International Study Centre Prospectus

A highly ranked global university

Lancaster is ranked amongst the best in the UK. We were not only top ten in three major UK league tables, but highly ranked in international league tables such as the QS World Rankings.

Our facilities have won awards, our research is recognised as world-leading and our Teaching Excellence Framework Gold award in 2017 shows that our teaching is of the highest quality found in the UK. Yet the standards we have set are only a starting point – year on year, we are making improvements and doing more.

We think that being exceptional doesn't have to mean being elite. Our founding principle is that 'truth lies open to all'.

Welcome to Lancaster

With an outstanding combination of academic excellence, flexible study options and a supportive community, Lancaster University is proud to be a triple top 10 ranked university in the UK.*

We are especially proud of our reputation for student satisfaction and graduate employability, meaning you can have a great time here and graduate with strong career prospects.

Located on our beautiful self-contained campus, the International Study Centre offers pathways for ambitious students from around the world to progress to both undergraduate and postgraduate studies at Lancaster. Our International Foundation Year and Pre-Masters Programme combine academic subjects with the English language preparation and study skills you will need to meet the challenges of study in the UK.

From day one, you will be part of the University, living and studying in our friendly colleges and making Lancaster your home.

*Ranked top ten in The Times and The Sunday Times Good University Guide 2019, The Guardian University Guide 2019 and The Complete University Guide 2020.

When you join Lancaster, you will be joining a university which is modern and forward-thinking. This means we're quick and nimble in adopting the latest developments in teaching and research to create a truly cutting-edge institution.

Our campus is one of our greatest assets and manages to combine the best of both worlds – busy and urban, while being surrounded by great parkland and sport facilities. Creating a high-quality study environment is central to our thinking, and we have invested millions in modern facilities like our fabulous library and new laboratories.

We organise ourselves into colleges because we believe this is the best to way to support students, to help them make friends outside of their subject areas and create an exciting social scene. Lancaster has a socially diverse and international student body, so whatever your background you'll feel at home here.

Professor Mark E. Smith, MA, PhD

Vice Chancellor Lancaster University

Hello and welcome.

The team at the International Study Centre are looking forward to meeting you and supporting you as you begin your academic journey with us. Lancaster is a great place to live, make new friends and study. We will help you develop your skills, knowledge and confidence to become a better learner, not just here, but at university and beyond.

See you soon.

Mandy Lim

Centre Director Lancaster University International Study Centre

Why Lancaster?

Here are just a few reasons why outstanding students choose Lancaster University...

Triple top 10

Lancaster ranks 6th in the UK in The Times and The Sunday Times Good University Guide 2019, 7th in the Complete University Guide 2020 and 9th in the Guardian University Guide 2019.

University of the Year 2018

For 2018 Lancaster held the title as awarded by The Times and The Sunday Times Good University Guide 2018.

3rd for employability

Lancaster is 3rd in the UK for graduate-level employment in the Times and Sunday Times Good University Guide 2019.

Happy students

The 2018 National Student Survey reveals that 88% of Lancaster University students are satisfied overall - compared with a national average of 83%.

This puts Lancaster in the top 10 of UK universities.

Also our student accommodation has been named Best University Halls for seven out of the last eight years in the in the National Student Housing Survey.

Great location

The University is close to Lancaster's historic city centre and is surrounded by beautiful English countryside.

The cosmopolitan cities of Manchester, Glasgow, London and Edinburgh are all easily accessible by train.

World-leading research

Lancaster University's reputation attracts some of the brightest minds from around the world.

Our degree programmes, taught by experts at the forefront of their fields, are informed by the latest research and give you access to our excellent research facilities.

Excellent teaching

Lancaster University has been awarded the Gold standard for teaching in the Teaching Excellence Framework (TEF) 2017.

This high rating recognises the University's outstanding learning environment and its commitment to delivering excellent employment outcomes for students through high quality teaching.

College life

Lancaster is one of a few UK universities, including Oxford and Cambridge, to offer a collegiate system where you live and socialise with members of your own college.

All undergraduate students become a member of one of eight colleges – Bowland, Cartmel, County, Furness, Fylde, Grizedale, Lonsdale or Pendle. Plus there is an additional college for postgraduate students.

Global opportunities

The University attracts students of over 100 different nationalities.

Lancaster also has a huge number of teaching and research links around the world, which provide exciting opportunities for students to study or work abroad.

Studying at Lancaster

We're proud to be one of the UK's leading universities with a reputation for academic excellence and a proven track record in producing well-qualified and independent graduates. Our expert tutors deliver innovative and pioneering programmes that we believe ensure you receive the best teaching possible.

