The Liverpool John Moores University International Study Centre provides specialist degree preparation courses for international and EU students who would like to study at LJMU.

Our programmes consist of academic modules, study skills and English language training, designed to ensure that you have the skills to succeed when you progress onto your degree at the University.

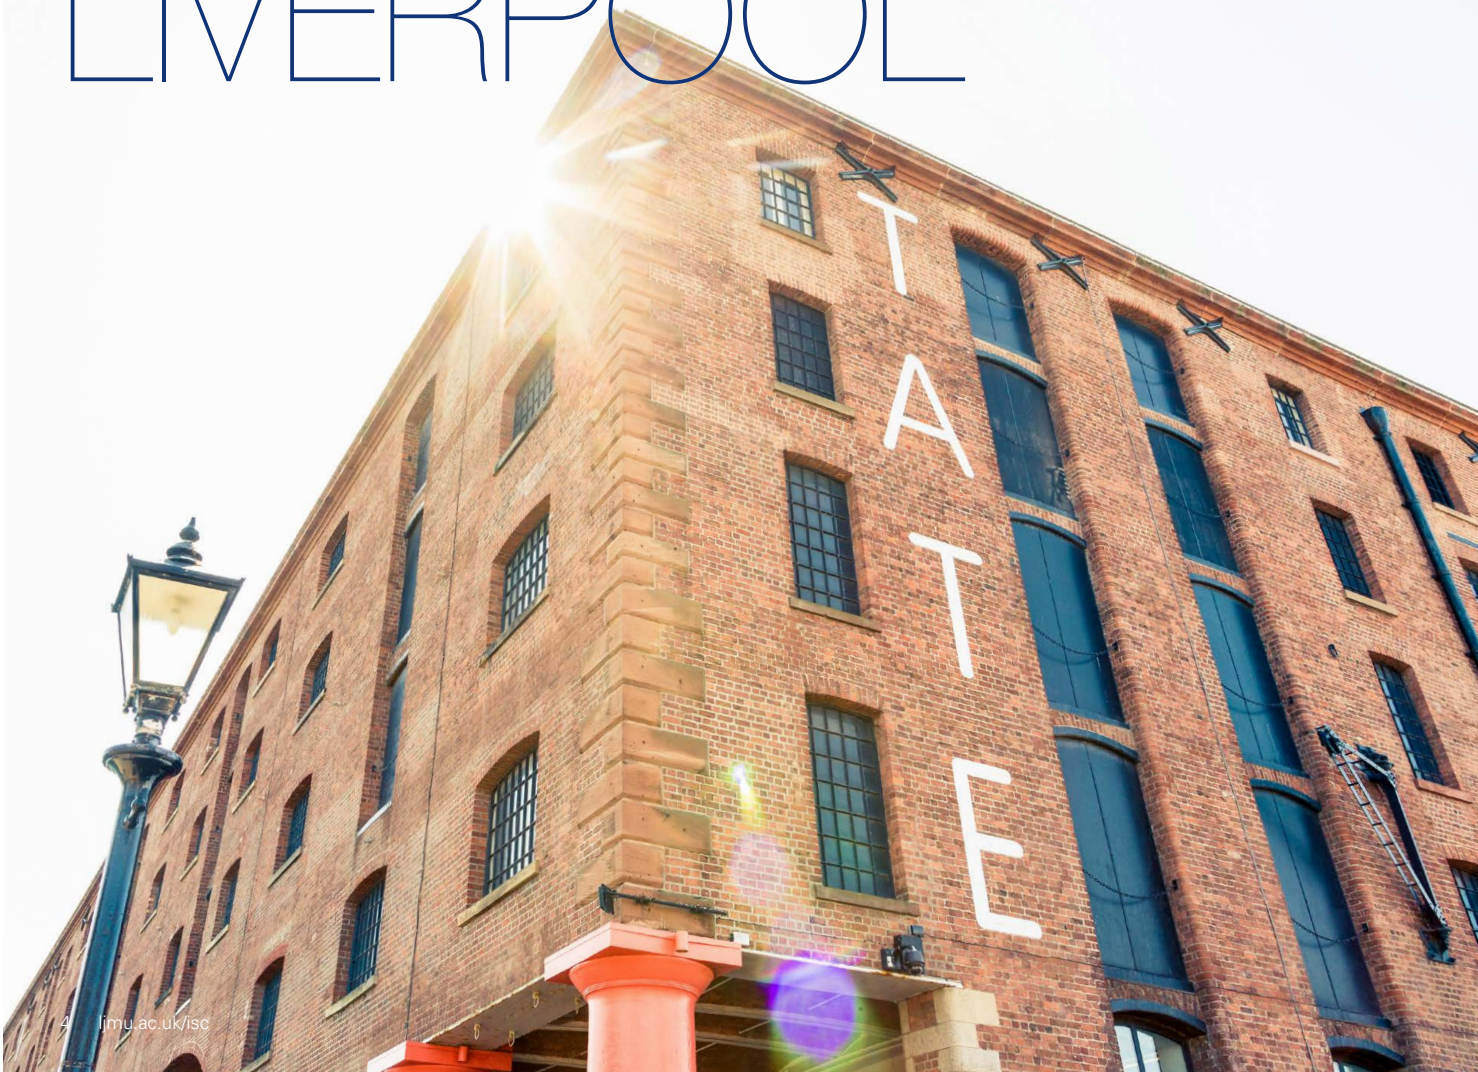

I look forward to welcoming you in the amazing student city of Liverpool.

Christina Roberts BA(Hons), MPhil

Head of Centre

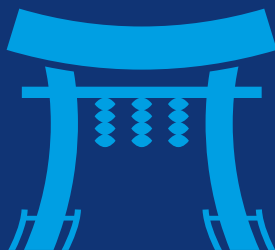

Liverpool John Moores University International Study Centre

Live and learn in
AMAZING
LIVERPOOL

With a student population of around **70,000**, Liverpool is one of the **most loved student cities** in the UK.

Liverpool's Chinatown was the **first** Chinatown established in Europe.

Liverpool is the **2nd** most **cost-effective city** in the UK to live for students.

(Student Living Index 2016, Royal Bank of Scotland)

With **award-winning theatres, cinemas and comedy clubs**, Liverpool has something for everyone.

Liverpool has **more galleries**, museums and theatres **than any UK city** outside London.

Liverpool has **restaurants** and **cafés** that cater for every taste and budget.

Liverpool is the **friendliest city in England.**

(Travelodge Kindness Survey 2018)

Liverpool is home to two of the top football clubs in England:
Liverpool and Everton.

The city has a great music scene and was crowned **UNESCO City of Music** in 2015.

A close-up photograph of a person's face, focusing on their eyes and safety glasses. The image is heavily overlaid with a vibrant blue color, creating a high-tech or industrial feel. The person's eyes are looking directly at the camera, and the safety glasses have a reflective surface.

Launch your career with a degree from **LJMU**

Evolving through pioneering education institutions dating back almost 200 years, Liverpool John Moores University is, today, one of the UK's leading higher education providers and part of the THE's top 150 World Universities under the age of 50.

Focusing heavily on post-study career progression, our courses come with a host of opportunities to enhance your professional portfolio as you study and gain life experiences to instil the confidence to thrive on your chosen journey beyond graduation.

