStart, or to find out more about the application process, visit www.cqu.edu.au/international-apply.

User choice – apprenticeships and traineeships

Traineeships and apprenticeships need to be secured with an employer before you can start your education and training. Your employer will then work with CQUniversity to create a training program that is right for you.

Visit www.cqu.edu.au/apprenticeships.

Start TAFE Now

If you are in Year 10*, 11 or 12 and would like to study a course offered as part of the Start TAFE Now program, find out how to apply by visiting www.cqu.edu.au/tafe.

Start Uni Now (SUN) units

If you are in Year 10*, 11, or 12 and would like to study a CQUni unit through our SUN program, find out how to apply by visiting www.cqu.edu.au/sun.

Entry pathways with a TAFE qualification

If you hold a certificate III, certificate IV or diploma qualification, you may meet specified entry score requirements for many of our associate, bachelor and bachelor with honours degrees. To find out more about the entry score attached to your TAFE qualification and the courses that it may satisfy entry to, call us on 13 27 86.

NEED MORE INFORMATION?

If you have questions, we're here to help. You can find more detailed information about career and study options online at www.cqu.edu.au.

If you'd like to talk to someone directly, call our Student Advice Centre on 13 27 86 or connect with us at one of our virtual events. Please refer to the Important Dates section of this guide for event details.

International essentials

As an international student, there is a range of information relevant to you, including student visas, OSHC, working while studying, living costs, getting around and more.

Visit www.cqu.edu.au/studyinginaustralia.

Entry requirements for international students

You must meet both academic and English language requirements for entry to CQUniversity courses. These requirements ensure you are suitably prepared for your course and may vary by course. For English language requirements visit www.cqu.edu.au/englishreq.

English language courses

If you do not meet the English language requirement for a CQUniversity course, you can study an English course offered by CQUniversity English. Visit www.cqu.edu.au/cquenglish.

WANT TO VISIT?

If you'd like to meet us in person, or arrange a tour of one of our locations, call us on 13 27 86 to make an appointment, or visit www.cqu.edu.au/locations to find the address and opening hours for your preferred location.

CONNECT WITH US ONLINE

Follow us on Facebook, Twitter, Instagram or YouTube to stay up-to-date with the latest information, including upcoming events and key dates. Visit www.cqu.edu.au/connect.

*Applications by Year 10 students may be considered for admission. Students need to be at least 15 years of age at the commencement of classes. Year 10 students are eligible for Term 3 (November) intake only.

IMPORTANT DATES

APPLICATION DATES

Please note that application due dates are prior to the commencement of each term, and vary depending on your individual circumstances and the course you choose.

Visit www.cqu.edu.au/apply.

UNI TERM DATES

TAFE CAREERS EXPO

Wednesday, 20 January 2021, 2 – 5.30 pm

Visit www.cqu.edu.au/tafe.