Our aim

The University works hard to produce graduates who have excellent subject knowledge as well as good leadership skills and a desire to make a positive difference in society. Ultimately, Lancaster graduates are the type of graduates that businesses and organisations want to employ.

Our approach to education is designed to inspire and bring out the best in you. Using a variety of effective learning, teaching and assessment techniques, your tutors will help you explore the very latest thinking within your subject area. You will also develop crucial academic and learning skills such as problem-solving, analysis and critical reflection, and the application of knowledge and modern technologies.

Our Collegiate Advantage

We're one of a handful of universities that have a college structure. It doesn't just make us different. We think it makes us better. Our colleges As well as the physical places where you live and socialise, your college provides a community within the university, a supportive environment and a ready-made social network from day one.

Being part of one of our colleges means that although you're studying at a large university with thousands of others, you're also part of a small, friendly community where it's easy to meet new friends. You'll spend time there, whether at special events, in the leisure facilities or in the college bar. You'll have the chance to represent your college, whether in the sporting arena, team competitions, on a guiz team or on the student-run committee.

Our Colleges

Bowland College

Cartmel College

The County College

Fylde College

Grizedale College

Lonsdale College

Pendle College

What they say

"I think for students the benefit of having a collegiate system starts before they arrive, but certainly on the day they arrive. This October, we will welcome four thousand new undergraduate students here at Lancaster on campus, but they won't be in a crowd of four thousand, they'll be a member of one of eight colleges, so in a village of five-hundred people.

It's much easier for students to make friends, network and get established in a smaller place than it is in a massive group of thousands."

Tom Buckley

Director - Recruitment, Admission and International Development at Lancaster University

Principal – Cartmel College

International Study Centre

Lancaster University International Study Centre is based on the University campus and provides international students with the opportunity to prepare for degree study at Lancaster.

Success starts here

Our programmes are carefully designed to combine academic modules and English language preparation with the independent study skills you will need to progress to successful degree study at Lancaster.

We will also help you to settle into your new environment and encourage you to get fully involved in campus life.

Join the University community

From day one you will be part of the University – living, studying and socialising within Lancaster's friendly campus community. You will become a member of one of the colleges, getting to know first-year students and getting involved with Students' Union activities. You will also have access to all of the University's excellent facilities such as the library and the sports centre.

Enjoy living and studying in the UK

Living and studying in the UK is a wonderful experience and we want you to take full advantage of the opportunities on offer. We have many years' experience working with international students, so we know how to help you feel at home, enjoy university life and excel in your studies.

Career Ahead

At the International Study Centre, we care about your academic success as well as your career once you graduate. With your future career in mind, we have integrated CareerAhead activities into your academic courses.

CareerAhead is designed to give you a head start in today's competitive graduate employment market by helping you to become a confident, highly skilled and extremely employable graduate.

We will work with you in the classroom, in small groups and on an individual basis, to build your personal career development plan and help you gain key employability skills, such as leadership, teamwork and organisation.

When you progress to the University, you will continue to develop the goals set out in your personal career development plan, so that you can graduate with a globally recognised degree and the right skills to secure a fantastic job in your chosen field.

Once you progress to the University, you will:

- Continue to develop your skills for employment or further study
- Gain experience through Lancaster's award-winning work experience and placements programme
- Meet hundreds of employers and organisations through a varied programme of on-campus events
- Gain confidence through our career planning workshops

What they say

"Each teacher has their own methodology and they are all unique, but I understand all of them and enjoy it.

Moreover, the International Study Centre prepares us very well for entry to the University. We have coursework and reports to do, the kind of work we are expected to do at undergraduate level."

Reem from Oman

Studied International Foundation Year in Business and Management

Did you know

81%

of International Study Centre students who completed their course were offered a place to study at Lancaster University in 2018.

International Foundation Year

The International Foundation Year is a programme of academic subjects, study skills and English language preparation specifically designed to provide international students with a pathway to degree study at Lancaster University.

FOUNDATION YEAR ESSENTIALS

COURSE LENGTH Three terms – October to June or January to August

ENTRY DATES
October and January

AGE ON ENTRY Students must be at least 17 years of age

ENTRY REQUIREMENTS Academic – good high school grades or equivalent including mathematics

English language – IELTS 5.0 (minimum 5.0 in writing)* or equivalent

For tuition fees, term dates and country-specific entry requirements, visit lancaster.ac.uk/isc

*Business and Management Studies, Law and Social Studies requires IELTS 5.0 in all skills areas

Study structure

During your International Foundation Year, you will study a combination of core modules and subjectspecific modules that focus on the academic areas most relevant to your chosen degree.