Make an investment in **your future**

Degrees at LJMU are founded on high-quality teaching, ground-breaking research and extensive links with employers, entrepreneurs and business leaders.

Superb facilities

LJMU's facilities deliver the highest quality student experience. They include state-of-the-art science, technology and engineering laboratories, a forensic scene-of-crime lab, a 360° ship simulator, a mock courtroom, clinical practice suites, broadcast-quality TV and radio studios, and much more. All are designed to replicate industry environments, so you gain experience relevant to your chosen career even before you graduate.

Award-winning libraries

LJMU has three well-equipped libraries which give you access to extensive print and electronic library collections, special collections and archives, PCs, social spaces and dedicated study areas.

Learn from experts

All LJMU degrees are taught by leading academics actively involved in research or consultancy projects with business and industry. This means that your tutors have invaluable experience of their industry and up-to-date insights into the latest thinking in their field.

First-rate teaching

The combination of academic expertise and practical experience ensures degrees are relevant and secure accreditation by key professional bodies. Research and innovative practice are also incorporated into the curriculum.

90%

course specific facilities
at LJMU**

(National Student Survey 2018)

**Links with a wide range of
industry partners, including
Shell, Ford and IBM**

**Guest lectures and master
classes from industry leaders**

Here are just some of the employers we work with:

Boost your employability

LJMU offers you a university experience that will give you the skills and professional development you need to impress employers and win that dream job.

Hands-on experience

Expert careers support and opportunities to apply your skills in professional settings have been included in every degree programme, so you will have the chance to engage in 'real world' projects, go on placements or complete internships and apply your skills in professional settings. LJMU's facilities are also designed to replicate real work environments so that you can gain the key skills and experience relevant to your chosen career.