VIRTUAL OPEN DAYS

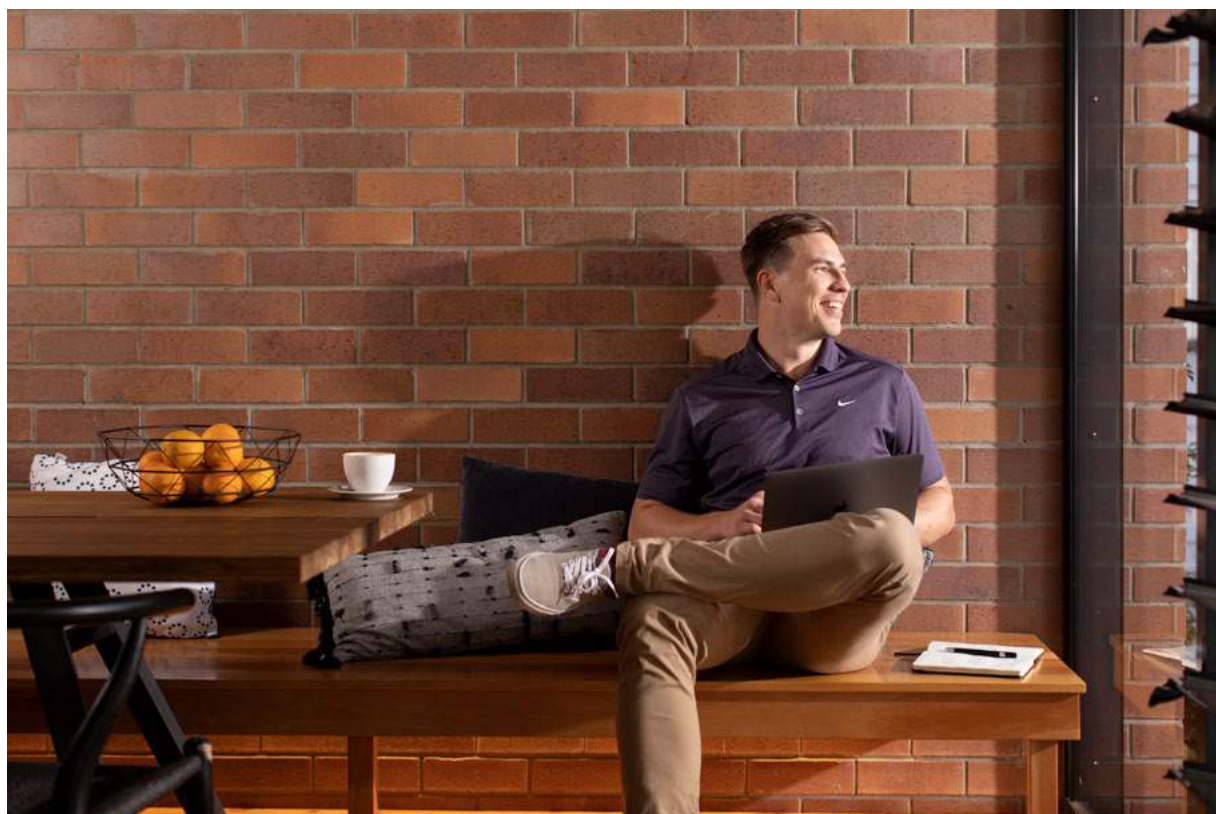

Things are a little different in 2020, but there are still plenty of ways to explore our courses, get to know your local campus, and chat with lecturers and teaching teams.

Throughout August there will be plenty of activities to get to know CQUniversity including Virtual Open Day sessions and presentations, webinars and online chats.

Saturday, 1 August 2020, 10 am – 1 pm

Saturday, 15 August 2020, 10 am – 1 pm

Visit www.cqu.edu.au/opendays.

NOTES

IMPORTANT NOTES

- ¹ Courses at some locations may be delivered by a combination of on-campus study, workshops, residential schools and online education.
- ² Intakes, duration and availability may differ from what is listed in this directory depending on preferred intake, study mode and personal circumstances. Course commencement is dependent on sufficient enrolments. Different study periods apply for TAFE and university courses. Many TAFE courses offer multiple monthly intakes. Mixed Mode availability is unique to TAFE courses only and is a combination of online learning activities in addition to compulsory site-specific learning activities. Please visit www.cqu.edu.au or contact us for more information.
- ³ The SR and ATAR listed are the entry scores required to be considered for a place in each course and should be used as a guide only. Entry to courses is competitive and the cut-off score will vary from year to year and for courses where there is a limit on the number of places available a higher score may be required. To view the latest ranking information visit www.cqu.edu.au/courses to find your preferred course and view the Entry Score information.
- ⁴ International students, who are not Australian or New Zealand citizens or permanent residents, can study the course at the locations listed.

International students in Australia on a student visa must study full-time on campus. International students can only undertake courses online from an overseas location. If you wish to study online, you may be required to attend a residential school/s in Australia for a short period of time to fulfil the requirements of the course. For more information please visit www.cqu.edu.au/international.
- ⁵ The Term 2 intake is not available for international students.

CQUniversity Australia is committed to operating sustainably to reduce our adverse impact on the environment.

All CQUniversity course guides and brochures can be found on our website at www.cqu.edu.au/brochures.

If you choose to print this brochure, we encourage you to consider only printing the pages you need, and to recycle them when you no longer need them.

If this brochure was printed by us, the paper we chose is fully recyclable and made of a blend with 30% recycled content, and the remaining pulp coming from PEFC™ certified sustainably managed sources. The pulp is elemental chlorine free and the paper is manufactured by an ISO 14001 certified mill.

'What CQUni offers for online study is amazing accessibility. It gave me the freedom to be able to study and attain qualifications within my own home without disrupting my family life or my work.'

— Emma Manley, Graduate Certificate in Management

'CQUniversity also has a fantastic and welcoming online community. The students are encouraged to interact which makes the whole experience more enjoyable.'

— Danny Wallace, Bachelor of Laws