We offer the choice of six Foundation routes:

- Business and Management Studies
- · Engineering and Computing
- I aw
- Life Sciences
- Mathematics and Statistics
- Social Studies

University-style teaching

You will learn in a university-style environment. This includes participating in group lectures, seminars and tutorials and undertaking independent study.

Seminar groups during the International Foundation Year have around 20 students. This continues when you progress to the University, with around 15 students in seminars during your degree programme. This style of teaching really helps you prepare for degree study and feel confident about progressing to the University.

Regular assessment

To ensure you make steady progress throughout the International Foundation Year and achieve the grades you need, we will give you regular assessments, including:

- Exams
- Coursework assessment
- Presentations
- Extended essays

English language preparation

If you do not meet the required level of English language to start the International Foundation Year, you can take our English Language Preparation course first. This course is designed to help you make good progress in each of the core English skills and achieve the level of language proficiency you need.

At the end of your preparation programme, you will not need to retake the IELTS exam. Providing you have achieved the required module grades, you will be able to progress directly to your International Foundation Year.

Progressing to your degree

Choosing which degree to progress to is a big decision. We will support you during your decision-making process by discussing your options with you. We will also offer guidance for writing your personal statement or preparing for admissions interviews if required.

During your first term at the International Study Centre, you will be asked to nominate three possible progression degrees, based on your Foundation route. You will then receive a conditional offer of a degree place at Lancaster University.

Once you successfully complete your International Foundation Year programme and achieve the required grades, you can enter the first year of your chosen undergraduate degree at Lancaster.

Business and **Management Studies**

The International Foundation Year in Business and Management Studies provides a route to a number of undergraduate degrees at the prestigious Lancaster University Management School (LUMS). LUMS is one of the few business schools in the world to hold guadruple accreditation, and is consistently ranked among the UK's top ten.

What will I study?

You will study a combination of core modules designed to boost your English language and university-level study skills, along with subjectspecific modules.

You will learn how businesses operate, focusing on business set up, leadership, management, marketing and operations. You will study macro and micro economics, how individuals and firms operate in markets, and how the economies of countries work and interact with each other. In accounting, you will learn how to complete and interpret double entry bookkeeping and prepare financial statements.

Throughout your programme, you will develop skills of analysis and evaluation, and you will apply your new knowledge to solve problems relating to real-world situations.

Core modules

- · Academic English Skills
- Project and Research Skills

Subject-specific modules

- · Core Mathematics
- Business studies
- Economics
- Introduction to Financial Accounting

What they say

"This pathway will give me the theoretical foundation to start my own business in the future. It is an interesting programme. because you learn to mix with new people and experience different learning styles."

Engineering and Computing

The International Foundation Year in Engineering and Computing provides a route to undergraduate degree study in the Faculty of Science and Technology at Lancaster University. Degree options include Engineering, Computer Science and Information Technology for Creative Industries.

What will I study?

You will study a combination of core modules designed to boost your English language and university-level study skills, along with subject-specific modules.

You will learn pure mathematics, progressing from an understanding of set theory and geometry through to methods of calculus, numerical methods and applications of calculus. Your knowledge of applied mathematics will be developed from an understanding of the mechanics of point masses and the mathematics of vectors to a study of variable acceleration and objects modelled as rigid bodies.

Your physics studies will examine sound and electromagnetic waves, developing into an investigation of electrical current and charge, looking at storing charge and capacitors, electromagnetic induction and inductors, and alternating currents.

Core modules

- · Academic English Skills
- Project and Research Skills

Subject-specific modules

- Pure mathematics
- Applied mathematics
- Physics

Your undergraduate degree

When you successfully complete your International Foundation Year and achieve the required grades, you will progress to your undergraduate degree, generally within the Faculty of Science and Technology.

The Faculty offers an impressive range of subjects and has an excellent reputation for conducting high-profile research. Our many researchers work on a range of projects with leading global organisations, including Microsoft.

You will have the opportunity to go on exciting field trips and undertake projects within the industry as well as experiencing traditional laboratory-based work.

TOP RANKING

Lancaster is top 10 in the UK for Chemical Engineering and Physics & Astronomy and top 20 for Mechanical Engineering and Electrical & Electronic Engineering.

Life Sciences

The International Foundation Year in Life Sciences provides a route to a number of undergraduate degrees in the Faculty of Health and Medicine and in the Faculty of Science and Technology at Lancaster University. Degree options include Biochemistry, Biological Sciences, Biomedical Science, Ecology and Conservation.

What will I study?

You will study a combination of core modules designed to boost your English language and university-level study skills, along with subject-specific modules.