Careers matter at LJMU

LJMU aims to make you valued by employers by offering a wide range of resources to help you plan your next steps, both while you are at university and after you graduate. The specialist Careers Team at LJMU provide in-depth careers advice and guidance, a vacancy website for placements and graduate jobs, opportunities to meet and engage with employers, plus employability workshops, all designed to help you get the future you want.

Skills for career success

Studying at LJMU International Study Centre is the first step towards career success. As part of your programme you will undertake a range of employability activities to develop your skills and give you a head start in today's competitive graduate market place.

CareerAhead activities will help you develop key employability skills such as team work, problem solving and communications to help you become a confident, skilled and employable graduate. With support from your tutors you will create a Personal Development Plan to ensure that you graduate not only with a globally recognised degree, but also with a range of skills to help you achieve your career goals.

Career support at LJMU

When you progress to the University you'll benefit from award-winning careers support, including world-class facilities, work placements, internships and expert business advice. All staff will help you get the most out of your degree, and maximise your chance of success in the job market. This helps make our students successful - 93% of LJMU students are employed or in further study within six months of graduating.

Start your journey to career success

The International Study Centre provides international and EU students with a route to a range of undergraduate and postgraduate degrees at LJMU.

Specialist programmes

Our programmes consist of academic modules, study skills and English language training, designed to ensure that you have the required skills to succeed when you start your degree at LJMU.

A taste of university life

The programmes will introduce you to the style of learning that you will experience at LJMU. You will learn via one-to-one tutorials, small seminars and as part of larger lecture groups. This will ensure that you have an even greater chance of succeeding at the University.

Skills for career success

To help you to fulfil your career ambitions, we have integrated a careers service into our programmes. This careers service is designed to help you become a confident, highly skilled and extremely employable graduate and give you a head start in today's competitive graduate employment market.

Regular assessment

Completing your programme and achieving the required grades means that you will gain a degree place at LJMU. To ensure that you are on track to achieve the required grades, you will be monitored regularly via continuous coursework and assessments.

World-class facilities

The International Study Centre provides you with all the learning resources you need. As well as classrooms, there is a reception area where you can access information, a common room, and an open-access IT room with computers. You can also use LJMU's state-of-the-art libraries and specialist teaching, computing and laboratory facilities.

Personal support

Throughout your studies you will be supported by the International Study Centre and LJMU staff so that you can make the most of the learning and social opportunities. You will be encouraged to find out about your degree options, meet tutors in the subjects that interest you, and talk to current students to learn from their experiences.

Excellent location

Located in the heart of Liverpool, the International Study Centre is close to LJMU's Redmonds Building and the Aldham Robarts Library. Nearby are also numerous places to eat and relax. This winning combination of high-quality teaching and social facilities provides the ideal opportunity for international students like you to achieve your very best academically and also enjoy student life.

“

I wanted to study in the UK to improve my English, get to know the British system of education and make new friends with people from other cultures. I've done all of those things and enjoy living in a wonderful student city. The course is really interesting and the teachers are friendly and always happy to explain anything we don't understand. Staff are caring and will always provide advice. ”

Coralie from Benin

Studied International Foundation Year in Business and Law.

Progressed to BA (Hons) Business Management.

Extended International Foundation Year

Specifically designed to meet the needs of international students.

Who is this programme for?

The Extended International Foundation Year is perfect for students who are unable to gain direct entry on to the International Foundation Year and who need extra support in business or science subjects.

You will need to pass the Preparatory Semester to be eligible to progress the International Foundation Year programme, which you will study in Semester 1 and 2. At the end you will progress to LJMU to study the first year of your chosen degree.

Pathways

- Business, Law and Social Studies
- Engineering, Computing and Life Sciences

Business, Law and Social Studies

You will increase your knowledge of the language used in Business, Law, and Economics, as well as the critical definitions required for the study of these subjects at degree level. A significant focus will be given to English language development, study skills enhancement and strengthening mathematical ability.

Modules

Preparatory Semester

- Introduction to Business, Law and Social Studies
- Maths for Business
- Language for Study
- Study Skills for University

Semester 1 and 2

- Academic English Skills
- Business Marketing, Management and Public Relations
- Economics
- Introduction to Business
- Introduction to Law
- Maths for Business
- Project Study
- The Law of Contract and Consumer Protection

Optional modules

- Introduction to Financial Accounting
- International Law, International Relations and Globalisation

Engineering, Computing and Life Sciences

You will be introduced to areas within mathematics, chemistry and biology which will allow you to prepare for undergraduate study. Areas to be covered include calculus, algebra, chemistry and how it is taught in the UK, and physics and why it is essential for the study of science and engineering in the UK. A significant focus will be given to English language development, study skills enhancement and strengthening mathematical ability.