You will gain an understanding of basic cell structure and function by looking at the flow of information through the cell and the basic principles of metabolism. You will learn about the organisation and integration of physiological processes in animals, placing particular emphasis on mammalian, especially human physiology.

Plant biology, genetics and ecology will also be explored. You will study chemical formulae, equations and moles, learning about equilibria, kinetics, entropy, inorganic and organic chemistry.

You will develop your understanding of mathematical terms and techniques and apply these to solving problems relating to real-life situations.

English for International Foundation Year

English Language Preparation for International Foundation Year

Our English Language Preparation programme helps you to improve your English language skills to the level needed for the International Foundation Year. The English Language Preparation programme is taught at the International Study Centre. Benefits of studying this programme include:

- Two hours per week dedicated to supporting vocabulary development and key terminology in preparation for further study
- Tailored homework to prepare students for the transitional period to their International Foundation Year (relating to both Academic English Skills and subjectspecific modules)
- Monitored progression through personalised tutorials, supporting students adjusting to academic study
- Help building confidence with spoken English due to the inclusion of University and town exploration

International Foundation Year Study Plan

IELTS*	Length	Jul-Sept	Oct-Dec	Jan-Mar	Apr-June	Jul-Sept	Oct
4.5	4 terms						
4.5	4 terms						Ctart value da araa
5.0	3 terms						Start your degree
5.0	3 terms						

■ International Foundation Year ■ English Language Preparation ■ Vacation

*Indicates overall Academic IELTS for UKVI required, there will also be minimum requirements in certain sub skills, visit lancasterisc.com/programmes/entry-requirements for full details.

Progressing from your International Foundation Year to Lancaster University

Research-inspired teaching

Lancaster is internationally recognised for its innovative and cutting-edge research, and the University's reputation attracts the brightest research minds from all over the world.

Our research informs our teaching. This means that we can offer you courses that explore new research findings and current thinking within your subject area.

Supportive teaching

During your studies at Lancaster, your department tutors will support and guide your academic development and encourage you to achieve the highest grades possible.

Flexible study approach

We believe that you will get the most out of your studies when you can take responsibility for your own learning and widen your knowledge beyond a core subject. That's why Lancaster is one of the few universities in the UK that allows you to study additional minor subjects alongside a major subject.

This flexible approach offers you the opportunity to pursue other academic interests alongside your main subject area. Not only will you benefit from a wider education, this style of study also encourages independence and autonomy – something employers look for when they are recruiting graduate candidates.

We divide academic study into two sections:

- Part 1 (Year 1)
- Part 2 (Years 2, 3 and sometimes 4)

In Part 1 you can take up to three subjects.

In Part 2 you specialise in one subject (Single Major) or a combination of two or three subjects (Combined Major).

Studying a selection of academic disciplines in your first year provides the opportunity to switch the focus of your degree as your interests evolve and your career aspirations develop. You will have the chance to follow a structured study programme or, depending on your timetable and course availability, the flexibility of studying a combination of subjects aligned to your interests.

Even if you are following a Single Major degree, you can often take courses from other subjects throughout your time here

Some subjects outside of your main area of study may have specific entry requirements.

Year 0

International Foundation Year

Year 1

Study up to three subjects. Depending on the degree, you may be able to choose minor subjects from different departments.

Year 2-3

Study one subject

Study two or three subjects

Graduate

Single Honours Degree Combined Honours
Degree

Please note: This study plan is for International Foundation Year students progressing to undergraduate degrees at Lancaster University. For information on Pre-Masters students progressing to postgraduate study, please see page 22.

For more information please visit lancaster.ac.uk/isc

Pre-Masters Programme

The Pre-Masters Programme enables international students to progress to postgraduate study at Lancaster University. The programme combines specialist academic skills as well as English language preparation for postgraduate study.

PRE-MASTERS ESSENTIALS

COURSE LENGTH three terms – October to June or January to August two terms* – January to June

ENTRY DATES
October and January

AGE ON ENTRY Students must be at least 20 years of age

ENTRY REQUIREMENTS
Academic – Successful
completion of first graduate
qualifications

English language – 3 term programme: IELTS 5.5 in all four components or equivalent 2 term programme*: IELTS 6.0 in all four components or equivalent*

For tuition fees, term dates and country-specific entry requirements, visit lancaster.ac.uk/isc

If you do not need a Tier 4 visa, or are exempted in another way, we can accept equivalent proof of English

Study structure

During your Pre-Masters Programme, you will study a selection of core modules designed to prepare you for the level of academic, language and study ability necessary for a Masters degree at Lancaster University. You will also benefit from subject-specific modules to develop your understanding of your chosen subject area.

We offer a choice of two pathways:

- Business, Law and Social Sciences
- Engineering, Computing, Mathematics and Science

A choice of departments

Our two pathways allow you to progress to a variety Masters degrees offered at Lancaster University. You can choose from degrees such as:

- Biomedical and Life Sciences
- Computing and Communications
- Economics
- Engineering
- Entrepreneurship, Strategy and Innovation
- Environmental Science
- Law
- · Leadership and Management
- Management Science
- Mathematics and Statistics
- Politics, Philosophy and Religion
- Psychology
- Sociology

Regular assessment

Throughout your programme, we will give you regular assessments in each of your modules. Assessments will help you track your progress and ensure that you are prepared for postgraduate study at the University. Our assessments include:

- Coursework
- Exams
- Presentations
- Research proposals
- Portfolios
- Reflective logs

Progressing to your degree

By studying this programme, you can progress to a Masters degree at Lancaster University. We will support you throughout this process, offering specialist advice when discussing your study options. We also provide guidance during the application process.

Once you successfully complete your Pre-Masters Programme and achieve the required grades, you can begin your chosen postgraduate degree at Lancaster.

New fast track...

New fast track 2-term and additional English preparation options now available.*

From January 2020 students will be able to join the fast-track 2-term programme if they have the required English language and academic requirements.

The International Study Centre will also run a one term English for Pre-Masters programme for students who wish to join the 3-term Pre-Masters Programme, and have an IELTS score of 5.0 (5.0 in all skills)

Available for both pathways, students now have a choice of entry points and requirements to suit their needs.

Business, Law and Social Sciences

The Pre-Masters Programme in Business, Law and Social Sciences is a pathway to a number of Masters degrees at Lancaster University, including the opportunity to study at the world-leading Lancaster University Management School (LUMS).

What will I study?

You will study a mix of core modules, as well as modules specific to your chosen progression degree. Through these modules, you will improve your English language capabilities to the level needed to study a Masters in the UK. You will also develop your study skills, including how to prepare a research proposal, write academically, and present your findings in both written and verbal assessments.

Throughout the programme, you will explore contemporary themes of the modern world and discuss their significance. Your modules will address key issues such as education, leadership and health epidemics. You will gain a working knowledge of

functions, vectors, calculus, statistics and other mathematical concepts, as well as how to apply them to your subject area.

You will also have the opportunity to complete a Critical Appraisal Project, undertaking independent research and developing your ability to write long pieces of academic work.

Core modules

- Academic English Skills 1, 2 & 3
- Academic and Personal Development Planning
- · Applied Academic Writing Skills
- Research Evaluation and Critical Appraisal Project

Subject-specific modules

- Advanced Research Methods for Business, Law and Social Sciences
- Global Perspectives
- Quantitative Methods and Skills for Business, Law and Social Science

Your Masters degree

Once you successfully complete your Pre-Masters Programme and achieve the required grades, you can progress to your chosen Masters degree from the (LUMS) or the Faculty of Arts and Social Sciences.

Please note that these stats relate to undergraduate degrees.

Which degrees can I progress to?

The Pre-Masters Programme in Business, Law and Social Sciences leads to a variety of postgraduate degrees at Lancaster University, including:

Conflict Resolution and Peace Studies MA

Conflict, Development and Security MA

Criminal Justice and Social Research Methods MSc

Criminology and Criminal Justice MA

Criminology and Criminal Justice LLM

What they say

"Studying in the International Study Centre helps me to increase my results which I am now really proud of. I received a lot of help from the tutors, and the Study Centre provides many programmes and materials for study so I can get better marks in my exams. We have access to special rooms where we can meet with our work group and discuss our courses, and programmes.

Moreover, the teachers here are really nice and helpful as we can understand clearly what they are talking about."

Ka (Karen) from Hong Kong

Studied International Foundation Year in Business and Management

Progressed to BSc (Hons) Marketing

Engineering, Computing, Mathematics and Science

The Pre-Masters Programme in Engineering, Computing, Mathematics and Science is a route to postgraduate study at Lancaster University, leading to degrees in science and technology.

What will I study?

You will study core modules designed specifically to prepare international students for postgraduate study in the UK. You will improve your university-level English language and study skills, as well as developing your knowledge of your chosen subject.

The course covers programming, and how it can be used by statisticians, data analysts and engineers. You will be introduced to a programming language and have opportunities to develop your coding skills in relation to your subject. You will also develop your understanding of theoretical concepts related to your subject area, such as probability, statistics, linear algebra and vector calculus.