Modules

International Foundation Year

Designed to help you to succeed in a UK university environment.

Who is this programme for?

The International Foundation Year is designed for students who have good academic qualifications and are looking for English language, study skills and additional academic subject training before starting their chosen undergraduate degree at LJMU.

Pathways

Business, Law and Social Studies

Engineering, Computing and Life Sciences

Business, Law and Social Studies

You will learn about the importance of financial management, and the operational and strategic challenges facing the businesses. For Law, you will study the English legal system, the mechanics of the legal process, justice and those who administer it. You will gain business skills, including decision-making and problem solving, and you will be introduced to concepts and models of micro-economic and macro-economic analysis. You will also develop core mathematical skills that will be relevant to your undergraduate degree.

“

I have never studied abroad, so I am always learning something new about the city or the people, about their culture. Of course, I'm studying a lot, but having fun at the same time and enjoying myself.”

Hady from Egypt

**Studied International Year One in Engineering.
Progressed to BEng/MEng (Hons)
Mechanical Engineering**

Pre-Masters Programme

Designed to improve the skills required for successful postgraduate study at LJMU.

Who is this programme for?

The Pre-Masters Programme is a fast-track programme, designed for students who would like to gain the specialist skills and knowledge they need to succeed in their Masters degree at LJMU.

Pathways

Business, Management and Law

Engineering and Computing

Study your Pre-masters programme and Masters degree on a combined visa

You can save both time and money, and experience a seamless transition to postgraduate success.

Advantages of the combined visa:

1. Just one visa required for the whole length of your study
2. Over 30 alternatives to IELTS accepted as proof of student's English language level
3. No need for an additional IELTS test before starting your Masters degree
4. No visa requirement to return home between the courses.

Business, Management and Law

You will gain understanding of the analysis of academic concepts and issues relating to operations management, organisational strategy and organisational behaviour with an emphasis on critically evaluating ideas and applications. You will identify the limitations of business models and management theory. For Law, the principles of legal methods, legal argument and legal concepts are outlined, and you are encouraged to develop skills in legal argument. You will also complete a subject related research project.

Modules

Core modules

Academic English and Research Skills

Business and Management

Optional modules

Introduction to Economics

Introduction to Law Studies

Engineering and Computing

You will develop your understanding of concepts within mathematics and computing, including hardware, software and issues around design and usability. You will develop the mathematical skills necessary for postgraduate study by covering topics such as linear, second order, constant coefficient ordinary differential equations and apply to the modelling of engineering problems. You will also complete a subject related research project.

Pre-sessional English courses

Designed to improve your language proficiency and develop the skills required to study successfully at LJMU.

Who are these courses for?

If you are holding a conditional offer from LJMU and one of the conditions is to improve your English score, then this course is ideal for you.

Assessment

Your performance will be managed through continual assessment and feedback. This will include monitoring your development through every aspect of the programme, from writing, reading and listening, to presentation and analytical skills.

Course content

You will be introduced to the teaching and assessment approaches used at the University. You will be taught academic writing conventions, listening skills, grammar and vocabulary development, presentation techniques and seminar skills, as well as analytical and problem solving skills.

Get the most out of student life in Liverpool

Liverpool is one of the most affordable, culturally innovative and safe student cities in the UK.

Something for everyone

Life in Liverpool is exciting, with lots to do when you are taking a break from studying. Whether you are into spending an afternoon in an art gallery, going to concerts or cheering on your team at a football match, Liverpool has something for everyone.

Get involved

Joining a club or society at the Students' Union is a great chance for you to meet people with similar interests, have fun and make new friends. You will also become more employable because you will be able to learn skills employers are looking for, such as leadership, negotiation and the ability to use your initiative.

The Students' Union has over 100 clubs and societies, covering a range of academic and cultural interests. You can even set up your own! It also offers a range of services for students from outside of the UK which include networking and cultural events and trips across the UK.

To find out more, go to:
liverpoolsu.com & ljmu.ac.uk/sport

100+ Clubs and Societies

5 Liverpool Students' Union hubs

Get fit

As an LJMU student you will be eligible for free off-peak membership to Lifestyles Fitness Centres across Liverpool. The membership covers a host of activities and facilities: gym equipment and fitness suites, tennis, squash and badminton courts, a swimming pool and two golf courses. The Students' Union also runs British University and College Sport (BUCS) teams in a variety of sports, such as badminton, boxing and cricket, as well as football, hockey, netball and rugby union.