You will also complete a Critical Appraisal Project based on your subject, where you will develop your independent research ability to create longer pieces of academic work.

Core modules

- Academic English Skills 1, 2 & 3
- Academic and Personal Development Planning
- Applied Academic Writing Skills
- Research Evaluation and Critical Appraisal Project

Subject-specific modules

- Advanced Research Methods for Engineering, Computing, Mathematics and Science
- Coding Skills for Engineering, Computing, Mathematics and Science
- Quantitative Methods and Skills for Engineering, Computing, Mathematics and Science

Your Masters degree

After successfully completing your Pre-Masters Programme and achieving the required grades, you will progress to your Masters degree of choice. By studying this pathway, you can progress onto postgraduate degrees from the Faculty of Science and Technology and the Faculty of Health and Medicine.

Please note that these stats relate to undergraduate degrees.

Which degrees can I progress to?

The Pre-Masters Programme in Engineering, Computing, Mathematics and Science leads to a wide range of postgraduate study options, including:

Biomedicine MSc
Communication Systems (by research) MSc
Computer Science MSc
Computer Science (by research) MSc
Conservation and Biodiversity MSc
Cyber Security MSc
Data Science MSc
Developmental Disorders MSc
Developmental Psychology MSc
Ecology (by research) MSc
Electronic Engineering MSc
Engineering (by research) MSc
Engineering Project Management MSc
Environment and Development MSc
Environment and Development MA
Environment and Law LLM

Environr	nental Management MSc
Environr	nental Science (by research) MSc
Human l	Rights and the Environment LLM
Mechani	cal Engineering MSc
Mechani	cal Engineering with Project Management MSc
Plant Sc	iences (by research) MSc
Psycholo	ogical Research Methods MSc
Psycholo	ogy of Advertising MSc
Quantita	tive Finance MSc
Statistics	s MSc
Sustaina	ble Water Management MSc
Volcanol	ogy and Geological Hazards MSc

What they say

"The learning environment is very different here. The classes are very small and the teacher adjusts to the students' needs rather than just teaching the course itself. I find the teachers here are very genuine and caring in terms of how they approach each student. This helped boost my confidence when it comes to learning and the environment, it made me feel much happier studying here than in Canada."

Janis from Canada

Studied International Foundation Year in Life Sciences Progressed to Biomedical Science

English for Pre-Masters Programme

English Language Preparation for Pre-Masters Programme

English for Pre-Masters helps you to improve your English language skills to the level needed for our three-term Pre-Masters Programme. The one-term programme is taught at the International Study Centre, allowing you to gain the skills necessary to succeed on your choice of Pre-Masters Programme.

You can take one term of English language preparation if you have IELTS 5.0 (5.0 in all bands) or equivalent. Courses start in October for entry into the 3 term January intake Pre-Masters Programme or in July for Entry onto the three term October Intake.

Pre-Masters Programme Study Plan

Postgraduate Study at Lancaster University

The Graduate College

The Graduate College is one of nine colleges on campus and the only one focused exclusively on postgraduates.

It comprises more than 2,000 students and provides a range of services to support you during your time at Lancaster.

These include affordable accommodation, social and study facilities such as a study hub, social space and computer lab, and a dedicated award winning bar The Herdwick.

The Postgraduate Board represents the interests of the University's postgraduate students and is elected annually from college members.

The Graduate College's friendly, international community celebrates and encourages diversity and provides members with an ideal opportunity to make lasting friendships.

It also provides an unrivalled environment for members to develop academically, while extra-curricular activities ensure that each postgraduate student's experience is rewarding.

Your postgraduate study areas

Postgraduate students at Lancaster have access to a number of dedicated study areas both on campus and in the city centre. All postgraduates can access them with their University card.

On campus

The Library has a dedicated postgraduate study area, which includes a silent study space with print, scan and copy facilities close by. The Graduate College has a study and social hub located on Alexandra Park.

The hub includes a quiet study space, group workspace, social space and games room and print, scan and copy facilities.

City centre study space

Postgraduates have access to a dedicated Study Hub located at the Storey Institute in the centre of Lancaster. This conveniently located town centre facility is available to all Lancaster University postgraduate students and has two rooms - a quiet study area and a group space with a large monitor. It has capacity for up to 46 people, access to the University's eduroam Wi-Fi and is open sixdays a week.

Your postgraduate career

Lancaster University is proud of its reputation for creating highly qualified, employable postgraduates. Alongside your academic study, our careers support will help you navigate and succeed in an ever more complex and competitive job market.

We work with a wide range of employers, all of whom recognise and value the calibre of our postgraduates. Our comprehensive events programme, provides you the opportunity to engage with employers and our graduates.

This includes recruitment events, employer presentations, mentoring opportunities and networking events.

We offer a wide range of services to help you identify and progress to your chosen career and will tailor our support to suit your needs.

If it is a question of decision-making in respect of career choice, gaining the experience that some employers may require or developing your application and interview skills in order to secure a job offer, our staff can help you to progress your career in whatever direction you wish to take it, be that academic or non-academic careers.

It's all on campus

Everything you need is right here on campus, including academic departments, the library, banks, shops and the sports centre, making student life easy and convenient.

There is a wide choice of places to eat and drink across the campus. including many cafés and restaurants. The campus also has plenty of culture and entertainment on offer, including its own theatre and art gallery, as well as nine college bars.

We also offer a multi-faith Chaplaincy Centre with facilities for many different religions, an NHS doctor's surgery, pharmacy and a private dentist.

You can look around our campus without leaving your chair. Watch our virtual tour on YouTube:

youtube.com/lancasteruniversity

University library

Our Library building has recently undergone a full refurbishment, which has delivered a unique study space with more than 1,300 technologyenabled workspaces, including training rooms and group study rooms.

The library has a huge range of resources that you can use for research and independent study. You will have access to more than 30,00 e-journals, 300,000 e-books and 800,000 print books.

Sports Centre

The £20 million Sports Centre is open to everyone, whatever your fitness level.

We offer traditional sports, personal fitness, relaxation activities and world-class facilities, including:

- 25-metre 8-lane swimming pool
- · 8.5-metre high climbing wall
- Health suite with sauna and steam rooms
- · Gym with cardiovascular equipment, free and machine weights, personal training and stretch areas
- Sports hall with 8 different courts
- Dance studio offering martial arts and dance classes, spinning, tai chi, pilates and body conditioning
- 11-hole golf course, situated in the beautiful grounds of Forrest Hills.

THE UNIVERSITY

Cinema

Lancaster is one of the few universities with its own 3D cinema on campus. Run by students, we show the latest Hollywood movies, classics and international films.

What they say

"When I need to go grocery shopping or to see a movie or to go out with friends for dinner, I can find everything that I need here on campus."

Elba from Angola

Studied International Foundation Year in Life Sciences

Arts and culture

If you enjoy arts and culture, Lancaster Arts brings UK and international artists to Lancaster every year for theatre, dance, exhibitions and concerts.

Three Lancaster Arts venues are right here on campus: the Great Hall, the Peter Scott Gallery and the Nuffield Theatre.

Clubs and societies

Joining one of our Students' Union societies is a great way to meet new people, pursue your interests or try something new. With more than 250 different groups ranging from ballroom dancing to hiking and photography, there's something for everyone.

College life

Our nine undergraduate and postgraduate colleges are the heart and soul of Lancaster University. Your college will be based on campus and offer you a ready-made circle of friends, welfare support, accommodation and leisure facilities.

Our college communities enjoy a close and friendly environment. Each college is home to around 1,000 undergraduates from all over the world, including the UK. You will meet people studying other subjects and there are many opportunities to get to know members from other colleges too.

The colleges run a wide range of fun and social events such as Christmas balls and summer parties. If you enjoy sports, you can also represent your college in various games, matches and events.

Support at the University

Lancaster University has a wide range of support services, and our close community atmosphere encourages strong relationships between staff, tutors and students.

Support at the International Study Centre

While you are studying at the International Study Centre, a team of dedicated staff, from the Head of Centre to the Student Welfare Officer, is on hand to guide and support you. Everyone here is friendly and helpful. We can offer you help and advice, or direct you to the relevant University support service.

The Base

The Base is the University's one-stop enquiry centre, which is located in the reception of University House. If you need advice on any student matter, come to the Base. Our friendly enquiry desk staff will help you, or arrange an appointment with a specialist adviser.

Student' Union Advice Service

The Students' Union offers an independent advice and support service for all students. If you need help with academic issues, accommodation problems or anything else the union's advisors are on your side and ready to help.

More information at lancastersu.co.uk/advice

Chaplaincy Centre

The Chaplaincy Centre is an independent body within the University containing a Catholic chapel and an Anglican and Free Church chapel. The Jewish community has its own rooms, including a kosher kitchen and a synagogue room.

The Centre is also used for worship by the Society of Friends and for meditation by Buddhist and other groups. A large Prayer Room, with all facilities, is also available for the Muslim community on the campus.

Your home away from home

In 2017 we were awarded 'Best University Halls' in the National student Housing Survey, an award we have won for seven out of the last eight years.