Affordable living costs

The cost of living in Liverpool is one of the lowest in England, which means your money will go further, allowing you to fully enjoy your student experience.

Easy to get around

Liverpool is easily accessible from almost any location, thanks to excellent transport links by rail, road and air. It is a compact city where it is convenient and safe to get around, both on foot and by public transport – there's even a bike hire scheme, with special offers for LJMU students.

“

I wanted to study in the UK because of its worldwide reputation. I wanted to be in Liverpool in particular as it is well known as being a student city, with many things for us to do. I like the people, the music, the nightlife, the city – in fact, pretty much everything about Liverpool! It's good to meet people from all over the world too. ”

Carlos from Colombia

Studied International Foundation Year in Engineering, Computing and Life Sciences. Progressed to BA (Hons) Architecture.

Access the support you need

We will support you every step
of the way.

Expert support services

LJMU offers a wide range of free study skills courses as well as advice and guidance from a host of experienced staff so that you can get the support you need, whenever you need it.

LJMU's support services include:

Student Advice and Wellbeing Team
Free study skills courses
Mathematics Resource and Support Centre
Spiritual Support Team
Confidential pastoral care and support
Multi-faith prayer rooms
Free, confidential counselling service
Free academic English courses
Expert support for students with disabilities
International Student Advisers

Find a place to **call home**

Living together with other students is a great way to meet new people, make friends and settle into university life.

Applying for accommodation is easy

We know choosing where to live is a big decision to make, so we're here to help make it as straight forward as possible. We do this by working with Student.com, the leading global marketplace for student housing.

Student.com is the trusted way to find and book your perfect student home. Their website lets you choose from a range of accommodation options depending on your budget, your study location and the type of residence you prefer.

“

I chose to live in student accommodation because it is very convenient to go to my university. In just five minutes I can go to the university building, and in two minutes I can go to the library. ”

Yunan from China

Studied International Foundation Year in Business and Law.
Progressed to BA (Hons) Business Management.

Take a step towards your **career dreams**

How to apply

If you would like to apply to study at LJMU International Study Centre, you will need to complete an application form and submit the relevant documentation.

You can either apply through your local education agent or directly via our website.

If you are applying directly and have a question, then a Student Enrolment Adviser will be happy to help. They speak a variety of languages and understand several more.

Tel: +44 (0) 1273 339333

Student insurance

It is essential that international students have the protection of personal insurance whilst in the UK. To cover you as a student at the International Study Centre, you can purchase our “Study Care” insurance cover. This policy will cover you for loss of personal possessions, travel delay, as well as providing medical insurance until the end of your International Study Centre academic programme. You can purchase Study Care insurance as part of your application process. If you prefer not to take out this insurance, you must provide proof of alternative adequate insurance cover.

The International Study Centre programmes are provided by Study Group in collaboration with Liverpool John Moores University.

Programmes at the International Study Centre are delivered by Study Group.

Disclaimer

This prospectus is issued for the general guidance of students considering entry to Liverpool John Moores University International Study Centre from January 2019. The information is correct at the time of going to press and the programmes and services described herein are those which Study Group is planning to offer. We make every effort to ensure that the content of our prospectus, website and other materials is accurate. However, on occasion it may be necessary to alter certain aspects of a module or programme, for example if changes are required to meet external requirements; or if programmes are over-subscribed and the quality of teaching would be adversely affected as a result.

In such circumstances we may have to alter the timetable, change the teaching location of the programme or, in extreme cases, cancel or substantially amend the content of the programme. Should any of these changes become necessary, we will give you as much notice as possible before they come into effect and ensure that any disruption to your studies is minimised.

If your programme is cancelled, we will work in consultation with you to offer a suitable alternative, subject to meeting the admission requirements for that programme or the opportunity to obtain a refund of any advance payments you have made for the programme. The alternative programme may not be at the same International Study Centre as the original offer.

Courses offered in this prospectus are validated by the University, except the English for Undergraduate and Postgraduate Studies which is approved by the University.

Study Group reserves the right, where applicable, to amend the regulations governing programmes at Liverpool John Moores University International Study Centre. We therefore strongly recommend that immediately prior to making any application to – or accepting any offer from – us, you refer to the most up-to-date version of the programme descriptions and specifications and the regulations on the Liverpool John Moores University International Study Centre website.

Neither the University nor Study Group shall be liable for any errors or omissions that may be contained in this prospectus.