We are one of only four landlords nationwide to achieve the International Student Accommodation Quality Mark, awarded where satisfaction among overseas students is 90% or higher.

On-campus accommodation

We have more than 6,000 individual rooms on campus and the majority have been recently refurbished or newly built. This means we can offer you a range of high-quality, safe and comfortable accommodation that you will soon call home.

Split between the colleges, our rooms come in different types and grades - from standard rooms with shared facilities, to rooms in townhouses, en suite rooms and even self-contained studios that come complete with their own kitchens.

Student accommodation at Lancaster is divided into different bands to suit a range of budgets. For more information on available rooms and rates visit lancaster.ac.uk/isc

Off-campus accommodation

The Students' Union housing provider, Living is our one-stop shop for Lancaster students who want to live off campus. Providing access to a huge choice of accredited private properties across the city, we can help you to find a house.

What they say

"I live in a town house with a lot of English people, and I love everybody. Here everybody is like, 'You are my family' on the first day of meeting."

Alina from Russia

Studied International Foundation Year in Business and Management

What they say

"People here are really nice, especially at the International Study Centre. When you travel overseas you might get homesick, but with like-minded people on the course you're really not lonely."

Cynthia from Hong Kong

Studied International Foundation Year in Social Studies

City, coast and countryside

Students tell us they love living in Lancaster because it offers the perfect combination of lively city living and easy access to the beautiful English countryside and coastline.

The perfect location

Lancaster is situated between two of England's most famous visitor destinations – the Lake District to the north and Blackpool, the UK's biggest holiday town, to the south.

To the west lies the beautiful Lune Estuary and Morecambe Bay, and to the east you will find the dramatic moorland of the Forest of Bowland.

City

The historic and attractive city of Lancaster is only a short bus ride away from campus. There's so much to do here, while still being small and safe enough to explore on foot.

The city's commercial and cultural centre offers cafés, cinemas, restaurants, pubs, small boutiques, well-known high street shops and a local market. If you enjoy the arts, there's a great music scene, theatre and an annual literature festival.

If you want a night out with your friends, there are plenty of pubs and bars where you can relax and have fun. The Lancaster Students' Union owns and runs The Sugarhouse nightclub in the city centre, which is exclusively for students.

Away from the commercial centre, you can discover the city's fascinating history. Lancaster's ancient castle dates back to the 12th century and there are several local museums to visit

Coast

Lancaster is only a few miles away from the coast and there are many places to enjoy the sand and seaside. Morecambe Bay is a wonderful stretch of coastline and home to a variety of birds and wildlife as well as many charming British seaside towns.

Blackpool, famous for its bright lights (known as 'illuminations'), sandy beach and fun rollercoaster rides, is also within easy reach.

Countryside

The nearby Lake District has recently been awarded UNESCO World Heritage Site status, it's stunning scenery in the country is only 40 minutes away from campus.

You can also catch a ride on a barge on the Lancaster Canal and discover the countryside by water.

Closer to campus, there are many other places to explore with excellent walks, cycle rides, fishing, bird watching and horse riding.

Exploring the UK

The cosmopolitan cities of Manchester and Liverpool are around an hour away by train, while the sights of central London are less than two and a half hours away by train.

For air travel, Manchester International Airport is just one hour away. You can find other regional airports close by, including Leeds and Liverpool.

Disclaimer

This prospectus is issued for the general guidance of students considering entry to Lancaster University International Study Centre from 2019. The information is correct at the time of going to press and the programmes and services described herein are those which Study Group is planning to offer. We make every effort to ensure that the content of our prospectus, website and other materials is accurate. However, on occasion it may be necessary to alter certain aspects of a module or programme, for example if changes are required to meet external requirements; or if programmes are over-subscribed and the quality of teaching would be adversely affected as a result.

In such circumstances we may have to alter the timetable, change the teaching location of the programme or, in extreme cases, cancel or substantially amend the content of the programme. Should any of these changes become necessary, we will give you as much notice as possible before they come into effect and ensure that any disruption to your studies is minimised.

If your programme is cancelled, we will work in consultation with you to offer a suitable alternative, subject to meeting the admission requirements for that programme or the opportunity to obtain a refund of any advance payments you have made for the programme. The alternative programme may not be at the same International Study Centre as the original offer.

Study Group reserves the right, where applicable, to amend the regulations governing programmes at Lancaster University International Study Centre. We therefore strongly recommend that immediately prior to making any application to - or accepting any offer from - us, you refer to the most up-to-date version of the programme descriptions and specifications and the regulations on Lancaster University International Study Centre website.

Neither the University nor Study Group shall be liable for any errors or omissions that may be contained in this prospectus.
